Re-Eldridge McGeahey,

Eldridge McGeahey was returned to his home from the Shingwauk home, owing to a bad habit which he practiced on himself as well as other boys,

Since his return home he has been attending NO. 2 school. The teacher Mrs. Ethel George would rather this boy did not come to school. Eldridge is now 15 years old. Eldridge is the forth fern. Mrs. George had thought that if he done well he might try his entrance June next. He does not seem to be trying very hard. Mrs. George feel that the school would be better with out his attendance,

Would the department think it advisable to compel his attendance at school, or allow him to discontinue,

Dear Mr. Highfield:

In calling on the schools on the Island
I find that none of the children attending
No. 2. school go to Sunday School, as there
is no S. S. at the United Church.

I was wondering if I could get permission
to teach S. S. lesson to these children
from 3.30 to 4.30 on Sunday afternoons &
when the days lengthen out in the Spring
take all the lesson after 4 o'clock.

It seems to me to be a pity that
these children should be neglected & I am
willing to give instruction on Biblical lines

Sir:

I beg to acknowledge receipt of your letter of the 21st instant, enclosing letter received from Rev. Wm. Hall requesting permission to give instruction on biblical lines at the Walpole Island No. 2 School.

At the present time the Department is not prepared to approve religious teaching at this school before the regular closing hour. It is noted from your letter that approximately 75% of the parents of the children attending this school are members of the United Church, and it is just possible that the United Church missionary might object to Mr. Hall conducting religious services on the Reserve.

I believe that the best course to take would be for you to arrange to have Rev. Mr. Hall and the United Church missionary meet and discuss the situation, and allow them to decide on whatever action will be mutually satisfactory. In the event of it being decided to give certain religious instruction to the children of the Walpole Island No. 2 School, it should be understood that this will only be given after the regular hour of closing, viz., 4 P.M.

Sir.

I beg to enclose letter from Rev. Wm. Hall Rector of the anglican church of Walpole Island. This letter is self explanatory.

For your information I might say that I estimate that 75 per cent of the people in the NO. 2 school section are united church adherents. There is no residence minister for the united Church living on the Reserve just now. The minister from the Sarnia Reserve preaches here once each Sunday. It appears that they do not have any Sunday school just now. In the past they did have.

I suggested ~~that~~ to Rev. Hall that he try and have his Sunday school Sunday afternoon and not interfere with the day school. But he was afraid that the united church people might feel that he was trying to interfere with their work. It is Mr. Hall's intention to have these lessons in the school room.

Sir:

I have your letter of the 27th ultimo, informing the Department that, owing to the death of her father, Mrs. George closed the No. 2 School, Walpole Island, for a period of four days; also that Mrs. James Daley, teacher of the junior room at the No. 1 School, would not be able to teach for a period of over a week owing to illness.

When it is necessary for a teacher to be absent for a few days on account of illness or for family reasons, school will have to remain closed. Should it be necessary for a teacher to be absent for any lengthy period, the matter should immediately be reported to the Department, stating the probable length of such absence. When, if considered necessary, authority will be given to obtaining the services of a substitute. When a teacher is absent for a period of over five days on account of illness, a doctor's certificate should be forwarded, in order that salary can be paid.

As Mrs. Daley will, no doubt, be able to resume duties at an early date, it will not be necessary to obtain a substitute. If Mr. Daley cannot arrange to take a number of the junior pupils into his room, the junior room will have to remain closed until Mrs. Daley is able to resume duties.

Re-Schools.

For your information I would beg to say that owing to the death of Mrs. Ethel George father there was no school at No. 2 school from Tuesday Feb. 21 to Monday Feb. 27 being closed 4 days the 21, 22, 23, 24,.

1 Mrs. James Daly teacher in the Junior room at No. 2 school, owing to illness was not able to teach Thursday or Friday the 23 and 24. This morning the Dr. Rowland said it would be necessary for Mrs. Daly to remain in bed another two days and that she should not teach again this week. What are the regulations on the reserves in respect to pay allowed teacher under pay for time lost for illness. There are qualified teachers available here now. I suggested to Mr. Daley that he secure one of these teachers to take charge of Mrs. Daley's room for a week. Mr. Daley did not care to do so and become responsible for their pay, and I felt that the Department would not care to pay two teachers for the same room.

What would be the Department's wish if Mrs. Daley's sickness should be extended for a longer time or in the future if a similar case should arise.

Section 103 sub-section (4) of the provincial school act said in part:— Every teacher shall be entitled to his salary notwithstanding his absence from duty on account of sickness for a period not exceeding four weeks in any one year of his employment if the sickness is certified to by a Physician.

Sir:

I have your letter of the 17th instant, enclosing a communication which you received from Mrs. George, teacher of the Walpole Island No. 2 Indian Day School, regarding a pupil, George Isaac, son of Mr. and Mrs. Allan Isaac. The Department has noted the trouble this boy has occasioned and the difficulty the teacher has had with him and his father.

It is considered that action should be taken to prevent Allan Isaac interfering with the classroom work and discipline of the school. You may, therefore, in conjunction with the R.C.M.P., lay a charge against Allan Isaac, provided that, after due warning, he does not cease his interference with the work of the school and annoying the teacher. He should be made to understand that his son is to be amenable to the discipline of the school and is to conduct himself properly in the classroom. It is necessary that Mrs. George be protected in her duties as teacher and that all pupils comply with the discipline of the classroom.

The Department does not consider it advisable to have the boy placed in a reform school. We regret that at the present time there is no vacancy in any of our residential schools in which he could be placed.

Sir:-

I beg to enclose a letter written to me from Ethel E. George, teacher at No. 2 School, re pupil George Isaac, son of Mr. and Mrs. Allan Isaac. We have had considerable trouble with this boy and his parents for the last one and a half years. The teacher expelled this boy about a year ago. At that time I tried to smooth out the differences between Mrs. George and the Isaac family and had the boy go back to school. From an outsiders view things seem to run smoothly but there has been more or less heckling. Mr. and Mrs. Isaac never lose an opportunity to make things unpleasant for the teacher or strife in the school.

I hate to see this boy miss school. At the Promotion Examinations at the end of the June term last year he passed with an average of 62.5% and his marks for reading were 0 as he refused to read at examination but he is certainly a thorn to the teacher and no doubt a disturbing element and a bad example to the other pupils. He is upheld by his parents especially by his mother and for the good of the school I have on several occasions instructed Mr. Isaac to stay away from the school and not annoy the teacher. At one time he was put of school property by Constable W. H. Fisher after quarreling with the teacher. He has stayed away for several months but after the teacher's trouble with the boy last week he went back and made very unkind remarks to the teacher. Mrs. George is living at the school alone and I feel that necessary action must be taken to prevent people with a quarrelsome spirit going there and annoying her and Mr. Isaac apparently will not listen to reason. We have considered quite seriously of laying a charge against Mr. Isaac and having him up in court. I have talked this over with the Truant Officer and also Mr. Corless the R.C. M.P. and decided to wait until we hear from the Department.

I would like very much to see this boy placed in a residential or reform school. I do not know just what steps are necessary to get a child placed in a reform school but I am of the opinion that it would be necessary to have them before

Sir:

The Department has received a further communication from Allan Isaac, relative to the complaints made by him regarding the teacher of the Walpole Island No. 2 Indian Day School. He states that she continues to show discrimination against his children, and that she has reported them as being absent from school when they were in attendance. He also states that the teacher sends his children home at three o'clock, while she keeps the other children in school until the regular closing period.

I have to request that you will arrange at your earliest convenience to interview both Allan Isaac and the teacher with a view to straightening out any difficulty there may be between them. This man should understand that it is expected his children will attend school regularly and comply in all respects with the regular discipline. You should also inform the teacher that it is expected she will see that no discrimination is exercised by her against any of the pupils who attend. The Department desires that the frequent complaints of Allan Isaac will cease, and you should use every endeavour to smooth out any difficulties there may be between the teacher and himself.

Please inform the Department of the result of any action taken by you in the matter; also inform Allan Isaac that his communication has been received by the Department and that you have been instructed to deal with the matter of the complaints made by him.

Dear Sir.

Referring to your letter of Oct 20th
No. 40-2-1. I beg to say that the Indian
Agent did not enquire into all complaints as
I asked some of the Complainants, who informed
me that he has not enquired of them.

He told the teacher of the Complaints and
while she tried to make improvements still
showed discrimination against my children
and is still doing so.

She also makes some nasty remarks
about us before the children, who invariably
tell us about said remarks.

Walter Wright showed me a report
of the attendance of the children showing that
my boy - R. George Isaac attended only
3 days during the month of November and
Henry only six days. Now as we live
only across the road, (about one hundred yards)
I see all that is going on, and also I have
sent the children to school every day. So there
is some mistake or meanness, showing
my children do not attend school.

till 4 o'clock.

If there is no improvement in the treatment
of my children I am inclined to keep them at

As I am not the only parent whose
children are discriminated against and
thereby causing dissatisfaction among us who
are parents of the said children, there is
a necessity of a change of teachers.

and Ont. Oct. 24th 1930.

Sir,

I beg to acknowledge receipt of your letter of the 20th instant reference to Allan Isaac petition regarding the teacher at NO. 2 school.

In reply I beg to say that I interviewed many of the residents both children and parents in the NO. 2 school section and do not find much evidence to bear out the complaints mentioned in the petition. In reference to clause No. 1, one in the petition, re-fighting the other children and a number of the parents claim there was no quarrelling or fighting on the school grounds, but that Allan Isaac's and Hymen Smith's boys would follow the others down the road after school hours, and fight the other children, sometimes whipping the smaller boys. In reference to clause No. 2, I might say that Mrs. George does not have the children line up outside and march in single file and when the bell rings the children run in, but from inquiries from a number of the pupils, I did not learn of any being injured or even hurt.

In reference to the third clause, there is a young man Ira Sampson that spends some evenings at the school. Mrs. George says he has been doing this for six years. I call at the school quite regularly and I have never yet seen Ira at the school in the day time. I could not find anyone, not even those who signed the petition, who would insinuate or even suggest that Ira stayed all night at the school, with one exception, Hymen Smith stated that he had heard that he had left there in the morning, but admitted that he did not know anything about it himself. I made special inquiries in reference to the above, from those families who are living near the school, and in particular, Henderson Shipman, whose house is about twenty feet from the school grounds, with windows facing the entrance to the school residence. Mr.

Shipman (whom I consider quite a reliable Indian) states that when Mr. Sampson first began spending evenings at the school and at various times since, he has made it a point to pay particular attention owing to various rumours that would persist in coming up, that he has never known Mr. Sampson to stay at the school residence later than eleven P. M., very often he leaves earlier than this. A number of others who visit the school state that Mr. Sampson is there he invariably leaves before they do.

Mrs. George has a car but is rather a nervous driver herself, while she does a little driving around the Reserve, she does not attempt to drive on the highways. When she goes to town or anywhere on the main road she always gets someone to drive her car, sometimes Mr. Sampson, sometimes some other neighbor.

During the summer holidays, some of the flowers, small trees and fence in front of the residence of No. 2 School were broken down or destroyed. During the holidays of previous years there has always been trouble with someone entering the school room at No. 2 School. Before the close of school in June last, I had two large hooks put on the inside of the schoolroom doors. About a week before the opening of school for the fall term I unfastened these doors so the Janitor could do the necessary cleaning. Sometime after the Janitor had done his cleaning someone entered the school, and used the closet where the books are stored as a toilet. Mrs. George on her return being quite provoked at the destruction and damage notified Mr. Corliss, R. D. M. P. The evidence he secured pointed quite strongly to Allan Isaac's boys as being the guilty parties. No action was taken, but Mr. Corliss gave the boys and their parents warning, and the result is an undercurrent of ill will. Mrs. George says that when she attempts to punish Mr. Isaac's children, they run home which is just across the road, then the parents either mother or father will come to the school and use more or less abusive language to the teacher.

We, the undersigned do herein make the following
Complaints against Mrs. Ethel George, the

1st The children are always fighting, and
although reported, the teacher does not punish them

2nd When the bell rings in calling the
children to school, there is no system
consequently there is often a jam at the
doors causing sometimes injuries to the
children.

3rd Although being a married woman, having
a husband living, there is a man at her

No. 2 school is in charge of Mrs. Edith E. George who has only a commercial certificate but has twenty-five years' teaching experience. There are thirty-eight pupils on the roll. Attendance is reported as very good and progress fair. Besides the regular curriculum the pupils are taught knitting, sewing, mending, dressmaking and manual training. The classroom was clean and well ventilated. The teacher's residence attached was very tidy and well kept and reflects great credit upon Mrs. George.

Sir:

In further reference to the complaint which was made by yourself and Andrew Isaac regarding the conduct of Mrs. Ethel George, teacher of the No. 2 School on the Walpole Island Reserve, I now beg to inform you that, after enquiry, it was found that there is no foundation for the complaint made by you and Andrew Isaac. The parties whom you report as visiting the teacher at night are her relatives. The neighbors who have been interviewed in the matter state that there is nothing wrong in these visits.

I need not point out to you the seriousness of making unfounded reports, or the situation in which you place yourselves if action were to be taken by the teacher or others in having you prove the charges. The Department does not desire to have any further unfounded charges, and is taking no action to have a change made in the teacher at this school for the next school year.

Sir:

A complaint has reached the Department regarding the teacher of the No. 2 school on the Walpole Island Reserve. The following is an extract from the letter received:

"Teacher has had men often playing cards late in the night at her apartments in the school building. Men had been seen to go to see her during the day occasionally. Teacher keeping some one not her relatives of men folks till 3 or 4 o'clock in the morning is certainly showing a bad example. She has a husband living.

May we beg to ask that the teacher be dispensed with. Get some one who will take hold and set an example to others for the sake of our school. New teacher to come in by September 1st."

Please enquire into the matters complained of and inform the Department whether you would recommend that a change be made in the teacher at this school for the next school year. Your early reply is desired.

Dear Sir,

A petition was signed by parents of the school children, against Mr. Watts former teacher of No. 2. Port. School and recommended by the joint Council of both Bands (regular monthly meeting) dated Aug. 6th 1923. Mr. Watts was later transferred to Kettle Point where Mrs. George Langhe-School, her husband belongs in that Reservation. It seems that Mr. Roy Abraham, Chatham, representative of the Department and the Indian Agent Mr. Hrs. Paul Sarnie, made the change of teachers and nothing said of the petition. Kindly let me know if the petition had reached the Department or not.

Yours Respectfully

Sir:

I have to inform you that Mrs. Harriette Macpherson, formerly Senior Teacher at the Walpole Island No. 1 Indian Day School, wishes to secure a position in one of the Indian schools at Walpole Island for the coming academic year. As you are aware, there will be one vacancy in the Walpole Island schools, as Mrs. Wells is giving up duty at the end of June.

The Department wishes to give Mrs. Macpherson's application favourable consideration. She is willing to take either room in No. 1 School or the No. 2 School. If she takes the junior room at Walpole Island No. 1, she will be content to have one of the up stairs rooms only as her share of the residence, as she would arrange to rent a cottage in the vicinity.

The Department will agree to any arrangement which is considered in the best interests of the Indian children of the Island. If Mrs. George wishes to transfer to the junior room at Walpole Island No. 1 at the same salary she is now receiving, this action can be taken. If Mrs. Savage wishes to transfer to the No. 2 School because of the better residence facilities, such action would be approved.

Please give this question your careful and earliest consideration and discuss the matter with Mr. Indian Agent Paul as well as with both Mrs. Savage and Mrs. George. A copy of this letter is being directed to Mr. Indian Agent Paul, so that he will be prepared to make an intelligent recommendation when you get in touch with him.

MEMO FOR FILE:

Mrs. H. Macpherson, who was formerly at the No. 1 School, wishes to return to Walpole Island for the coming academic year. She is willing to take either room in the No. 1 School or the No. 2 School. She is willing to accept \$700 in the event that she takes the junior room and has no general responsibilities and will be content, in this event, to have one of the upstairs rooms only as her share of the residence.

It is understood that, if she takes the responsibility for No. 1 School or the No. 2 School, a salary of \$800 would be offered.

Sir:

I beg to inform you that it has been decided to approve of the exchange of teachers at the Walpole Island No. 2 and Kettle Point Indian Day Schools. This exchange is to date from the 1st of January, next. Mr. Harold D. Watts, the present teacher at the No. 2 school, is to take charge of the Kettle Point School, and Mrs. A. George, the present teacher at Kettle Point, is to take charge of the No. 2 school at Walpole Island. The salary allowed both these teachers will be at the same rate as they are at present receiving, viz: \$650 per annum to Mrs. George, and \$600 per annum to Mr. Watts. The salary, in both cases, will be supplemented by the bonus provided by law.

I shall be pleased if you will inform both the above named teachers accordingly, and arrange for them to exchange duties on the above mentioned date.

Dear Sir:

In reference to the question of changing teachers at Walpole Island No. 2 school, I beg to say that Mrs George at the Kettle Point school is very anxious to get a school someplace not so far from Sarnia, and would like very much to go to the No 2 school Walpole Island. Mr. Watts the present teacher at No 2 Walpole Island would be agreeable to make the change. I beg to recommend that Mrs George be employed at No 2 school Walpole Island and that Mr. Watts be removed to Kettle Point at the same wages he is receiving now.

A copy of this petition also was received direct from the Band. I have also noted the minute of the Walpole Island Council, dated the 6th instant.

I have to inform you that the Department is desirous of securing a better qualified incumbent for the position of teacher at this school than the present teacher. You will please inform Mr. Watts that his services will not be required after the end of the calendar year. By this time the new building will be ready for occupation and the Department, in conjunction with your office, will arrange for a qualified teacher. Sir:

I have to inform you that the Department is making a special effort, at this time, to arrange for properly qualified teachers in Indian day schools. In view of your years of experience, however, we are favourably disposed to continue your services at the Walpole Island No. 2 School. You must bend every energy towards securing a good attendance, the interest of the pupils and a satisfactory progress.

It has been brought to the Department's attention that considerable time of the school day is devoted to Art. While such instruction has a place on the curriculum, I wish to draw your attention to the advisability of permitting no neglect of the more utilitarian subjects.

Mr. Watt
Memorandum

Mr. Scott,-

Mr. Abraham, while in the Department last week, recommended that the salary of Harold D. Watts teacher of the No. 2 School, Walpole Island Reserve, be increased by \$50.00 per annum, which would give him the same rate of salary as is paid the teacher of the No. 1 School. He is at present receiving a salary of \$600.00 and the bonus, while the teacher of the No. 1 School receives \$650.00 salary and bonus. There is an enrolment of 49 pupils at the No. 2 School and 53 at the No. 1 School.

Mr. Watts was trained in England and had thirteen years teaching experience there, and has had five years experience in Canada. The Public School Inspector states that "the success he met with is reasonably good. The pupils can all speak English. They are making fairly good progress. I believe the work that is being done in agriculture has considerable value. Hygiene and physical culture are receiving proper attention".

Mrs. McDonald, teacher of the NO. 1 School, has only a Third Class certificate but has had twenty-one years experience.

I would ~~recommend~~ recommend that Mr. Watts' salary be increased by \$50.00, which would allow him the same salary as is paid Mrs. McDonald ~~which~~ and would place them on an equal footing for the same amount of work.

Ottawa, October 24, 1919.

Sir,-

Mr. Inspector Conn, in a report to the Department on his recent inspection of the No. 2 School on the Walpole Island Reserve, states that there are two defects in the management of the school, namely,- antiquated teaching methods and a certain looseness in discipline. He states that the conduct of the pupils both in school and out of school led him to believe that they were getting out of control.

You will be good enough to draw this matter to the attention of the teacher and inform him, with regard to the conduct of the pupils, that it is expected that he will exercise proper discipline over them, and that his methods of teaching should be improved.

REPORT OF INSPECTOR CONN ON WALPOLE ISLAND NO.2 SCHOOL.

There are two defects in the management of the school, antiquated teaching methods and a certain looseness in discipline. The zeal and earnestness makes up for the former, but I am somewhat concerned in regard to the latter. The conduct of the pupils both in school and out of school leads me to believe that they are getting somewhat out of hand.

Madam,-

I have to acknowledge the receipt of your letter of the 1st instant in reference to the amount of salary paid you for your services for the period which you taught the No. 2 School on Walpole Island during the quarter ending December 31st, last.

In reply I beg to say that the return received shows that you taught fifty-eight days. Payment of salaries is based on two hundred teaching days in the year and you were paid 58/200 of your salary of \$600.00 or \$174.00.

The only remark on your return with reference to holidays is as follows, - "School closed one day, teacher absent".

It is considered that you were paid full salary for the period you taught during the December quarter. If you decide to remain in this school till the 30th of June, next, and teach two hundred days, you will be paid the full yearly salary.

A copy of the Indian Day School Regulations is enclosed herewith, which will show you the method adopted in the payment of salaries for broken periods.

The Department is pleased to learn that you will resume your duties at this school for a further period of three months.

Sir, -

The Department is in receipt of a communication from Miss, M. Spencer, late teacher of the Walpole Island No. 2 Indian Day School, in which she states that she will be willing to return and teach this school for a further period of three months.

If you have not secured the services of a teacher, as instructed by official letter of November ^{9th} last, the Department would be willing to allow Miss Spencer to resume duties and she is being instructed to communicate with you. You will be good enough to give any communication you receive from her your prompt attention in order that this school may not remain closed after the holidays.

Miss Spencer has not forwarded her return of attendance for the December quarter and if you have this in your possession, you should forward it to the Department at once in order that the salary due her for that quarter can be paid.

Madam, -

I have to acknowledge the receipt of your letter of the 24th instant, requesting that a cheque for your salary for the December quarter as teacher of the Walpole Island No. 2 Indian Day School, be sent you.

In reply I beg to say that before payment can be made it will be necessary for you to forward a return, made out on the proper form for that purpose, showing the attendance and the days taught by you and all other particulars filled in as called for by the form. As soon as this is received the amount of salary due you will be paid.

With reference to your request that you be allowed to continue teaching this school for a further period of three months, I beg to say that you should communicate with Mr. Agent McCallum and if he has not secured a teacher the Department will have no objection to you continuing the work for a further period of three months.

When you forwarded your resignation in October last to take effect at the end of the quarter, the agent was instructed to secure the services of another teacher and he is now being informed that if he was not successful he is to allow you to continue as teacher until the First of April next.

Madam, -

The Department would like to be informed at an early date as to whether it is your intention to continue your services as teacher of the No. 2 School on the Walpole Island Reserve.

If it is your intention to resign, you should forward your resignation in writing to the Department. It is hoped, however, that you will decide to remain as teacher of this school, but, if not, you should forward your reasons for leaving this position.

Dear Sir: I understand there is, at present, no teacher in School no. 2 Walpole Island, so I write to apply for the position of teacher in the said School. I am not a qualified teacher but I supplied for Miss Wilson in no. 1 School here last year. I understand the salary was six hundred dollars (\$600) so of course I would expect the same and would have the same amount of work to do.

I put in three years at High School so feel able to Teach here, as there is no pupil here above the Second Class.

Hoping to hear from you soon concerning the matter, I remain

yours respectfully

Sir: -

Your letter of Jan 23rd, no. 152943-1 received. I could not reply sooner as I wished to see the agent Mr. McCallum before I wrote. I went down to see him last Sunday but he was not at home; then followed a big thaw and the roads were a mass of slush and mud. The round trip from the schoolhouse to the agent's residence at the front and back to my place is nearly six miles so I could not go down till last evening.

Now I wish to say here that if my remarks are a little vigorous it is without prejudice toward the Indian Department as I appreciate the courteous consideration you have given me during the past seven years.

Now I respectfully, but emphatically, beg to say that any report you may have that states that my health is not of the best is an absolute falsehood. My age I can't deny and don't

wish to. I have never had better health in my life than I have at present and I have always had good health. I could show you the amount of work I have done during the past autumn in picking up small wood in the woods and carrying it in bundles about a quarter of a mile to my house for my winter's supply of fuel.

As regards my school work I have received compliments indirectly from those most interested, on my efforts to teach the children the English language which has not been done by previous teachers, at least not for a few years past.

I don't know how many are in the plot against me but I do know the instigator of the whole thing, "and thereby hangs a tale". I am the victim of a vile plot. I could tell the whole story but I am not

pleading to stay here only as I shall state further on. I don't mind the dismissal so much as I do the mean way in which it has been brought about by an "enemy in the camp".

Now, I would respectfully ask for one last favor from the Department: I live alone in a rented log house about $1\frac{1}{4}$ miles from the schoolhouse. It is difficult to get supplies as it is about seven miles to Wallaceburg and I have to hire a rig when I go there. It is difficult to get a conveyance and when one does do so the Indians consider a white man as their lawful prey so far as money is concerned. Because of these difficulties I have laid in my winter's stock of eatables, such as potatoes, bacon, apples, (that grow on the place) sugar, tea, coffee, flour &c. I have also a big pile of wood referred to above

which is unsuitable but which serves me well as it is dry and small for my little stone.

Now because of these facts, ^{I shall} I esteem it a great favor if you could, or rather would, let me stay on till the summer holidays when I shall bid the schoolhouse farewell forever.

In the spring this place is a sea of mud. Then I have some things I must dispose of - a stone, table, bedstead and mattress, tubs, pails ~~and~~.

Another reason I have is, I may stay here awhile after the school closes, and have some of my family come up from Toronto to stay awhile.

Sir,-

Referring to that portion of your letter of the 16th ultimo in regard to Mr. Cork, teacher of the Walpole Island No. 2 School, I beg to say that Mr. Cork has been informed that, in view of the state of his health and his advancing age, the Department is reluctantly obliged to request his resignation as teacher of this school, to take effect as soon as possible.

Kindly state whether you know of a suitable teacher to take charge of this school when Mr. Cork leaves. You should not, however, make any appointment without consulting the Department.

Dear Sirs:

In reply to your letter no. 152943/1 dated June 6th I beg to state that when I came to Walpole Island I was asked by several Indians and white people why it was that I never closed school on every Friday at three as the previous teachers had done. I said I had not been authorised to do so. Naturally I came to the conclusion that if it were ever really necessary to close school on Friday that I would not need to report such to the Dept. At no time have I ever since coming to school no 2 closed it at 2.30 except the day Mr. Abraham visited my school May 16th he allowed the pupils the rest of that day from two thirty.

However I am enclosing to you the dates on which I took half holidays and hours out of school also my reasons for so doing. I beg further to say that during the past year I have given to your school the best service I was capable of. I have been able to please most of the Indians. It seems in the best months that I have

Dec. 2nd - Closed school at noon - Had to travel 400 miles to reach home and would not have been able to reach home Xmas Day unless left here at noon that day.

Jan. 7th 1916. Closed school at noon. Had an ulcerated tooth results from a cold I suffered from. Had to have tooth lanced. Friday afternoon.

One week in April school was closed on three consecutive days at three because when I rang bell at recess to call pupils in found that after Premier class was dismissed I had four pupils left. This irregular attendance was due to dreadful condition of roads at that time.

April 20th closed school for Easter holidays at noon instead of four. This was necessary because both rivers were running full of ice and we had to wait their chance to get across. If I left Good Friday could not make proper connections at C. Letham.

Sir,--

I have to acknowledge the receipt of your letter of the 11th instant stating that Miss Warnock, teacher of the No. 2 School on Walpole Island, is a Roman Catholic.

In reply I beg to say that Miss Warnock in her report for the year ended December 31st, last, states that she is a Presbyterian.

Dear Sir,

I beg to ask what shall be done with regard to midsummer examinations and promotions in No. 2 Walpole Island school. These children are not fit for the standards they are in at present. It would be impossible to ask them to answer questions in writing. Were they tested orally some little satisfaction might be gained. If I have them answer the questions in writing and deduct one mark for mistakes.

I fear there would be no

My idea was to leave them
as they are in II and III

other promotions to do as
I thought fit. Then next
summer pupils of II and
III standards would be able
to write on question set
by Inspector Com. How they

Sir,-

I am sending you herewith an anonymous letter which was received by the Department, in which it is stated that the teacher of one of the schools on Walpole Island is a Roman Catholic and that unless she is discharged and a Protestant engaged to replace her the parents will not send their children to school.

The Department would like you to find out, if possible, who is the author of this letter. The statement as to the religion of one of the teachers on the island is not correct, as they are both Protestants. You will be good enough to inform the Indians accordingly and that they are to send their children regularly to school and in case of their failure to do so the Department will look to you to have the regulations enforced. The Teachers should be required to furnish you with a list of the absentees from time to time and you should instruct the truant officer to carry out sections 6 and 7 of the Regulations relating to the Education of Indian Children.

Sir,-

In reply to your letter of the 1st instant I beg to say that on the 16th of October, last, you were informed that if Miss Warneck wished to remain on as teacher of the Walpole Island No. 2 school she would be paid at the rate of \$650.00 per annum, but that she would have to make her own arrangements for board and transport. If she was advised by you to this effect the question of transport is disposed of so far as the Department is concerned and any claim against her for this service will have to be settled by her, as the Department has no authority to withhold her cheque.

In this connection I beg to say that there has been more correspondence in regard to the teachers of the two schools on Walpole Island than is necessary and, as the Department has no intention of dispensing with their services without better reasons than you put forth, it would be as well to let the matter drop for the present.

It is noted that you addressed your letter to Mr. Benson of this Department. If you will refer to the head of this letter you will see that all correspondence should be addressed to the Secretary Dept. of Indian Affairs.

Sir,-

In reply to your letter of the 27th ultimo, in which you state that it would cost eighty cents a day for a conveyance for the teacher of the No. 2 Walpole Island School, I beg to say that some cheaper arrangement will have to be made, as it would be virtually bringing Miss Warnock's salary up to \$760.00 a year, which is more than we are paying to any teacher in the province of Ontario where we have 82 day schools and only four of the teachers are in receipt of more than \$600.00. Miss Warnock is only the holder of a limited third class certificate and the Department has not been furnished with any testimonials as to her previous success in teaching.

If Miss Warnock wishes to remain on she will be paid at the rate of \$650.00 per annum, but she will have to make her own arrangements for board or transport.

General Remarks.

x x x

On this occasion, as on former occasions, I have strongly urged Mr. Sampson to devote greater efforts to forcing the pupils to learn English. He should not allow the Indian language to be used in school at all. The inability of so many of the children to speak English accounts in a large measure for the slow progress of the pupils in this school.

Sir,-

I have to acknowledge the receipt of your letter of the 2nd instant in further reference to the petition from certain Indians of Walpole Island asking that a qualified teacher be engaged to replace Mr. Joseph Sampson, who is in charge of the No. 2 School.

In reply I beg to say that, while the Department considers that it would be well to have a duly qualified teacher there, it is not prepared to have Sampson removed at present. The Department would like to know what accommodation could be found for a qualified teacher, should one be appointed in the near future.

In your report on the letter from Joseph Sampson, a copy of which was sent you on the 27th ultimo, you failed to deal with the points made by Mr. Sampson in regard to his claim that some of the signers of the petition have no children of school age and that only four out of the eight have children attending the school and also to his claim that Chomee, the instigator of the petition, was actuated more by illwill against the teacher than in the interests of the school.

MEMORANDUM

Mr. Scott,-

With reference to the petition sent in by some of the Walpole Island Indians asking for the appointment of a qualified teacher to replace Mr. Joseph Sampson I beg to say that Mr. Agent McCallum was asked to report fully on this petition and Mr. Sampson's letter in regard thereto. Mr. McCallum has replied stating that he has known for sometime that a change of teachers in the No. 2 School would be advantageous. He has, however, failed to deal with the points made by Mr. Sampson in his letter, in which he claims that Chomee, who is the instigator of this petition, is actuated by spite and that some of the signers of the petition have no children of school age, only four out of the eight having children attending the school.

Mr. Sampson has been teaching this school for the past fourteen years. The Department is aware that he has no special qualifications and possibly a change would be advantageous. Mr. Conn, Public School Inspector, who visited

visited this school on the 1st of October, last, in his report in speaking of Sampson states "success only fair, but I think his work is improving and the pupils are making somewhat better progress in their studies".

It would be a difficult matter to obtain a qualified, white teacher for this school, as in the No. 1 School they have had seven teachers in the last four years and the present teacher has sent in her resignation. As Sampson has been so long in the employ of the Department I do not think it would be just to him to dismiss him summarily. Mr. McCallum will have to take steps to secure a qualified teacher for the No. 1 School and I think before doing anything with the No. 2 School we might wait to see what success he has. At any rate I would not advocate dispensing with Mr. Sampson's services till the end of the school year.

Martha Benson

Mr Benson, -

Mr Sampson should not be moved at present. We might enquire from Agent as to accommodation for a qualified white teacher.

Sir *[Signature]* I beg to call the attention to the Supt. General of the Indian Affairs to the conduct of our peace officer Dan. Bhome who has been annoying me for several years past, causing trouble in our School section and I strongly urge that the case be stopped, he looks to give me trouble instead of helping the Teacher to do any good in our School section, to be in brief, on April 3rd. 1912 Bhome came into the School room in a bad humor insulted me while the pupils were leaving for home at 4 o'clock, again on June 3rd. 1913. Bhome came (with Charlie Peters a constable) to the School house at 9.15 A.M. he was angry and spoke unpleasantly before the School. I got him a summons to serve and convicted on June 11th, fine \$1.00 and cost \$12.50 total \$13.50 I had somewhat a difficult task to have the matter settled until I wrote to you with evidence papers year ago this month. Dept. directed Bhome to pay his fine and cost; since the trial two cases

have occurred similar to the paper enclosed, our Indian Agent seem to infavour with Shomee and I want to say a word regarding to our Agent in connection with my School in the next letter. I have the School pretty well under control. The daily attendance is very good. The School house have been built by the Pottowatomies without any help from the Department; the expenditure in connection with the ^{school} is paid out of the fund of the Pottowatomie Band. In the case of Dan Shomee a member of the Chippewa Band do not look good to interfere in our School section and you will notice his name not signed on the petition, he has no child but a step daughter age fifteen who is not at School. We as Pottowatomies should have the right to the interests of the School with the help of our own council. The Chippewa children have the same privilege as our children have in attending the said School because the School is closer for them than the no. 1. School so is the same way with the other School if any of the Pottowatomie children are at School. Supposing any of the Pottowatomies interfere in

OCTOBER REPORT OF AGENT T.A.McCALLUM ON THE WALPOLE ISLAND,
NO. 2 SCHOOL.

I have a petition to have a qualified teacher in this
No.2 School, It is to come before the Council next meeting.
I think it is a mistake having a native teacher. He talks the
native language and the children, when they address the
teacher, mostly in the native language.

Mr. Benson, -

Incl.

As you will recollect, we have persistently refused to increase Mr. Sampson's salary as teacher of the Walpole Island No. 2 school. With regard to his letter herewith, I think from what I saw of conditions there last summer that if Mr. Sampson would conduct a garden next year, as he claims to be competent to do, the Department would be quite justified in granting him an increase. He is Chief of the Pottawattamies and is a very fair type of Indian. It will be at least sometime before the scheme for a consolidated school can be carried to completion, if the Department decides to undertake it, and I think it would be well to give Mr. Sampson some encouragement.

Dear Sir:

I said last summer to write to you I would like through your kind influence to lay the matter to the Department of Indian Affairs for an increase of my salary. \$300. per year is not enough to support a family. I have completed the III Form course in the high School of Ontario, taught in No. 2. School last ten years and three years in the other School. never missed a day on account of sickness. Salaries of Teachers have been raised and why should have I not have the same chance. I could have had a larger salary elsewhere but for the sake of helping my own people I remain at my post and you know I was elected chief for the next three years. you see my services are needed.

I am taking the Professional Teacher's Course instruction by correspondence with two special courses namely Agriculture and Domestic Science from the Carnegie College Rogers, Ohio. if the Dept. desires me to teach the subject of Agriculture providing my salary raised I will do so.

I am.

I have to acknowledge the receipt of your letter of the 7th instant, and in reply to that portion in which you apply for an increase in salary I beg to say that the reports received on your work at this school would not justify the Department in granting any increase.

With regard to the Agent's reports he should be required to fill them up himself and in reference to the supplies in future if the quantities asked for do not reach you be good enough to advise the Department and inquiry will be made. It is presumed that the Agent hands the material over to you as he receives it and if there is any shortage the fault probably lies somewhere else.

Sir:-

Received the letter no. 404814 dated Feb. 20th 1913. In reply I beg to say that I shall be ready to attend the summer course at the Agricultural College, Guelph, and make necessary arrangements with some one to look after my place while I am gone. July and August being the busiest time of the season will certainly put me back in the work at home. The proposition made by the Department is very good, now I wish to explain my case, having a family of three depending on me, I wrote to the Department sometime ago asking a raise on my salary. \$300. per year is not sufficient. Salaries on teachers have been raised and I feel competent that I can do as good work to my own Indian people as any second class teacher. Miss A. Bisset teacher of No. 1 School, Walpole Island, receives a salary of \$500. per year. I have taught School at Walpole Island since the year Oct. 1st 1900. my qualification III Form High School of Ont. my school is doing splendidly the attendance is very good I earnestly ask through you to lay the matter to the Department.

to raise my salary at least \$50. more in addition
to my present salary. The other \$50. will also be
added making the total \$400. a year's salary
providing that if I make a success in completing
the course next summer, I do not wish to leave
my home at any time though refused two
good positions in the States offering a better
Salary. We have a good farming country
and the climate is splendid. person who has
any ambition can do just as well at home than
elsewhere.

Regarding to Agents monthly School Reports,
should the Indian Agent fill out the Reports
instead of giving the paper to me to fill out? The
case often occurs that he gives the paper to me at the
office and do not go out at all to visit the school
when he does visit the school, has not even once
taken classes to know how the school is doing
his last visit was on March 5th 1913 which means
his visit is for the month of February. again supply
of school books etc are sometimes delivered less than
what my order calls for. When books or pencils run
short I usually buy the need for the pupils and
few supply for themselves.

Sir,

Mr. Ramsden, who recently visited Walpole Island, recommends that prizes be given to the children ^{attending} the No. 2 School in accordance with the request made by the teacher. The Department is prepared to carry out this suggestion and will also allow a small grant at both the No. 1 and No. 2 schools for prizes to be distributed at the end of the June quarter. The scholars should be informed that these prizes will be given as rewards for punctuality and regularity of attendance and diligence in their studies. I visited on the same day (Feb. 6th.) school No-2 in the Pettawatomee district of the reserve and found 10 scholars present. This school as well as the former school was very clean and tidy and the teacher appeared to be a rather superior class of Indian. He has however no particular qualifications for his duties. He does take considerable interest in the scholars and would like if some prizes could be offered to those who attend the most regularly. It would appear to me that these two school districts are both worthy of having as good teachers as the Dept can secure. The equipment in this school appeared quite complete.

Dear Sir:-

We have been interviewed today by Mr. Jos. Sampson a School teacher on Walpole Island who advises us that he has taught there for the past nine or ten years and that lately a couple of the Indians on the Reserve have been trying to make matters somewhat unpleasant for him and he has heard that they have made reports to your Department in respect to his conduct as a teacher. He interviewed the local agent at Walpole Island Mr. McDougal who advises him that no complaint had gone through him. If any complaint has been made we should be pleased if you would forward a copy of it to us so that we may let Mr. Sampson have it. Mr. Sampson would be pleased to have any complaint that may be laid against him thoroughly investigated as it is only the whim of a couple of the Indians resident on the Island and there is really no foundation to it.

Yours truly,

There was a fight between two school boys on March 11/10. If any complaints made against me kindly let me know I want a fair play.

Is it right to let one of the smaller pupils do the whipping when a child does too much talking who will not listen when spoken to, to be quiet? especially young one are apt to talk I cannot bear to whip a child and see it cry. In case of fighting or skating I do the whipping myself. Pupils are hard to manage when parents are not interested in the work, a child will tell a story to suit his side instead of telling the truth at home, few neighbors are against me and to do things on the sly makes me feel uneasy you know how it is person would get tired of them I have been on duty as a teacher for several years past, tried to see everyone kindly and any help

Dear Sir:-

After seeing the letter from the Indian Department stating that the Teacher of Walpole Island will be dispensed with end of this year on account of low qualification. I beg to explain my intention herewith. Letter was to hand from Mr. Mosher the Inspector of Public Schools dated 7th of last January 1904. He thought it would be uncertain for me to pass the Examination because time was short to prepare and asked me what to do in the matter. After much thought decided to wait next summer 1905. Told the Inspector that I can study and teach same time. Mr. Mosher gladly accepted my word but did not promise to write on the Examination last July of this year 1904 no notice given before hand as one of the School Trustees spoke to me about going to the Examination last June he and the other School Trustees have never shown themselves to my School but once since being in office. Now I earnestly beg to ask again if chance should be given to me I will pass the Examination for obtaining the District Certificate. My standing is in the III Form of the High School when I left the collegiate of Sarnia.

Sir

The attendance at No 3 School is very small and the majority that are living in the neighborhood of this school are members of the Chippawa Band and seemed to be prejudiced against the teacher Joseph Sampson on a lot of him being a member of the Pottawatimie Band the Indians in the neighborhood of No 2 school are Pottawatimies and have a Chippawa teacher Arthur Mistokomun but raise no complaint on that grounds I think it would be advisable to change the teachers and see if this will make any difference in the attendance at No 3 school both teachers are willing to make the change if the Department is willing as it would be more convenient for both if you think it advisable to change for a time at least then if there is not a better attendance the only way will be to enforce compulsory attendance

Sir

I have the honor to acknowledge
the receipt of your letter of July 31st
enclosing copy of a letter from the
Indian Agent McKelvey proposing to
transfer Arthur Miskokoman from No.
School on Walpole Island to School
No. 3 and to appoint Cornelius Kigoshk
to teach School No. 2.

I have written with the view of
ascertaining more definitely the
qualifications of Kigoshk for this work
and should the report be favorable
I do not see that there is any serious
hindrance in the way of making the
change that is proposed. As soon as
I receive a reply from Walpole Island
I will communicate further with
the Department.

Rev. Sir,

I have the honor to acknowledge the receipt of your letter of the 25th instant applying for an increase of salary for Mr Arthur Muskokomen, teacher of the No. 2 school on Walpole Island, and in connection therewith I beg to enclose a copy of a letter from Mr Agent McKelvey, from which you will see that he proposes, with the consent of all parties concerned to place Muskokomen in charge of No. 3 school, where the salary is larger and the work lighter. This change is also approved of by the Public School Inspector.

Mr McKelvey has been informed that the Department could do nothing further in the matter before consulting with you, and I should be glad if you would communicate your wishes in the matter at your earliest convenience.

SCHOOLS,
JUL 27 1890

Sir,-

I beg to submit for your consideration a slight increase of salary to Mr Arthur Miskokomon, teacher of one of the schools on Walpole Island. He receives at the present time \$275 per annum, and it is suggested that this be increased to \$300 for the following reasons:

1. He is reported to be a hardworking conscientious teacher, making good time.
2. He is a married man with a family, and finds it very hard to live on the present allowance.
3. The teachers in the Church of England and Government schools each receive \$300, although the latter has a much smaller number in attendance than Miskokomon.

If the Department approves of this suggestion, the Missionary Society will bear its share of the proposed increase.

Sir

I beg to enclose herewith return of No 2 Methodist Mission School Malacamp Island for Sept Quarter 1897. Received by me from the Teacher on the 18th Instant.

Together with my report for the months of September and October.

With regard to the reports from this school being late in transmission so far as my monthly reports are concerned I visited the school as usual on the last School Day of the month, each month on the first occasion September. I found one of the scholars in charge of the school who reported Teacher at home sick. could not give me any figures for the month.

The next time October visit the Teacher had to get a substitute for a day as he had commenced too soon and could not stand the work. so I had to get him to make out my monthly report when he got better and had begun to teach regularly.

As to his own report for the quarter enclosed herewith. I am not sure that he has got the Holy days right. as he has not said any thing about the regular Summer Holidays. which this year were 37 days.

As to the 5 days ^{called} holidays during the Camp meeting. I don't think the school should have been closed for the Camp meeting.

Dear Sir,
I have, ~~agreed~~ to
remind you that I have not yet received
my cheque for September, I need this
money at once, and I think I am
entitled to an explanation why it
is always held back. The other
teachers always receive theirs within
reasonable time. I wish to have it sent
directly to my address.

To.

Duncan Scott Esq.

Ottawa -
Sir,

I have not yet received my salary for September. I have written to the Secretary twice enquiring why it has not been sent but have not received any answer to my letters. I think it is very unfair for I need this money and think it should be sent promptly. The teachers of No. 1. school informed me that they always receive theirs immediately - sometimes before their report is sent in. Why is the distinction made? My report is always handed in promptly at the end of the quarter, and the Inspector informs me that my work equals any of the other schools. This is not the first time I have had trouble in getting my salary. Last spring it was withheld for nearly a month and then it was sent to the Indian Agent without a word of explanation to me. Though my own address was written on my report. I would also request an increase in my salary in view of the fact that the attendance in this school is larger than it ever was. The average for September was 28.75. Hoping for an early reply

I am

Madam,--

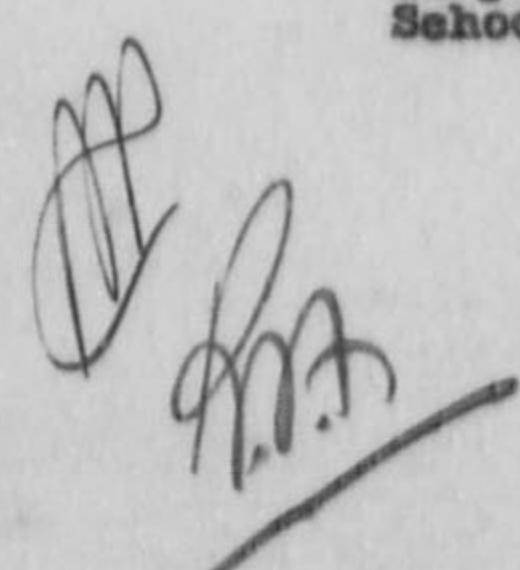

With reference to your letter of the 24th instant, I beg to say that the Department regrets any inconvenience that might have been caused you in not receiving your cheque earlier in the month. In explanation, I may say that your quarterly return did not reach here until the 24th instant and, as you are aware, salaries are not paid until the quarterly returns are received. I might point out, however, that, on receipt of your letter of the 19th instant, your cheque was forwarded, even though the return had not arrived at that time.

Salary at the rate of \$900 a teaching year is provided for the Walpole Island No. 2 Indian Day School and the Department is unable to increase this.

Russell T. Ferrier.

Sir,

Will you please
send my cheque for the Quarter ended
Dec. 31st. before the twentieth, the day
on which the schools close, for I am
leaving that evening on my vacation
and need my money. I was told
that the reason why my cheque is not
sent for three or four weeks after the
end of the quarter, is because my report
is not sent in promptly - but I can
assure you that it is not my fault
for I always give my report to the Agent
either the day that school closes or the
day after.

Sir,

I have to acknowledge the receipt of your letter of the 16th instant in further reference to No. 2 Potawattimie School Walpole Island conducted under the auspices of the Methodist Missionary Society, and in reply I beg to say that the Department would like you to make out a detailed statement of the repairs required to be made to the school building to render it comfortable for the winter. The Revd. Dr. Sutherland has been written to and requested to instruct the resident Missionary to afford you every facility for inspecting the school in accordance with your instructions, and should Mr. Elias place any obstacles in your way to doing so you will please report the same to the Department.

The lack of School material has been reported to Dr. Sutherland who has been asked to supply what is required and to make arrangements for its proper care. The Methodist Missionary Society furnish their own School material.

This fall. it should be commenced at once.
as the roads are good now. and the weather good
but no guarantee of how long it will be that way
with regard to this expenditure.

If the Ojibwattimies are going to have to
pay it. I have to say. that they are not able.
And I would not advise that it be done
on their account. They are willing to pay
all they can afford to pay always. but this
would be asking too much from them.

I beg to report. that the Chippewas send
their children to this school and have
always done so. nearly one half or quite
of the children are Chippewas. and
the Ojibwattimies from their situation
have no chance to send any of their
children to either of the other two schools.

Now if the Chippewas were charged one third
the Ojibwattimies one third.

And some body else pay the other third.
I think the Ojibwattimies would be able
to stand. and would stand that. but to
ask them to pay it all would be more than
should be asked of them.

Sir.

In accordance with instructions contained in your letter No 152,943/3. Dated 19th instant. I enclose herewith statement of repairs needed to be made to the School House No 7 Walpole Island.

on examining the roof I found that it would be almost useless to try to patch it as the shingles are nearly all rotten so I went over again yesterday got Chief Whikee and Councillor Dodge and with Councillor Dodge went and made another examination. they decided that the roof had better be shingled entire. this was also my opinion. As regards the other items in the statement they are all actually necessary, except that the painting might be got along without. the estimate for painting is \$25.00. and so long as an expenditure has to be made the money cost of paint is as well invested as any other part of it.

I figured on it myself. and then got Mr S. H. Fraser who keeps a lumber yard here. and puts up and repairs buildings to figure on it.

I made the total cost about \$100 as Mr Fraser made it a little more. but thought it might be done for that if too much of the plaster had not to be removed, as the season is advancing. if it is going to be done this fall

School - but repairs be made -
if to be paid - each - if funds available

This (Priming) is also done with Matched
Lumber Beaded at the edge, and aside from
the extra comfort it affords in the way of warm
feet, it adds very much to the appearance
of the Building, taking the amount of work
into account the price \$100⁰⁰ is very low
and could not have been done for that
only that Mr. Hensen keeps a lumber yard
and gets his material at wholesale prices.

I gave a statement of the work required

I enclose herewith account in duplicate duly certified of Mr S. H. Fraser for repairs to Mr 2 School House Malpas Island. amount \$100-00 which repairs were made in accordance with detailed statement of repairs required to be made. enclosed in my letter of 25th October. and in accordance with your letter No 152,943 of Date 7th November.

I have to report that the repairs have been completed. and the work performed in a satisfactory manner. in fact almost better than could have been expected at this season of the year. the weather not being the best for such work.

I have to report in explanation of the porch being in the account that was not in the statement. that the porch was very necessary. the Entrance door facing the North. and I put that in in making the bargain for the work with the builder. and I have got that for the limit price of \$100-00. the porch is six by eight feet made of matched lumber with a door and lock on it. and altogether adds very much to the comfort of the school. it is also large enough for the scholars to hang their caps and cloaks up in. which the teacher says is a great convenience.

The Rainscutting in the Bill means the closing of space between the Building and the ground about 18 inches. and is in the statement, though not called rainscutting.

In reply I have to report ^{that} the school seats such as are used in most of the schools now are not made here and on asking dealer here for prices they could not tell me, had to write to parties east for prices, and have not received answers, in making enquiries I was asked when they would be required, somewhere during the summer holidays which the school house would not be in use, and as that is some time yet they have not hurried, and as yet I have no answer.

I have again spoken about the matter and will hear soon from one of them at least a dealer in furniture (Mr. Chas. Lendon) and I will give the required information soon as I get it from him.

at the same time I will give the cash for a new floor, all that is required for that is the size of the school room, which I will get first time I visit the school probably tomorrow.

The "MODEL AUTOMATIC"

THE BEST DESK MADE.

The GLOBE FURNITURE COMPANY, Ltd., Sole Manufacturers,
WALKERVILLE, ONTARIO, CANADA.

Convenient!!

Comfortable!!

Durable!!

These are the essential requirements of a first-class School Desk, and the "MODEL AUTOMATIC" combines these qualities in a more successful and satisfactory manner than any other desk now in existence.

A BRIEF SUMMARY OF ITS GOOD POINTS.

Strongest, because having best and most secure method of attaching wood to iron and having seat of casting distributed where most needed.

Most Durable, because of great strength and rigidity and having no rubber or soft metal used in its construction.

Most Comfortable, owing to excellent shape of back and seat, perfectly fitting the body.

Seat Folds Automatically, being operated without the aid of the hands.

Absolutely Noiseless, owing to superior construction of seat hinge, which never becomes loose or rattles.

Best Material used in its construction. High Grade Finish and handsome appearance. Woods used being white maple and red birch.

Flush Top Inkwell, superior to any other.

THE IMPORTANT AND USEFUL FEATURES

The "MODEL AUTOMATIC" is long and favorably known throughout Canada and the United States, are all retained in the "MODEL AUTOMATIC," and many valuable improvements added thereto, chief among which is the

Automatically Folding Seat.

The greatest objection to "automatic" seats heretofore offered by other manufacturers to purchasers of school desks is that the hinges become loose, noisy and rickety, and require frequent repairing.

In the "MODEL AUTOMATIC" we have a

Double Preventative of Noise,

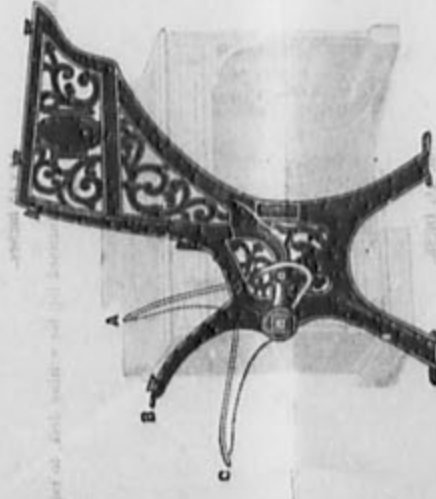

In the Friction Hinge and Coil Spring Stop, constructed entirely of iron and tempered steel and practically everlasting.

School Desk purchasers will profit by a careful examination of our claims for this desk, which are set forth and illustrated elsewhere in this circular.

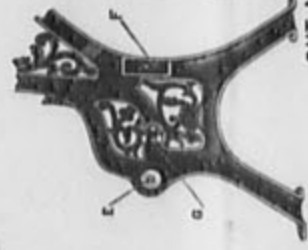

THE "MODEL AUTOMATIC" SEAT.

Strong, Noiseless, and can be operated without the aid of the hands.

READ DESCRIPTION CAREFULLY.

CUT No. 1.

CUT No. 2.

CUT No. 3.

CUT No. 4.

Cut No. 1 is a view of the inner side of a "MODEL AUTOMATIC" Desk standard, with seat bracket attached.

Cut No. 2 is a view of the seat which fits over and turns upon the cone-shaped projection D, in the standard. This cut also shows projections G, between which is placed projection N, on Friction Cap (cut 4) and which hold cap and coil spring firmly in position. F shows the socket in standard for the seat guard, which is secured in place by a bolt with concealed nut.

Cut No. 3 shows plainly the position of the Coil Spring Cushion and its contact with bow of seat bracket at J. It also shows the Tempered Friction Washer H.

Cut No. 4 shows that portion of the seat bracket which constitutes a part of the hinge, combined with the Friction Cap and Steel Springs. In this cut the Friction Cap is retracted to show the depressions K K, which fit over the double wedge-shaped projections L L, on seat bracket. It also shows shape of the Coil Spring Cushion and how it is held in place by the bolt which passes through opening O and standard at one side of projections G G. (See cut 2.)

CONSTRUCTION OF SEAT HINGE.

The cone-shaped projection E, on main standard, forms a bearing one inch in diameter on which the seat bracket revolves, the depression D, in bracket, fitting over and relieving the hinge bolt of all strain caused by the weight of the seat. The outside of the iron shell, forming depression D, is provided with a bearing projection F, similar to E, and over this projection is placed the large end of the Friction Cap, shown in cut 4. At the small end of the Friction Cap and near the Coil Spring Stop, is a projection N, which fits snugly between projections G, on standard. These projections, G G, prevent cap from revolving with the action of the seat when folding, also support the rear of seat. As shown in cut No. 1, the outside of the Friction Cap at its large end is circular in form, and is hollowed out to conform to the shape of the seat bracket. It receives and holds the cap at each side of the desk, forming a self and durable spring. A steel bolt is passed through the hole in square washer, the bolt nut being then turned on, thus holding washer in position. There is absolutely no strain whatever on this bolt, the weight being borne by projections G and E on standard,

THE COIL SPRING CUSHION.

Before the Friction Cap is placed in position over hub H, (cut 4) an oil-tempered Coil Spring is inserted at the small end, in the socket made to receive it, and when the cap is attached to the standard, this spring, in addition to being clamped between cap and standard, is still further secured by a bolt which passes from outside of standard through coil spring and cap, locking all parts securely together.

ACTION OF AUTOMATIC SEAT HINGE.

When the seat is folded about half up, as shown in position B, (cut No. 1) the square steel washer is flat or in its normal shape, and the tension caused by it in conjunction with the hinge bolt is sufficient only to keep the parts closely together, preventing noise. The wedge-shaped projections L L, on seat bracket, are also in their position to groove K K in Friction Cap. (Cut No. 4)

As the seat is being in this condition and position, the seat moves easily and with no friction. When, however, in folding the seat up or down and approaching its extremities of fold, shown K K, this forces the Friction Cap outward gradually, and so this outward movement of the cap is resisted by the tempered steel spring washer, a "MODEL AUTOMATIC" cushion, and gradually increased and becomes sufficient to slacken the extremities of the seat, moving it up or down.

Figure size that with this improvement, the

SEAT IS NOT STOPPED ABRUPTLY.

but instead, its motion is slackened gradually.

Therein lies one of the many advantages possessed by the "MODEL AUTOMATIC" over others.

Other so-called automatic seats, when folding, are stopped abruptly by a rubber cushion. This rubber soon becomes hard, losing its elasticity, or rips, and becomes entirely removed, in either case accomplishing its purpose for a few months only.

ANOTHER ADVANTAGE.

In the "MODEL AUTOMATIC," when the momentum of the moving seat has been nearly overcome by the improved Tension Joint above described, it is finally brought to a full stop by cushions consisting of Coil Springs, made of steel oil tempered, and guaranteed to retain their elasticity during the life of the desk.

THE "MODEL AUTOMATIC" SEAT IS ALWAYS THE SAME.

It cannot sag or otherwise get out of its correct position. No dependence on bolts or screws.

While the improved Friction and Coil Spring stops arrest the seat in its action and render folding caseloads, the seat does not depend on the Coil Spring at the rear as one of its points of support.

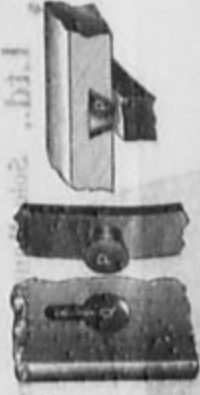

When the pupil places his weight on the seat, the Coil Spring becomes sufficiently compressed to allow the bow of seat bracket to come to its permanent position in direct contact with lower projection O, on the standard. The other point of support for the seat is the projection E, one inch in diameter.

As projections E and O are part of the standard and perfectly rigid, the seat cannot possibly sag and must always be in the same position when occupied. In the old style desks, having seats depending for support solely on the Friction Cap, this bolt becomes bent by constant use, which allows the front of the seat to drop from one-half inch to one inch below its proper position, rendering it very uncomfortable.

In many desks now being offered to the public, having so-called "automatic" seats, the rubber cushion which is used to stop the motion of the seat, as a permanent support for rear of seat as long as it is occupied, is subjected to pressure to which this rubber is subjected soon causes it to become compressed, and the front of the seat drops to the extent of the thickness of course, renders the seat uncomfortable, it then not being in its intended position.

SCHOOL BRANCH

Sir,

With reference to your letter of the 19th instant, and the statement therewith forwarded, in connection with the seats and desks needed at the Walpole Island Indian School, and also in regard to the repairs required to be made, I beg to inform you that you should purchase the seats and desks, at the most reasonable price possible, and have the school building floored, and a well dug, etc. The total cost should not, however, exceed the estimate furnished.

The accounts for the furniture and the work done should be rendered in duplicate and forwarded to the Department, in the usual way for payment.

*If necessary, you might call for
list of letters for work to be done.*

Your obedient servant.

Sir,

Acting Secy
I have seen the figures of two other
Horses with whom he has had correspondence
and their prices are something over his increased
price. There is time enough to make some more
enquiries, if you so order I can do so. The floor
will be put in next week, the well as soon as possible.

I beg to acknowledge the receipt of
your letter No 152,943/5 Date 20th ultimo referring
my letter of 19th same month. Which letter (mine)
contained a statement of prices for which seats
and desks for No 2 School Wallaceburg
could be procured.
Mr Lindon told me afterwards "that
the School Co of Walkerville would pay
freight, which would reduce the price
to the figures sent."

When I went to Mr Lindon to leave
an order for the required seats & desks, he
stated that he had made a mistake
and the prices he had given me were
for single seats & desks (for one person) instead of
for two as we had understood, and that the
prices all round would be greater. Making
the cost of the whole \$68⁸⁵. Instead of \$59.45
which was the figure I received from him and
sent to you, and the overhauling \$9.40

I told him that I could not give him
an order for more than I had reported as
what they could be obtained for, and would
have to report before giving him any order.

I have seen the figures of two other
Horses with whom he has had correspondence
and their prices are something over his increased

Sir,

H.X.D.

I have to acknowledge the receipt of your letter of the 4th instant in reference to the placing of metal sheeting on the walls and ceiling of the No. 2 School-house on Walpole Island.

In reply I beg to say that if John Solomon is a reliable workman the Department considers that it would be better for you to purchase this sheeting and engage him by the day to do the work. You will of course be expected to see that work is done in an efficient manner and with expedition.

Sir,

The Public School Inspector reports that the closets at the Walpole Island No. 2 School are very much out of repair and in a dirty condition. The Department desires that you will have these outhouses ~~axx~~ properly attended to at once.

The Inspector states that a larger playground is greatly to be desired and recommends that the grounds be enlarged two acres. You will kindly report upon this matter.

The desks at this school should be moved out from wall so as to provide a two foot aisle at the sides of the room.

You will be good enough to purchase two covered water tanks for the use of the class-room. These should be of earthenware or granite and should be provided with a faucet at the bottom.

All these matters should receive immediate attention.

Assistant Secretary.

Mr. Conn, Public School Inspector, in his report on the Walpole Island No. 2 School, states that the closets are disgracefully dirty, that the windows need cleaning and he recommends that scrapers should be placed at the door.

You will be good enough to see that the windows are cleaned and you may purchase two scrapers.

The Department regrets that it should be necessary for the inspector to make such a report in regard to the closets. This shows a decided lack of interest both on the part of yourself and the teacher. It is your duty to see that the schools buildings and premises are kept clean and in repair and it should not be necessary for the Department to have its attention drawn to matters of this kind by the Public School Inspector. You will be good enough to have the closets cleaned at once and see that they are kept in proper condition in future.

Sir:-

In view of the fact that it is not proposed at present to erect a new building on Walpole Island, it will be necessary to make some repairs to the existing buildings.

With regard to No. 2 school - You will be good enough to have the porch, which is sinking, fixed, and obtain an estimate of the cost of a suitable wood-shed, with the description of the shed accompanying the estimate. You will also arrange for the crossing of the ditch at the front of the school and obtain a price for a cement walk to the school door. You will also be good enough to obtain an estimate of the cost for the grading and levelling of the additional ground purchased at this school, and also for the filling around the building which should be attended to this Fall.

You may purchase an 8-day clock for the use of this school and arrange to have the stove fixed before the time comes for putting on fires in the Fall.

The repairs to No. 1 school will be dealt with in another communication and you will be good enough to keep these matters separate, and your correspondence and accounts.

Sir:-

I beg to make the following report:-

Two board screens of two spaces about 2' x 6' and two doors for the closets were left undone when the repairs were made last summer. The porch adjoining the main building need to be put closer to keep out the rain water comes through the opening to the door way. I have directed the attention of the Indian Agent - sometime ago he seems no hurry. These repairs need to be done at once as the cold and wet weather now setting in

Sir,-

I beg to inform you that the teacher of the No. 2 School on Walpole Island informs the Department that certain repairs are needed to the closets and porch adjoining the main building. This work should have been attended to when the other repairs were being made to the school in the summer. The teacher states that two board screens and two doors for the closets are required and also that the porch should be connected to the main building in order to keep out the rain.

You will be good enough to have this matter attended to at once and the necessary repairs made and forward accounts therefor, properly certified, to the Department for payment.

Sir:-

Recently the Department received from you a voucher rendered at \$2.00 in favour of Frank Shipman for hauling shingles from Wallaceburg for No. 2 school house, Walpole Island. The voucher is being paid by cheque No. 2908, which is going forward. The Department also received (see letter of even date) an account of \$1.00 from Shipman for hauling piles. A third voucher rendered at \$3.00 has been sent in by you in Shipman's favour. The first item is \$2.00 for hauling shingles and the second \$1.00 for hauling seized piles. Seemingly the charges in this last mentioned voucher duplicate the charges in the vouchers rendered at \$1.00 and \$2.00, respectively. You should be particular in future not to present a second account covering a charge for which an account has already been presented. The voucher for \$3.00 is returned herewith.

Sir,-

I have to acknowledge the receipt of your letter of the 10th instant in reference to the condition of the closets in connection with the Walpole Island No. 2 School.

In reply I beg to say that, if you will refer to official letter of the 5th instant, you will see that you were informed that the matter of improving the unfit and unsightly condition of the closets at this school should receive your early attention, and were not asked to state how they got in this condition. You will be good enough to attend to this matter at once.

Extract from Report of Inspector Conn on the Walpole Island
No. 2 school.

Fence and closets damaged at time of the Indian fair
which is held on grounds adjoining the school grounds.

People persist in turning horses and cattle into the
school grounds notwithstanding the earnest efforts made by the Agent to put
a stop to the practice. School garden destroyed.

Sir,-

In his recent report on the No.1 school, Inspector Conn states that the fence and closets were damaged at the time of the Indian fair. -

Kindly report fully to the Department in regard to this matter, stating the extent of the damage that was done. It is considered that the authorities in charge of the fair should make arrangements to police the grounds during the fair and protect the adjacent property from unnecessary injury.

The Inspector also states that the school garden was destroyed because people persist in turning cattle and horses into the school grounds. Is there no possible way of preventing this ?

Yours obedient servant

Assistant Secretary.

Chatham, October, 29th, 1917.

Dear Mr. Scott,--

Acting under instructions contained in your letter of Oct. 10th, I have consulted with ^{Smallman} Solomon Isaac and inspected his house more closely. I also saw Miss Spencer the teacher, with the view of providing a teachers residence

When first advised Miss Spencer of the action we were taking she said she was willing to withdraw her resignation and sign a three year contract. but when I went to the Island in company with Solomon Isaac to inspect the house she told me a long story of going traveling with her cousins the 1st of Jan, and on that account would not be able to keep her promise.

However I looked Smallman Isaacs house over it one story main part 14 x 18 with a kitchen 10 x 14 The main part consist of a living room and a bedroom. The House is only a shell looks O.K. from the outside but you can see daylight almost any place from the inside Isaac asks \$-~~300.00~~ \$300.00 for it it would have to be lath and plastered on the inside and finished. A new floor would also have to be put down. This would cost an additional \$ 300.00 The moving foundation etc would cost \$ 100.00 more bringing the cost up to \$ 700.00.

I also looked at two or three other houses, none of which would be suitable for a teacher's residence.

What should be done, in view of the fact that the present teacher will not remain and that this house is not suitable and that so far as I am aware there are no suitable ^{houses} that could be bought at a reasonable price, is to have lumber cut from timber that belongs to the Indian band and have a suitable residence built. There is a saw mill on the island which will cut the lumber at \$4.00 per M. A very comfortable teacher's residence could be built in this way at a very small cost. There is also a competent carpenter, by the name of Solomon, on the island.

I remain,
Duncan C. Scott, Esq.,

I re-enclose herewith the voucher amounting to \$51.35 in favor of Geo. Shigonish, to which voucher you have attached an account in this man's favor. You should write on the face of the voucher full information with regard to the ~~same~~ account which the Department is asked to pay. The requirements of the situation are not met by your writing as in the present case "To account attached". The voucher should show clearly the nature of the payment requested.

I may also say that you should make vouchers as well as other correspondence with the rubber stamps supplied for use in your office in order that it may be seen at a glance whether the voucher submitted relates to the Sarnia or Walpole Island Agency. Failure to observe this ruling may lead to confusion in filing which it is desired to avoid.

Ant
Sir,—

When at Walpole Island on Monday and Tuesday, the 4th. and 5th. inst. I had occasion to visit, No. 2, School, Walpole Island. I found everything in this school, which is under the management of H. D. Watts, teacher quite orderly. The school outside is in need of some repair work. This school will require some new siding, possibly 50 ft. I would estimate the cost of this outside repair work to the No. 2, School, Walpole Island at about \$6.00. I also found one of the closets at this school in need of some repair which would probably cost about \$4.00. I would recommend that those repairs be made at the No. 2, School, Walpole Island.

Sir,-

I have to acknowledge the receipt of your letter of the 8th instant regarding a few slight repairs which you consider should be performed at the No. 2 School on Walpole Island.

In reply I beg to say that you may purchase the siding required and have the outside repair work mentioned by you done at a cost not to exceed your estimate, namely, \$6.00. You may also arrange to have the repairs required done to the closets at this school and the cost of this work should not exceed the estimate furnished by you, namely, \$4.00. As soon as the repairs have been completed you should furnish properly certified vouchers, in duplicate, covering the expenditure incurred.

Dear Sir,-

I beg to say that I called in S.S.No.2, Walpole Island. There were 14 boys and 14 girls, with 11 absentees the day I was there. There were 4 of the pupils sitting on chairs with no desks. The teacher stated that he has had as high as 35. at school at one time. There is room for 4 more double desks. I believe it would be advisable to install them. Although he has only 39 on the roll at present there are quite a number of others within the three mile radius who will, when they start, swell the attendance considerably.

I beg to recommend that six double seats be secured.

I remain,

R.H. Abraham

Sir, -

Mr. R. H. Abraham, Agricultural Representative of this Department, has drawn attention to the need for 6 more double desks for the use of the Walpole Island, #2, Indian Day School. He states that there is not sufficient seating accommodation for all the children who attend, and that there is room in the class room for the above number of desks.

You will be good enough to state the kind of desks at present in the school, and the name of the manufacturer, in order that if any new desks are supplied they will be of the same type as those at present in the school. You should also state the ages of the pupils for whom these desks are required, in order that the proper sizes can be ordered. The teacher will, no doubt, be able to give you this information.

An early reply will oblige,

Your obedient servant,

Dear Mr. Raul,
I shall be glad to know if the
Department of Indian Affairs will kindly
extend their usual courtesy towards No. 2
School in allowing me to purchase Xmas
Books for the Pupils.

The Department kindly gave
\$ 6.00 for Xmas Books last year for
the School Children of No. 2. School - if
they will do the same this year we shall
be very grateful.

The Pottawatomoni No. 2 School
hopes to hold a Xmas Party, with Xmas Tree,
when the Books would be given away.

Sir, -

I have to acknowledge the receipt of your letter of the 1st instant, enclosing a communication from Mr. H. D. Watts, teacher of the No. 2 school on Walpele Island, in which he requests that authority be granted to expend the sum of \$6.00 in the purchase of books for a Christmas treat for the pupils.

In reply I beg to say that the Department will approve of an expenditure to the above amount in the purchase of suitable articles for a Christmas treat for the pupils.

Itemized accounts, in duplicate, should be obtained when the purchase is made, and you should attach them to proper voucher forms, certify the same, and forward to the Department for payment.

EXD.

We have completed the erection of the No. 1 school at Walpole Island, and we will be in a position now to proceed with No. 2 School.

No. 2 school has a capacity at the present time for 18 pupils. There are 56 pupils of school age at the present time who should attend this school. 35 seats are crowded into this small school, and sometimes the teacher has to put them three in a seat. This building is old and very much out of date, and I would recommend that a new school be built.

The material for this building could be obtained from the public bush and made into lumber at the Indian saw mill which is only a few hundred yards from the No. 2 school. I would suggest that a school with a teacher's residence combined be built. The present teacher Mr. H.D. Watts lives in an old log shack about a mile and a half from the school. We have a certain amount of material left from the erection of the No. 1 School and this could be utilized in connection with the construction of the new school.

The only time material can be got out of the woods is during the winter, and if it is your intention to proceed with the building next year, the material should be taken out this winter. The cost of erecting this building should be, approximately, between three and four thousand dollars.

MEMORANDUM

Mr. Scott, -

In connection with the erection of the new No. 2 School, Walpole Island, I beg to say that it would be necessary, if the building is to be put up next summer, for the timber to be taken out of the woods this Winter while the snow is on the ground. As you are, no doubt, aware, there are two first-class saw-mills on Walpole Island where the dimension timber and all rough lumber for the new school can be sawed. The band owns a wood comprising 275 acres of material suitable for the construction. It would require approximately \$300. to get this timber out. I beg to recommend that this sum be made available, as the timber should be taken out immediately. I estimate the cost of the proposed new school and teacher's residence at \$3500.00.

Mr. Scott: - Kindly write Mr. Abraham + enclose plans for his signature R.T.T.

Dear Sir,-

With reference to the erecting of the new school No. 2 on Walpole Island, I beg to say that I am sending you under separate cover two blue print copies of a plan which has been used in other locations for a combined day school and teachers' residence which, with the changes as discussed with you while in the Department, it is thought will meet the requirements on Walpole Island.

In your memorandum addressed to the Deputy Minister, it is noted that the timber required should be taken out this winter, and that the cost would be approximately \$300.00. You are therefore authorized to make arrangements to have the amount of timber required for this building taken out.

An accountable cheque of \$300.00 is being sent you to pay for labour.

Memorandum

Honourable Charles Stewart:

Funds to the amount of \$3,500 have been provided in the Appropriation for Indian Education for the present fiscal year, to erect a combined school and teacher's living quarters at the No. 2 school on the Walpole Island Indian Reserve, Lambton County. During the past winter the Indians themselves have cut the lumber from their supply on the reserve and have drawn it to a mill belonging to one of the band, where it will be sawn into the required sizes.

The present school building is very old, beyond repair, and is unsuitable for school purposes. It is proposed to erect this new building by Indian labour, under the supervision of a competent foreman. This was the arrangement that was carried out in the erection of a combined 2-roomed school and teacher's residence at the No. 1 school. All arrangements for carrying out the building operations and the cutting and sawing of the lumber will be under the direct oversight of our Agricultural Representative, Mr. R. H. Abraham, who will arrange for the payment of the labour employed, sawing and hauling the timber, etc. It is intended to proceed with the work of erecting the building as soon as possible, and Mr. Abraham has requested that advances be sent him from time to time to pay for the labour, etc.

It is considered that we can erect this building by utilizing Indian labour under a competent foreman, at less cost than if we called for public tenders. The estimated cost will be \$3,500.00, and I would request your approval for having the work done, as stated above, and for the expenditure required.

Sir:

- WITH CHEQUE -

Replying to your letter of the 6th instant, I enclose an accountable cheque, No. 852, for Five Hundred Dollars (\$500.00) for the purpose of paying for the labour and expenses in the teaming of timber, milling, etc., for the new No. 2 school building on Walpole Island. You should furnish properly certified vouchers, in duplicate, covering the expenditure made by you of this cheque. I may say that the delay in forwarding same was due to the fact that we had to obtain the approval of the Minister for the expenditure in erecting the building.

Your obedient servant,

Dear Sir.-

You will please find enclosed Voucher in favor of myself for \$ 196.53 money expended from accountable check for sawing material for the No 2 school Walpole Island you will note that Kicknosways bill was \$ 221.53 the ballance due him to be applied to his Band loan for purchase of Saw

Put in 2040

You will also find enclosed Voucher for \$ 26.38 advanced by myself to Jas Kicknosway for cutting timbers for the Chematoggan Bridge Kicknosways bill for this work amounted to \$ 52.38 the Ballance due him to be retained on the Band loan for Saw.

This makes \$ 51.00 retained to apply on saw. Since making these deductions I received your letter in which you state that you have retained \$ 25.00 for lumbar sawed for Mrs Joseph Peters and that the ballance owing By Kicknosway was \$ 38.54 .There would be therefore a ballance owing Kicknosway of \$ 12.46 which I would be glad if you would forward to him.

Trusting that this explanation will make the vouchers clear, I remain,

Referring to your letter of the 19th instant, I re-enclose herewith the voucher, amounting to \$1535.15, which you submitted in connection with work performed on No. 2 school house, Walpole Island, and in reply I may say that the said voucher is not satisfactory as it does not show the dates upon which the men employed worked, nor does it give the number of hours in which they were engaged each day. Kindly prepare a payroll on labour return forms, a supply of which is being sent you. All information called for on the forms should be supplied. The respective dates upon which the men worked should be shown, and the number of hours they were employed each day should be indicated. The rate paid per day should be entered, and the total expenditure during the week should be shown.

If the paid cheques are attached to the payroll when it is forwarded to the Department, they will serve the purpose of receipts.

Dear Sir,-

The Walpole Island #2 school is completed enough now to order blackboards, desks, etc. We will require a blackboard to fit the room,--23ft. long and whatever height you consider suitable. We will also require single desks to seat fifty (50) pupils. We will also have to have one bookcase, one teacher's desk, and three chairs for the school room. The teacher's residence will have to be furnished but I think it would be desirable to consult with Mrs George before making the requisition.

Sir:

I have to acknowledge receipt of your letter of the 1st instant, with reference to the desks and blackboards required for the use of the new Walpole Island No. 2 day school building.

Regarding the blackboards required, I beg to say that an order is being forwarded to the Government Stationery Office here to ship addressed to you two pieces of hyloplate blackboard, each 12' x 3 $\frac{1}{2}$ ' wide, with the necessary chalk trough and moulding. This material can only be supplied in 12' lengths. The Department is not prepared to furnish slate blackboards for this school.

Regarding the desks, before we can place the order it will be necessary to have full particulars as to the sizes and number of each size. It is preferred that single desks be supplied. You should draw up a plan showing the number of rows of desks and the number in each row, so that fronts and rears of the proper sizes can be supplied. The smaller desks will be placed in the front and the larger in the rear. As there is only one classroom it is considered doubtful whether there will be sufficient floor space for 50 single desks. I am enclosing herewith a catalogue of desks, and on Page 5 you will see the table of sizes and the ages of pupils accommodated. You should use this as a guide in estimating the sizes required. Full shipping directions should also be given.

As soon as we have full information, as requested above, prices will be obtained from a number of manufacturers, and the order will be placed. At the same time, we will order a bookcase, a teacher's desk and chair and two chairs for the schoolroom.

THE OLIVER STANDARD DESK

The "Oliver" Standard Desk is the "last word" in stationary school desk construction. Neat in appearance, sanitary in design, yet strong and durable.

Castings of grey iron, are extra heavy, of good spread, plain smooth graceful lines and finished in finest black baking Japan.

Flush pressed steel, nickel plated ink wells in four largest sizes.

Seat hinge is simple in construction, noiseless, and cannot wear or loosen. Has only one cold rolled steel bearing. Nothing to get out of order.

Woodwork is well seasoned Birch or hard Maple.

Easily fastened to the irons with screws and our special dovetail method, making a firm, solid desk, and giving a correct position of the body to the pupil.

Desk tops are finished in Golden or Cherry and seats and backs natural. We use only waterproof varnish which gives a good hard oil finish.

We ship all desks set up unless otherwise advised or when going long distances.

Desks are fully guaranteed in every way.

Gentlemen:

I beg to inform you that your tender for the supplying of the desks required for delivery at Wallaceburg, Ont., is accepted. It has been found necessary to make a change in the sizes of the desks, in order to provide seating accommodation for the different ages of the pupils. I have, therefore, to request that you will arrange to ship as soon as possible addressed to R. H. Abraham, Esq., Wallaceburg, Ont., the following desks, viz:

10	No. 5	Single Desks		\$6.25	ea.	-	\$62.50
10	No. 4	"		6.50	"	-	65.00
8	No. 3	"		6.50	"	-	52.00
7	No. 2	"		6.75	"	-	47.25
5	No. 5	Fronts		5.25	"	-	26.25
5	No. 2	Rears		5.75	"	-	28.75

1	"	Chair, No. 76					6.00
3	Visitors'	Chairs, No. 74		3.50	"	-	10.50
1	Bookcase,	Wood Panel Doors, No. 20					20.00
							<u>\$341.25.</u>

It is noted that you quote on the school desks set up. Ink wells should be supplied with each desk. The desks, etc., should be supplied at the price quoted, viz: \$341.25, F.O.B. Wallaceburg, Ont.

When shipment has been made please forward your account, in duplicate, to Mr. Abraham, who is being informed of the order having been placed with you, and requested, upon receipt of the desks, etc., if in good condition, to certify the account and send it to the Department when payment will be made.

I shall be pleased to receive an acknowledgment of this order and the date when shipment will go forward.

Yours very truly,

OFFICE OF THE
AGRICULTURAL REPRESENTATIVE

CHATHAM, ONT. Jan. 4, 1924.

Dear Sir:

I am returning, herewith, voucher for material for No. 2 school Walpole Island for \$1273.67 instead of \$1490.07 and a voucher for \$216.40 for work performed on closets Walpole Island. I did not know it was necessary to separate these items. I am unable at the present time to locate my file on which authority was given for the construction of the Walpole Island school or for the laboratories. I might say that I have received accountable checks for carrying on both works with. The account marked in your letter of Dec. 26, No. 40-2-5, \$234.15 was for material for the Walpole Island No. 2 school and was properly included.

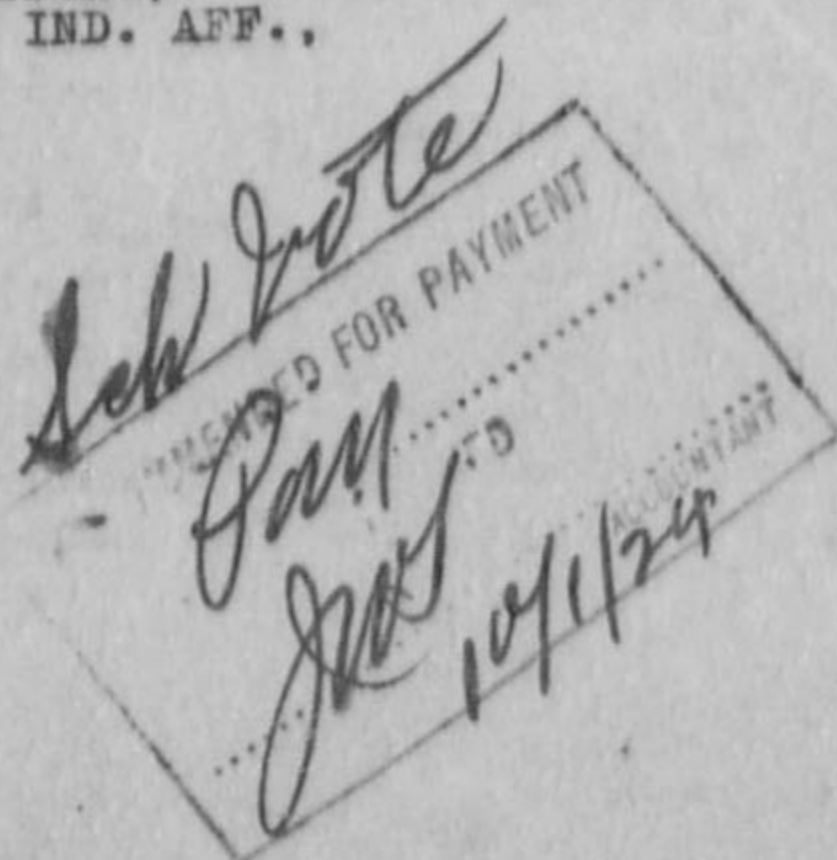

The account for work on the laboratories was returned to me for correction of an error and as soon as I am able to straighten this out I will return it to you.

Yours truly,

R

CHATHAM, ONT. Feb. 25, 1924.

Dear Sir: I

I am enclosing, herewith, vouchers in connection with tinsmithing at the #2 School Walpole Island, also for erecting jacket for the stove. A. M. Labelle solicitor at Wallaceburg has forwarded to me the following order.

It seems that Labelle, on behalf of the creditors of Thompkins has seized his machinery and tools and Thompkins signed this order asking to have the check sent to Labelle. What I would recommend is that the check be made out to Thompkins and forwarded to Labelle. Thompkins would have to endorse the check before Labelle cashed it.

Yours truly,

Dear Sir:

You will please find enclosed vouchers in my favor for \$2215.50. You will also find pay sheet covering \$1874.42. The items on the voucher covering the pay sheets amounts to \$1874.50, a difference of 12¢. This is owing to the fact that in paying Mr. Tong he knocked off 12¢ in one check. You will also note that there was a contract let to Frank Milbourn for plastering 521 yards @ 41¢. I might say that in this connection that there were two tenders both at 40¢ per yard, and I awarded it to Milburn as I knew he was a good man. You will note that there is an overdraft of \$211.83, which amount should be returned to me. You will find enclosed yellow forms in connection with the Milburn contract.

Dear Sir:

I am enclosing, herewith, voucher for \$181.60 for balance of material supplied to No. 2 school, Walpole Island. You will note that we have a credit on the bill of \$250.00. This was for material, 5000 ft. of oak at \$50.00 per 1000, I sold to the Lumber Co., because it was not dry enough to use as finish, and purchased dry material . from

I might say that the Wallaceburg Lumber Co., is the only lumber Co., in the vicinity where the work was being done.

Dear Sir:

On February 23, I forwarded to you vouchers and pay sheet in connection with work performed on the Walpole Island No. 2 school. This statement showed that the account was over-drawn \$211.83, and this together with \$12.54 which I paid in on behalf of James Kicknosway's loan account, made a total of \$224.37, which my account was over-drawn.

I beg to say that the bank is anxious that I make this deposit to cover the shortage. I would be glad if you would forward this by return mail.

Sir,-

Referring to your letter of the 18th instant, I regret the necessity of re-inclosing the voucher which you submitted in favour of the Wallaceburg Lumber Company for building material supplied for No. 2 School, Walpole Island, but I have to point out that the addition of the account is incorrect. Kindly see that it is in proper form for payment before it is returned. It should be corrected and returned promptly.

I beg to draw attention to the fact that on the 29th March the Department sent you cheque No. 6388 for \$252.13 to cover a balance due for work on school building No. 2 Walpole Island. Through inadvertence an overpayment of \$15.30 was made by the issue of the cheque, as the last mentioned amount was twice covered. I have to request therefore that you will be good enough to make refund to the Department to the amount of \$15.30 in order that the account may be balanced. Sir:

Relative to conversation with you while in the Department yesterday regarding matters in connection with the Walpole Island No. 2 Indian Day School, I beg to inform you that you may arrange to have a suitable fence erected around the school grounds, and you may also arrange to have a walk built from the front of the school building to the road. You should also arrange to have the woodshed moved from its present position to a suitable site.

As the old school building will not be further required, you should arrange to sell the same to the person making the highest offer. The money received for this old building should be forwarded to the Department for credit to the funds of the Pottawatamie Band.

No unnecessary expenditure should be incurred in the fencing, building of the walk and moving of the woodshed. In the purchase of any material required, competitive prices should, if possible, be obtained. Proper time sheets, in duplicate, should be kept of the labour employed. Properly certified vouchers, in duplicate, should be forwarded covering the expenditure incurred when the work has been completed. The above authorized work should receive your early attention.

Dear Sir:

I am enclosing, herewith, bills from Shaw & Shaw, for 50 pounds of nails, for cook stove, stove pipes, etc. I was under the impression that these had been paid for some time ago, but I cannot find any trace of it in my office. The stove was for the new No. 2 school, Walpole Isl.

Sir:

The Public School Inspector, in a report on his recent inspection of the Walpole Island No. 2 Indian Day School, states that the desks in the classroom are badly arranged. He suggests that desks of the same sizes be placed in the same row, running from front to rear. Please consult the teacher regarding this matter, and, if possible, have a re-arrangement made in the present position of the desks, in order to comply with the Inspector's recommendation.

I shall be pleased to hear later as to what steps you have taken to carry out this suggestion.

Nov. 28th

To
The Secretary,
Dept. of Indian Affairs,
Ottawa,
Sir.

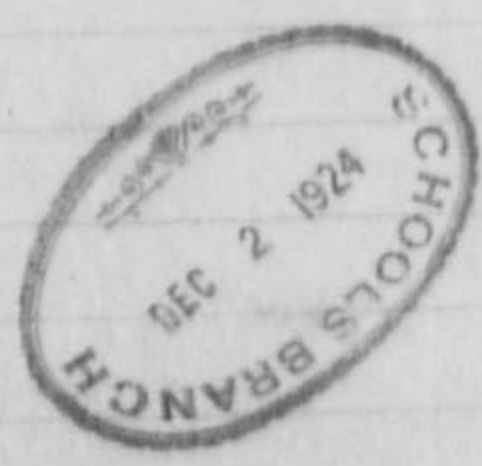

R

I have been informed that the Indian Department has given a grant of money to buy presents for the pupils of No. 2 School, Walpole Island, at Christmas time. I therefore, apply for that grant.

There are, at present 47 names in the register and most of these have been attending school this month, evidently with the hope of being rewarded. Some of the children appear to be wretchedly poor, and I believe a small reward would make them happy and encourage them to attend school all the year. Hoping for an early and favourable reply -

I am,

Yours Respectfully,

Madam:

I have your letter of the 28th ultimo and in reply I have to say that the Department will approve of an expenditure not exceeding \$10.00 in the purchase of suitable gifts. These are to be given to the pupils of the Walpole Island No. 2 Indian Day School before the school closes for the Christmas holidays. You should obtain itemized accounts, in duplicate, from the merchant from whom you make the purchase. You will hand these accounts to Mr. Indian Agent Paul. He is being informed of the authority granted you for the above expenditure and requested to certify and send the accounts to the Department for payment. The above amount should not be exceeded.

I shall be pleased if, in the future, you will forward all requests concerning matters in connection with your school through the office of your local Indian Agent.

#3 Wallaceburg.
Nov. 30th '25.

The Secretary,
Dept. of Indian Affairs,
Ottawa.

Sir.

I hereby
make application for a
grant of twenty dollars
to be used for buying
Christmas Presents for the
Children of No 2 School, Walpole
Island. - There are forty-one
children of school age in this
section and of these thirty-nine
are enrolled - many appear to
be very poor, and will probably
receive nothing but what is
given to them here -

Respectfully -

Ethel E George.
Teacher.

Sir:

The Public School Inspector, in a report on his recent inspection of the Walpole Island No. 2 Indian Day School, recommends that a screen be placed between the boys' and girls' toilets, in order to prevent easy access from one to the other. Please state whether you would recommend that a screen be erected, and, if so, you should state the approximate cost of same.

Your early attention to this matter is requested, as, if it is intended to have this work done, it can be carried out during the coming summer holidays.

Sir:

I have your letter of the 13th instant, enclosing a communication from the teacher of the Walpole Island No. 2 Indian Day School, requesting that a grant of \$20 be provided for the purpose of purchasing prizes for the pupils at Christmas.

In reply I beg to say that the sum of \$15 was provided last Christmas for this purpose and, as the demands are many and our funds are limited, it will not be possible to increase the amount this year. You may, therefore, incur an expenditure not exceeding \$15 in the purchase of gifts to be awarded the pupils before the school closes for the coming Christmas holidays.

Please forward itemized accounts, in duplicate, properly certified, covering the expenditure incurred.

Sir:

I have your letter of the 25th instant, enclosing a requisition from the teacher of the Walpole Island No. 2 Indian Day School for the erection of a new fence around the school grounds. It is noted that the old fence is past repairing, and that the cost of the material and labour in erecting a new fence would be approximately \$42.

The Department will approve of having the new fence erected. You should arrange for the purchase of the fencing material, including wire, staples, posts, etc., and for the labour in having the fence erected. You should see that a satisfactory job is completed and at as low a cost as possible. After the work has been finished, please forward an account, in duplicate, properly certified covering the cost of the material and for the labour in erecting the fence.

No 2. School.
Walpole Island,
Nov. 19th '28.

Sir.

I hereby apply
for a grant of \$20.00 to buy
Christmas presents for the
children of No 2. School.

There are thirty-eight names
in the Register, and the average
attendance for October was 28.88,
but will be higher, for during
the fall some of the parents work
on the mainland and take their
children with them.

Respectfully yours,

No. 2. School.
Nov. 27th.

I would like to have
a register put in the wall to let
the heat from the school room into
the hall in my rooms. These rooms
are very cold in the winter and
there is no way of setting up a
heater. The cooking stove does not
hold enough wood to keep a fire
going for any longer than an hour
or two, and a small closed-in porch
over the back door is very badly needed
to keep out the wind and snow in
the winter. Sometimes I cannot even
open the door, only a very small
porch is needed. Large enough to
shelter the door and for a little
wood. Another thing badly needed is
separate toilets, this was recommended
by the Inspector, Mr. Conn. This
toilet is very unsanitary and inconve-
nient. I hope you will be able to
have these things done for us, for
I very seldom make requests, and
then only when they are absolutely
necessary. I am

Yours Respectfully,
Ethel E. George.

Sirs I, am encloseing a letter from Ethel E George teacher of No 2 school. this letter will speak for it self.
I was down to this school today and would say the register in the wall is needed as there is no way for heat to resch these rooms from the cook stove. I All so think the storm porch would be a great benefit and saving on wood and would recomend favorable consideration.
The toilets are much the same condition as NO. I school which I spoke about a few weeks ago. a private toilet no doubt would be much appreciated by the teacher as for the children I doubt if it would be much more sanitary

Sir:

I have your letter of the 7th instant, enclosing a communication from the teacher of the Walpole Island No. 2 Indian Day School in which she requests that a register be placed in the wall in the schoolroom to permit the heat from this room into the hall in the teacher's rooms, also that a small porch be erected at the back door and that separate toilets be installed.

In reply I beg to say that you may arrange to have a register placed in the wall in a suitable locality to serve the purpose for which it is required. You may also arrange to have a small porch erected at the back door of the residence. The estimate which you forwarded from Messrs. Reedy & Cain, Contractors, for the performing of this work has been noted. It is considered, however, that a porch of smaller dimensions than those mentioned would be satisfactory. This porch should be finished to correspond with the rest of the building.

The Department is not prepared at the present time to authorize the building of an outside toilet. If the present toilets require cleaning, you may arrange to have this work done and have them placed in a sanitary condition.

It is expected that you will see that all costs in the installing of a register and the building of a porch are kept down to the lowest possible cost, having in view the performance of a satisfactory job.

After the work has been completed, please forward an account, in duplicate properly certified, covering the cost.

At No. 2. school there is a building 14 by 16. ft. used for piling wood in and storing other articles in the roof is completely gone the teacher Mrs. Ethel E. George. has ask to have this roof repaired as every thing in side remained water soaked all the time. It would take about two thousand shingles if the roof is not repaired the rest of the building will will soon spoil.

Infront of this school there is a small ditch that needs a bridge at the entrance to the drive way as cars and loads of wood etz often can not cross material for this bridge I think can be had from public lumber belonging to the bands on the reserve.

I estimate the total cost to be about \$ 30.00

Sir

I beg to enclose a request from Mrs Ethel E George Teacher at No.2 school. Mrs George states that she has purchased a car and ask that a larger door be made in the shed that is located on the school grounds that she might be able to drive her car in,

This Job ~~would be~~ would not be expensive there would need to be enough new lumber to make an eight or ten foot door and a track for it to run on and the labor would probaly total about 20.00 . to

I think what Mrs George is asking for is not unreasonable the No.2 school is sitted at the lower end of the Island and her principal way of travel was to walk she will find her car very convient and she can hardly be expected to keep it out side in all kinds of weather for the above reasons I would ask that this request be granted,

Sir,-

I have your letter of the 27th ultimo, enclosing a communication from Mrs. Ethel E. George, teacher of the Walpole Island No. 2 Indian Day School, requesting that a larger door be made in the shed in order that she can use same for the storing of her car. In reply I beg to say that you may arrange to have the extension required made to the door. It is noted that you estimate the cost to be, approximately, \$20.00. If possible, you should keep the cost of the material and labour below this estimate and, when the work is completed, you should furnish certified accounts, in duplicate, covering the expenditure incurred.

Ottawa, November 25th, 1929.

Sir:

I have your letter of the 20th instant, enclosing a communication from the teacher of the Walpole Island No. 1 Indian Day School for a grant to purchase small gifts for the pupils for Christmas.

In reply I have to say that the Department will approve of an expenditure not exceeding the sum of \$25 in the purchase of suitable toys or other gifts. The teachers may arrange for the purchase of the articles they consider suitable to a total cost not exceeding the above authorized amount. They should obtain itemized accounts, in duplicate, which they should hand to you. You should attach the accounts to proper voucher forms, which you should certify in the usual manner and send to the Department for payment.

Relative to a grant for the same purpose for the pupils of the No. 2 School, I have to say that the Department will approve of the teacher incurring an expenditure not exceeding the sum of \$15. Itemized accounts should be obtained and certified by you in the same manner as in the case of the account for prizes for the No. 1 School mentioned above.

Please inform the teachers of both these schools of the amounts granted for the purpose of purchasing gifts for the pupils at their schools for the coming Christmas.

When Inspector McGugan was on the reserve he suggested that the school floors be oiled again at the Christmas holidays and to day the teachers were asking to have it done

The work done on the floor at NO. 2 school during the summer holidays did not seem as satisfactory as that done at NO. 1 school it remain some what sticky although the painter claimed to of used the same material, the day of the school fair at No. 2 school was very wet and muddy and it was tramped quite bad,

If the Department aproves of this work being done I dould think that a coat of boiled oil or some hard surfaced quick drying floor oil would be quite serviceable. quickly applied.

Ottawa, June 23rd, 1930.

Sir:

I have your letter of the 19th instant, relative to the painting of the Walpole Island No. 1 and No. 2 Indian Day School buildings, and also to certain painting required at the teacher's residence at the No. 2 School. In reply I have to say that our funds during the present fiscal year are extremely limited, and the painting of the two school buildings will have to stand over until next summer.

Relative to the painting of the floors in the residence at the No. 2 School, it is noted that if this paint is supplied the teacher will carry out the work without charge to the Department. You may arrange for the purchase of the quantity of paint required to paint the floors and have same delivered to the teacher. Please forward a certified account, in duplicate, covering the cost of the paint.

Sir:

The Department has decided to paint the exteriors of the two Indian Day Schools on Walpole Island. You will please purchase, to the best advantage, the paints, ready mixed, and engage competent Indians to do the work. The account for the paint should be properly certified, in duplicate, and forwarded to Ottawa for payment. Labour returns, in duplicate, should be kept, showing the hours put in by the Indians employed. As soon as you make the arrangements, you should apply to the Department for an accountable cheque. Please have each of the buildings given two coats.

Nov. 28th '30.

Sir.

I am hereby making application for the annual grant given to buy Christmas Presents for the pupils of No 2. School, Walpole Is. The amount usually given is fifteen dollars. There are 37 names on the Register.

I am applying for this money early, in order to get the presents before the Christmas rush comes in at the stores, and before the things are picked over.

Respectfully yours,
Ethel E. Georgas.

Walpole Island Ont. Nov. 29th. 1930.

Sir.

For your information I beg to say that the plaster on the ceiling of the kitchen at NO. 2 school Walpole Island is all loose and cracked some parts hanging an inch below others and may all drop any time again there is a possibility that it might hang for some time.

I, am of the impression that the only permanent repair would be to re-plaster but a strong board acrossed the ceiling and fastened to the joist with screw nails might hold untill a better season of the year for plastering.

If the Inspector is likely to be at Walpole Island in the near future both the above and the pump at No. 1 school mention in the enclose letter might wait for his inspection if not I would they be attended to at an early date.

Madam:

Replying to your letter of the 28th ultimo, I have to say that Mr. Agent Highfield is being authorized to incur an expenditure not exceeding the sum of \$10 in the purchase of supplies for a treat to the pupils of the Walpole Island Indian Day School to be given them before the school closes for the coming Christmas holidays. Our funds for the balance of the present fiscal year are extremely limited and there are many demands. It is regretted that the above is the full amount that can be allowed at Christmas this year.

In future, I shall be pleased if you will forward requests of this nature through the office of your local Indian Agent. I may say that he has already made application for the grant for the purchase of the supplies for Christmas.

Sir:

I have your letter of the 29th ultimo, relative to the condition of the ceiling of the kitchen in the teacher's residence at the Walpole Island No. 2 Indian Day School.

In this connection I have to say that, as our funds are extremely limited, the Department is not prepared to authorize the replastering of this ceiling until next spring unless you consider this work to be urgent. If the installing of a board across the ceiling, to be fastened to the joist, would be satisfactory and prevent the plaster from falling, you may arrange to have same installed. If, however, you consider that the work of replastering the ceiling should be carried out at the present time, you should forward an estimate of the cost of having the work done.

Sir:

Mr. Inspector McGeekin, in a report on his recent inspection of the Walpole Island No. 2 Indian Day School, states that the plaster ceiling in the kitchen has fallen. He also states that the remainder of the plaster should be removed and the ceiling replastered. He estimates the cost to be approximately \$35.

I have to request that you will arrange to have the ceiling of the kitchen replastered and placed in good condition. You should give this matter your early attention, keeping all costs in having the work done as low as possible.

After the plastering has been completed to your satisfaction, you should forward an account, in duplicate, properly certified, covering the cost.

NOV 10 1931

Sir:-

I beg to report on the condition of the well and pump at No. 2 School. The threads on the pipe are gone and we cannot hold the pipe to the pump head only by letting it rest on the bottom and the pipe is so badly rusted that it will not hold the new threads. The pump head and handle are also broken. The pump as a whole is beyond repair. We cannot make a successful job of cleaning the well out as it is necessary to have a man in the well to hold the pipes first by resting the bottom one on something on the bottom of the well and setting the pump on the pipe. After the pump is put together the man cannot get out of the well.

When Inspector McGookin was on the Reserve in July of this year he looked at this pump and at that time advised getting a new one. It is in a worse condition now. As I was never instructed by the Department to purchase a pump I have endeavored to keep the old one in condition but I find it is impossible to do so also impossible to clean the well properly. The janitor has pumped the well dry but the teacher is still complaining of the condition of the water. I would recommend purchase of a new pump and estimate the cost to be about Twelve Dollars (\$12.00).

Sir:

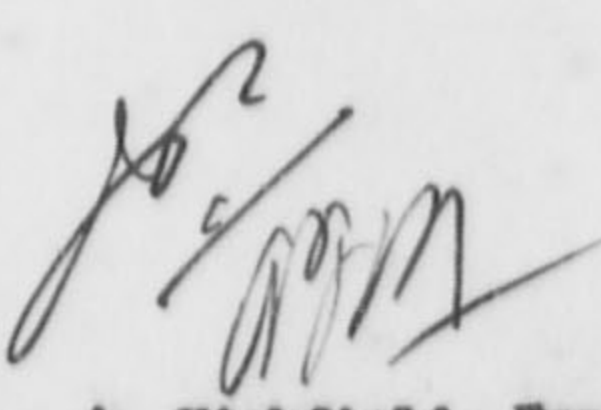

I have your letter of the 7th instant, relative to the condition of the well and pump at the Walpole Island No. 2 Indian Day School.

In reply I have to say that, in view of your report that the pump is beyond repair, you may arrange for the purchase and installation of a new pump of a type that would be suitable for the purpose. It is noted that you estimate the cost to be approximately \$12, and you may also arrange to have the well cleaned out, the pump installed and the well placed in good condition for use. The purchase and installation of the pump should receive your early attention.

When this work has been completed, you should forward an account, in duplicate, properly certified, covering the cost of the pump and also the cost of any labour in cleaning the well and installing the pump.

Sir.

I beg to enclose requisition from No. 2 school. I might say for your information that the windows are rather low at this school and the pupils during school hours can easily see out. And the teacher Mrs. E. E. George thinks a cretone curtain 10 or 15 inches high would prevent the pupils attention being taken from there work by what taken place out side,

As the expence would be small I would recomend that this requisition be granted.

I beg to enclose vouchers in favor of Henderson Shipman amounting to Fourteen Dollars (\$14.00) for work done at No. 2 School grounds and outbuildings. This work has been spread over a term of about one year. Inspector McGookin arranged with Mr. Shipman for mowing grass when on the Reserve in July. The repairs to toilets was done about a year ago and consisted of putting in galvanized urinal troughs. We had considerable trouble during the last season keeping the water fit for drinking purposes in this well but we now have a new pump and new top and seems quite satisfactory.

Sir:-

With reference to your letter of the 2nd ultimo, file No. 40-2-4, re repairs and supplies for No. 2 School, I have made an examination of the fence and did not find any posts out. Two of the corner posts have raised and allowed the wire to become loose. I estimate the cost of fixing the bridge and fence to be about Six Dollars. I have already had the bridge fixed and the fence pulled to place. In reference to screening the verandah I gave the Port Lambton firm the size and asked for an estimate. They stated Thirty Five to Forty Dollars. I also called a Wallaceburg Builder and Contractor whose estimate was a Hundred and Eighteen Dollars. My personal opinion is that Thirty Five or Forty Dollars would be high enough. If I had been estimating myself I would have said about Thirty Dollars. The size of the verandah is nine by nine feet by nine and a half feet high to be enclosed on three sides, no door required as the house door could be used. It would need to be enclosed by a two or two and a half foot railing at the bottom.

Walpole Island Ont. April 3rd 1933.

Sir.

I beg to enclose the quarterly report from No.1 and No.2 Walpole Island Indian day school for the quarter ending March 31 1933.

In reference to the requisition from Ethel E George teacher at No.2 school I might say that no doubt that a floor in the garage would be a great convenience as the ground is wet and soft at this time of year. If flooring the whole garage was too much expense there could be two 10 or 12 inch plank placed for the wheels to run on this would keep the tire of the ground and out of the mud and would be serviceable for several years.

I will have to make another report on the toilets I had arranged to have the toilets cleaned (the work has not been done as yet) but at that time I did not notice that the cement catch basin had caved in in fact I, am quite sure they had not, it may be possible that they have caved in since the frost has come out of the ground. In the spring they are allway considerable ~~xxxxxxx~~ water ceeps in from soil and untill this water gets away some and the ground dry up it would be more expensive to have them cleaned. Both toilets are in the one building but there is a room between that was original used for the teacher toilet, If at any time the Department was building new toilets it would probaly be better to build the boys and girls separte I, am of the opinion that this toilet will do untill financial conditions improve.

Sir:

I have your letter of the third instant, with reference to the requisition from the teacher of the Walpole Island No. 2 Indian Day School. In this connection I have to say that the Department has no funds to provide for a floor in the garage. It is considered that, if the teacher requires planking for her car to rest on, in order to keep the tires off the ground, she should be in a position to supply this material herself.

It is noted that you will arrange to have the toilets cleaned and the cement catch basin repaired. Any costs in connection with the cleaning and repairing of the toilets should be kept to the lowest possible point. Our funds during the present fiscal year will be extremely limited, and requests should be made for only the absolutely urgent repairs, etc. After the repairs and the cleaning of the closets have been completed, you should forward accounts, in triplicate, properly certified, covering the expenditure incurred.

Re-toilets at No.2 school.

In further reference to official letter of April 6th file NO.40-2-5 Re-repairs to toilet catch basins at NO. 2 school. I would beg to say that I have never made the necessary repairs to this toilet, when the water went down enough last spring to see what condition they were in I found that the cement wall under the toilet forming the catch basin was completely gone and fell in. it would need to be broke up with a sledge and removed and a complete new wall built, I let it go at the time as I expected Mr. Inspector McGookin some time during the summer and it was my intention to call it to his attention for his opinion and report.

Mrs. George would much prefer that the toilets be dived and the girls and boys located at separate places. In my first report I was of the opinion that it could be repaired much cheaper where it is, but after seeing the real condition that it is in, there would not be the difference in the cost that I expected, All thought I still feel that the repair should cost less than moving to new locations if we could get men to do the repair where it is.

Last April I ask Peter Kiyoshk an Indian Mason to look at the work and give me an estimate of cost or repair. I am enclosing his estimate, he did not feel inclined to build a new wall under the old toilets. he gave an estimate of the cost of labor to build separate this double toilet and dig holes and erect as two separate toilets with concrete catch basins. at \$25.00 with a list of material required. Recently I met Joseph Cain of the firm of Readys & Cain Contractor, on the reserve and I ask him to look at this work. He stated he would not care to go under the toilet where it is to build a wall. He estimated the cost of material if toilet were cut in half and moved at \$35.00 to \$40.00 and labor at \$25.00.

It is possible to use the toilets as they are

for a while, but it very hard to keep clean as one wall has
fell in completely. and the ground would be quite likely
fall in when the frost leave the ground another spring.
It might be condemned bu the school inspector at any time.

Sir:

I have your letter of the 16th instant, regarding the condition of the toilets at the Walpole Island No. 2 Indian Day School. It is noted the teacher requests that the present toilets be divided and placed on different locations. The Department has considered the estimate which you submit from an Indian mason, covering the cost of material and labour to separate the double toilets, dig holes, and erect two separate toilets with concrete catch basins and also the quotation from Ready & Cain, which covers the cost of materials and labour if the toilets were cut in half and moved to other locations.

ENCUMB.
REQ'N. No. 877

It is considered that it would be advisable to have these toilets divided and moved to a new location and to have proper catch basins installed. You may arrange to have this work carried out by the Indian mason mentioned by you, if you believe that he would perform the work satisfactorily. I enclose an encumbrance certificate authorizing an expenditure to the amount of \$65.00, covering the cost of material and labour. I would request that you arrange to have the toilets at this school placed in a satisfactory condition, as mentioned above, and that the work is completed at an early date. After same is finished to your satisfaction, you should forward accounts, in triplicate, properly certified, covering the cost of the material and for the labour. Please state on each copy of the vouchers that the expenditure was authorized by E. R. No. 877. The total amount expended in connection with this work should not exceed \$65.00.

In reference to enclose voucher in favor of James Daley amounting to \$3.27., I would beg to say that I ask Mr. Daley to transfer exhibits from No. 2 school for the school fair,

In reference to the pupil Burton Newayosh, I might say that he was injured with a base ball bat the day I was holding the Chippewa, Intere at pay, I could not conveniently leave the pay table, Dr. C.E. Rowland was not at home and was not expected home untill evening, The accident happened about 10/30 A.M., The boy needed clips or stitches to close the wound, I thought it would be less expence to take the boy to Wallaceburg than bhave a Doctor come out,

Walpole Island, Ont., Dec. 1, 1933.

Sir:-

I beg to enclose requisition from Mrs. E. George, teacher at No. 2 School, asking that a heater be supplied for the residence.

I have priced the heaters at Wallaceburg and an iron wood burner costs from \$11.00 from \$14.00, depending on the size. I think a small one would be satisfactory. The stove and pipes would probably cost \$12.00 to \$13.00. Air tight galvanized iron heaters can be purchased from six to seven dollars depending on size. A small one of these with pipes can be furnished for eight dollars, or less. Mrs. George would be quite satisfied with one of these air tight heaters.

I might say that while this may not be an actual necessity it no doubt would be a great convenience as the only way Mrs. George has of heating her living room and sleeping quarters is from the cook stove in the kitchen. This winter Mrs. George has a lady living with her to assist in the house work. This lady has a small girl and they find it rather cold for the child.

Sir:

I beg to acknowledge receipt of your voucher No. 49 for \$1.30 in favour of Sam Shipman. This account is being paid, but it is noted that it includes a charge for \$1.00 for cleaning stove pipes at the No. 2 School. As Shipman is the janitor of the No. 2 School, cleaning stove pipes is considered part of his duties, and therefore, in future, no extra charge should be made for doing this work.

To Mr. Highfield

Sir.

The water in the well at No. 2. School, while being all right for drinking is unfit to use for washing and personal use.

When I cannot save enough rain water to last till the next rain I have to get water from the river about two miles away.

A cistern is badly needed for there is much rain water from the roof that could be stored and used the year round.

The cistern could have a force pump in the kitchen.

Yours Respectfully

Ethel E. George

I beg to enclose from Mrs. Ethel

E George teacher at No. school Walpole Island, asking for a water
Cistern at No. 2 school. She also asked while I was at the
school on the 7th instant if it would be possible to have the
interior of the school room cleaned and painted this year.
While the Cistern would be a great convenience to Mrs. George
if both can not be done, I am of the opinion that redecorating
the interior of the school room would do the most good to
the largest number, it is needed.

With reference to your letter of the 9th instant, please let me have an estimate of the cost of decorating the interior of the Walpole Island No. 2 School.

The Department has no funds available for installing a cistern in this school. Would it not meet the requirements if a barrel was purchased to catch the rain water off the roof?

Sir:

I have your letter of the 11th instant, regarding the redecorating of the interior of the Walpole Island No. 2 Indian Day School and enclosing estimates which you received for the carrying out of this work.

In reply I have to say the Department will approve of an expenditure, not to exceed the sum of \$100.00, for the labour and materials in painting and cleaning the interior of the building. You should see that the work is completed in a satisfactory manner, during the present holidays. When finished, you should forward vouchers, in triplicate, covering the cost of the materials, and also vouchers, in triplicate, for the labour. Please state definitely the number of days or hours employed and the rate paid.

I enclose encumbrance certificate, authorizing funds to the above amount for the purpose of carrying out the work mentioned. You should state, on each copy of your voucher, that the expenditure was incurred under authority of E. R. No. 3510.

I would say in reference to your letter of the 18th of July, file no. 40-25, in reference to the interior of the school, encumbrance certificate No. 3510 for \$100, this is Mr. Johnson's estimate. Mr. Seed has also offered to do the job for \$100. but says he could not do quite as good a job as he had intended. This work is not yet started but I have told both men that which ever done the work, I would expect job to be completed and in good condition although they are to work by day labor.

No. 2 School,

Dec. 20th. 1935.

To Mr. Highfield

Sir.

I would like to have four storm windows for the residence at No. 2. School. The four windows face the west, and when the wind is from that direction it seems to come right in and it is impossible to heat the rooms -

Yours Respectfully,

Ethel E. George

Sir.

I beg to enclose the agent and truant officer Monthly report and the teacher quarterly report for Walpole Island No.1 and No.2 schools, for the Month and quarter ending Sept.30th 1936,

I, am allso encloseing requisition and letter from Mrs. Ethel E. George teacher at No.2 school, In further reference to the letter, I might say that I, am haveing the bridge rebuilt, steps repaired and window in toilet replaced I do see anything wrong with the doors to the outhouses, I have allready written the Department in reference to the well., A flag pole is need at this school them only flag pole they have had todote is a small pole erected by the teacher and pupils and is now decayed, The seats are not spaced even and the larger one and smaller one are mixed up and aperantly have been that way since school was opened, The storm windows would probally save there cost in time in fuel.

Ottawa, October 15, 1936.

Dear Sir,-

With reference to your letter of the 9th instant, you may re-arrange the seats in the Walpole Island No. 2 Indian Day School. You may, also, purchase and install 4 storm windows on the west side of the school.

It is considered unnecessary to erect a new flag pole at this season of the year. You may write about this again next spring.

It is noted from the first part of your letter that you are having the bridge rebuilt, the steps repaired and the window replaced in the toilet.

Yours truly,

A. F. MacKenzie.

No. 2 School.

Dec. 26th 1936

To Mr. Highfield

The following are badly needed for the
No. 2 School Residence -

5 pair curtains - old ones are all worn out.
Wall paper and 1 gal. paint for the two
bedrooms. I will hang the paper and
do the painting for two dollars and fifty cents.
The well has not yet been made, and
am using surface water from the old
well which has caved in. The pump has
been taken out and not put back, and
the water is not good.

OFFICE OF
INDIAN AGENT

Walpole Island Ont. Jan. 8th 1936.

R

Sir.

I beg to enclose the agent Monthly report the truant officer Monthly reports for the Month ending December 31st, and the quarterly reports for the quarter ending December 31st 1936.

I am also enclosing letter from Mrs. Ethel E. George teacher at No. 2 school. Mrs. George is some what mistaken about the well. The well has not caved in, the pump is in the well, and it is the same water that they have been using since the school was built. The brick curbing has come loose and men do not care to go to the bottom to clean it out as they usually did, there would be some risk in doing so, but I had the water all pumped out and cleaned the best we could from the top, and for the winter Month I consider the water fair. I had a man drive a point (for a drove well) 25 feet and he did not find water, I had the pump put back in the old well and pumped dry. The weather had become quite cold, the ground froze and the men could not work at that work to advantage. I considered it advisable to delay further work on the well untill spring, it may be necessary then to either get a new well or take the brick curbing out of the old one and rebuild it. and if the brick are removed the well may cave in, I do not think they will suffer any undo hardship in the mean time. The Janitor informs me that he carried Mrs. George water from his place when the pump was out.

Your obedient servant.

Dear Sir:

With reference to your letter of the 5th instant, enclosing letter from the teacher of the Walpole Island No. 2 Indian Day School, you may purchase the curtain material that you consider necessary, but no unnecessary expense should be incurred.

You may also purchase the wall paper and paint required for the two bedrooms, provided the teacher is prepared to do the work without cost to the Department. Present regulations will not permit our paying her for this work.

Yours truly,

R. A. Hoey,

OFFICE OF
INDIAN AGENT

Walpole Island Ont. May 15th 1937.

Sir.

Enclosed find letter from Mrs. Ethel E. George teacher No. 2 school. In reference to flag pole I would refer the Department to official letter dated Oct. 15th 1936 file 40-2-5 they have no flag pole here and I think they should have one at each school, it could be either a wooden pole or iron pipe, a few year ago we erect an iron pipe at No. 1 school. this was set in cement, A high step ladder is needed at this school, for cleaning stove pipes and other work on the wall or ceiling, it should be a 7 or 8 foot step ladder, The stove pipe in this class room go the whole length of the room, every time the pipe are taken apart or put together we have to erect a platform, of some kind,

Mrs. George paid a truck to move a few load of rock from the Anglican church basement to the school last winter and intended to start a rock garden at the school her self with the help of the children, she found securing the dirt to large an undertaking for herself and the children, I do not consider it would take as much dirt as she is asking for, If the Department can see their way clear to approve this, I would recommend that the necessary dirt be secured and a few plants or flowers be purchased to start a rock garden,

In reference to the back steps at residence and screen for porch has not come to my attention while at the school, therefor I can not report fully on these at the present time,

Since the highwater none of the surface wells are very good, during the present week we raised the pump at No. 1 school one foot, which seemed to help considerable Mr. Daley informs me the water is much better now, I will have the one at the back school the first of the week. This is only temporary measure, but there is so much water in the ground now that is practically impossible to pump them dry by hand.

I would refer the Department to there letter of October 15th 1936 file 40-1-5 in reference to driveing steel points for a water supply at both schools, I did not get this work done last year, so attempt was made at No.1 school.at No.2 school there was start made.it turned very cold and was not completed, and the men doing the work were not experienced in this line of work, I think we are quite certain of secureing water with a steel point at No.1 school, with fair prospect at No.2 school. I was talking to a man recently who has put down quite a number of well of this kind, he advises against doing this work now while the ground is so full of water,as one would secure water most any place,but would not be successful when it became drier,

If the approval that the Department gave last year remain good for the present fiscal year I will try this plan later on, At No.2 school there will have to be a new well of some kind or the bricks curbing in the old well removed as the brick are falling in,it is quite possiable when the brick wall in removed it may cave in, It might be possiable to drive a point in the bottom of this old well and fill with several feet of gravel, The gravel would prevent the wall from falling in and help purify the ~~water~~ water,

EX'D.

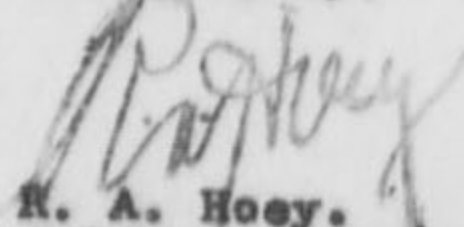

Dear Sir,-

With reference to your letter of the 15th instant, you may arrange for the erection of a flag-pole at the Walpole Island #2 Indian Day School. The cost should be kept as low as possible.

You may, also, purchase a step-ladder and arrange for the drawing of the earth for the garden. A few seeds may also be secured and, if you consider that a new platform and steps at the back door are necessary, you may have this work done. The front porch may also be repaired. The cost of all these improvements should be kept as low as possible.

It is noted that you were not able to do any work last Fall in regard to the wells at both schools. The authority given in official letter of October 15th, 1936, (file 40-1-5) is renewed.

No 2. School.
Walpole Is.
Oct. 13th.

To Mr. Highfield
Sir.

The following
articles are needed at No 2
School.
2 Yale Locks for school room
doors.

1 three quarter size mattress
and coil springs - the ones
in use are worn out, because
they were of a cheap quality - the mattress
is thin and lumpy and the springs
sag.

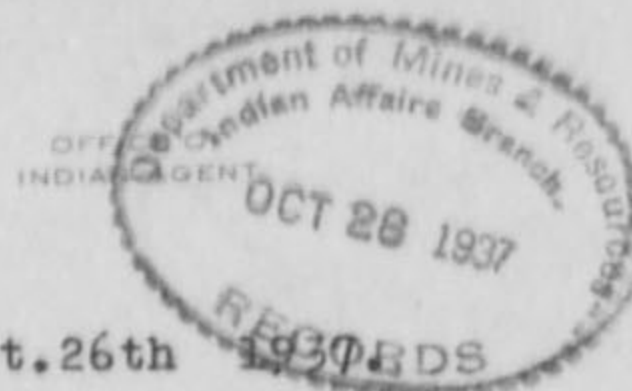

A new bridge and large gate is needed
to the road in front of the school -
the present gate and bridge are at
the side road, and when it rains
it is impossible to get through the
mud to the corner, a distance of
about ten rods, as there is no gravel
on the side road.

Sir.

Enclosed find letter from Ethel E. George teacher at No. 2 school, asking for various supplies at No. 2 school.

I can see any advantage of changing the bridge the bridge is only six rods from the gravel road, if she came out with her car on the other side of school yard she would have 10 or 12 rods to cross the school yard which would probably be worst than the old road bed when wet and it would cut the school yard up when the ground was soft, it would be less cost to gravel the road some time when we had gravel to spare, There are ~~12~~ 2 or 3 three Indian neighbors with in 10 or 12 rod of this gate, last year I offered these people the gravel if they would draw it which they agreed to do but nevered did,

There are common door locks on the school room doors, but an ordinary skelton key will open them, a yale lock could not be opened very easily,

Your obedient servant.

Dear Sir:

I have for acknowledgment your letter of the 8th instant and also letter received by you from Miss Eileen Field, teacher at the No. 1 School, enclosed therewith.

You are authorized to purchase, from an approved local source, a new screen door for the verandah at the teachers' residence. The bats and balls requested by you for the No. 1 and the No. 2 Schools will be sent forward from here.

You might, at your convenience and prior to the close of the present academic year, send forward a list of the essential repairs which, in your judgment, are necessary this year at these schools. It is scarcely necessary to add that the cost of these repairs should be kept down to the lowest possible figure.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

School No: 2. Mrs. George interviewed - Attendance has been poor owing to colds and chicken-pox - improved recently. School room needs decorating, it could be greatly improved by having the paint washed - estimated cost \$10.00. Some other minor plaster repairs could be effected for ~~\$5.00~~. Other than the paint the school is clean and being well looked after.

Dear Sir:

I am in receipt of your letter of the 6th instant with reference to the serving of a midday lunch at the Walpole Island No. 1 and Walpole Island No. 2 Schools.

With reference to the first paragraph of your letter, I would point out that you have not yet received any authority for expenditure for midday lunch purposes. It is true that you were given authority in the year 1939 but that only covered the academic year 1939-40. Instructions have repeatedly been issued to all Indian Agents that new authority must be obtained in every fiscal year.

If you consider the serving of a midday lunch necessary at these two schools, the Department has no objection to allowing the same monthly amount as previously; namely, \$15.00 a month for a period of four months at the No. 1 School and \$8.00 a month for a period of four months at the No. 2 School.

We are not prepared to approve the resolution of the Council with reference to expending an additional \$10.00 a month from band funds. The Department does not see any necessity for this extra expenditure.

Yours truly,

Mr. Jas. W. Daley,
Indian Agent,
Walpole Island, Ont.

Dear Sir: Re Resolution 2 Council December 1, 1941

This Resolution was past in spite of the fact it is identical to a former Resolution passed in a Council Meeting held Nov. 3, 1931, Resolution 7 which was not approved by your Department. The Council feel that the health of the school children would be greatly improved by them getting a small quantity of bread each day at noon. They feel that this vote of \$4 per month and the former vote of \$10 per month is a very small item when it is for the health of their children. They asked me to explain to you that they are not passing this resolution in a spirit of rebellion but are asking you to kindly reconsider Resolution 7 on November 3, 1941, Council and to deal favorably with this.

I understand that the other grant comes from Government appropriation funds. This, of course, would be from Band funds. I regret that I had authorized the other expenditure for noon lunches without getting this authority this year in writing from your department. I understood from the teachers that at the last teacher's convention held at Moraviantown that this was more or less discussed and verbally consented by Mr. Phelan. I do not recall having heard him make the statement myself.

Dear Sir:

I would like permission to get some type of wind guide on the chimney at No. 2 School. The stove in the school room smokes incessantly during the first two hours after the fire is started. This is noticeably worse on days that the wind blows from a certain direction.

This incessant smoke in the school room is not conducive to the health of the children. It would be necessary to have a white tradesman come and place an estimate on the cost of this apparatus as it would have to be made to measure.

Dear Sir:

In reporting on his inspection of the Walpole Island No. 2 Indian Day School, Inspector Pearson writes as follows:

"The plaster should be repaired and the classroom should be redecorated. A urinal should be provided for the boys' closet and the closet door should be repaired. A dust-layer should be used when the floor is being swept."

Please let me know the approximate cost of making the repairs as suggested by the Inspector.

EX'D.

Mr. Jas. W. Daley, Indian Agent, Walpole Island, Ont.

In reporting on his inspection of the Walpole Island No. 2 School on June 14 Inspector Pearson writes as follows:

"The repairs which were recommended one year ago have not been made. If at all possible, the plaster should be repaired and the classroom should be redecorated. A urinal for the boys' closet has not been provided. The closet door is still broken and the pit cover is gone from the girls' toilet. The stove pipes should be cleaned. The teacher states that the classroom has not been scrubbed since the summer of 1942. The water supply is not satisfactory."

Please let me know at once the approximate cost of making the repairs suggested by the Inspector. I trust that this communication will not be treated in the same manner as official letter of July 2, 1942, which brought to your attention certain repairs suggested by the Inspector, but to which no reply was ever received from your office. It is evident from the remarks of the Inspector on his recent visit that some of the matters to which he refers were in the same condition last year.

No. 2 School.

Walpole Is.

Apr 1st 1944

To Mr. Daley,
Sir.

The school stove smokes badly, often we have to open the windows to make the room bearable. Our eyes are affected by the smoke, and the walls and ceiling are blackened. The pipes have not been cleaned since before Christmas and the chimney flue has not been cleaned for years.

The residence needs re-decorating, the wall paper is faded and darkened by smoke from the school room.

If cold water paint is supplied I will do the painting without pay. Cold water paint is cheap and clean. The following are the sizes of the rooms -

One bedroom	approx.	300 sq. ft.	(pink)
Other	"	360 "	(blue)
Dining Room	"	420 "	(yellow)
Stairway	"	250 "	(yellow)

Enclosed find letter sent to this office by Ethel E. George. First re the chimney and the smoke, this condition has existed in No. 2 School for the past 14 years, and the only way that I can see it can be corrected is by the building of a new chimney, and I recommend that this be done during the coming year.

Re the redecorating of wall paper in the living quarters as very little expense has been put on the living quarters at No. 2 School, and as Mrs. George is willing to do the work herself I would recommend that materials and brushes be supplied for the same. She has given the deminsions of the rooms in her letter.

I have for acknowledgment your letter of April 11, in which you refer to certain repairs that appear to be urgently needed at the Walpole Island No. 2 Indian Day School.

It would be appreciated if you would send forward a statement indicating the approximate cost of a new chimney and the redecorating of the living quarters. This work should be undertaken and completed during the vacation period.

In reporting on his inspection of the Walpole Island No. 2 School on the 6th instant, Inspector Pearson writes:

"The repairs which were recommended two years ago and again last year have not been made. The classroom should be redecorated; the closets are still out of repair (the door is off the boys' closet, both pit covers are broken). The water supply is not very satisfactory. The stove is too far from the chimney and the pipes are not cleaned regularly. Consequently the classroom is often filled with smoke."

A review of our file shows that we wrote to you on June 23, 1943, and again on June 10, 1943, and no reply was received to either letter. Please give the Inspector's remarks your immediate attention and let us have a complete report.

I also note that I wrote to you on April 17, regarding certain repairs that you considered were urgently needed at the Walpole Island No. 2 School. At that time you were requested to forward a statement indicating the expenditure that would be necessary, but no reply has yet been received to that letter.

I would like permission to get a new gate for No. 2 School approximately 3 1/2 ft. by 5' this should be a steel gate, but I am informed that they cannot be purchased here. The necessity of this gate is emphasized by the fact that Elijah Blackbird's girl was hurt by a broken part of the old one. Cost

\$250.

You will note that the wainscoting and windows are not to be varnished at No. 2 school, yet the price is the same as for each room at No. 1 School. This is accounted for by the fact that the room at No. 2 school is much larger than the rooms at No. 1 school.

Repairs to the toilets of No. 2 School.

1 door,
2 covers for pits,
1 urinal trough

Total \$20.00

TOTAL COST NO. 2. School

\$270.00

I cannot understand why Inspector Pearson singled out the Senior room of No. 1. School when the Junior room is in just as bad and possible worse.

I did try to get estimates on this work previously but found it impossible. I should have notified you just the same.

I am enclosing Copy of letter sent your office as

OK
I have tried unsuccessfully up until now to get prices
on the repairs to the chimney, or rather a new chimney.
An estimated cost would be \$125.00. This would be a
chimney 29' high with a 8 X 12 flue liner and would be
built right near where the stove in the school room is
situated. I have been attempting to get an Indian to
put a price on painting the interior of the rooms with
a spray-gun, but so far have been unsuccessful in that.

I do not know of any other firms on the approved list
who could do this work. I have been in touch with
Reedy and Cain and they claim they cannot quote any
small figure.

With reference to your letter of the 11th instant, the Department approves an expenditure of \$15.00 for congoleum for the kitchen floor of the teacher's residence at the Walpole Island No. 2 Indian Day School. You may also purchase a coal oil stove at a cost of \$15.00 and incur an expenditure of \$20.00 in repairing the fence.

 A report just received from the School Inspector states that the pump is broken. Is there no way to have this fixed immediately? The Inspector also suggests that two or three pails are required at the school. You may purchase these.

Mr. James W. Daley, Indian Agent,
Walpole Island, Ont.

I have just reviewed Inspector Pearson's report regarding his inspection of the Walpols Island No. 2 Indian Day School on May 3. He reports as follows:-

1 "Someone has blocked the cold air duct to the stove. When there is no intake and only an opening about 1 foot square to permit hot air to get out, it should not be expected that the room can be heated satisfactorily.

✓ "The steps should be repaired and new eave-troughs are needed.

3 "The drinking water is not good. Apparently the pump on the better well is out of repair. This should be given immediate attention.

✓ "The boys' toilet has been out of repair for a long time. A new urinal should be provided and there should be a door on the closet."

I wrote to you regarding the pump on April 17 but have received no reply nor has any account been forwarded. Apparently, you did not carry out the instructions contained in that letter.

I will expect an immediate reply to this letter, stating exactly what you are doing to carry out the Inspector's suggestions as quoted above.

In reply to your letter dated June 25/45 No. 40-2-5
There was no account forwarded to you re the pump because
I had to do the repairing myself as it was impossible
to hire anyone to even look at it. After trying to get someone to
do the general repairs as outlined and not having any success
I did the pump myself as I felt that it was the most
important. In view of the fact that this work needs to be
done and I cannot get any local help unless we pay the
sum of \$1.00 per hour I shall be pleased to attempt to
do this work myself if it is your wish that I do so.
Reports have been sent you of estimates from outside sources
which have also been considered exorbitant. These reports
were not sent this year but the prices remain the same.
Shall I try to get new estimates from white firms?

I am in receipt of a letter from Ethel E. George of No 2 school asking that the following articles be supplied or done.

1. All the steps to the school and residence need repairs and are dangerous in their present state.
2. Fence needs several new posts
3. Screened approaches and doors of boys toilet need repairs.

For the residence

1. 1 gallon of floor paint for stairs and upstairs
2. 1 small window (sash & glass) about 18" X 20" for the south side of kitchen -this room has only one window and very dark at times. (she states tha she will have it put in at her own expense)
3. 1 large window sash for the kitchen the one on the window is rotten and the glass does not fit.

If labour and material are available I would recommend that these things be done. I would also favour the small window asked for but at the expense of the Dept. not Mrs. George.

Extract from Inspector Barrett's Report on
his inspection of the Walpole Island # 2
Indian Day School, dated June 24, 1946.

Original on file # 40-2-4.

The steps at the front are so
rotted and broken they are very dangerous. It is
hoped that these can be repaired during the summer
holidays. The teacher reports the roof is leaking
badly in several spots. A new door is needed for the
boys' toilet as well as minor repairs to the building.
No toilet paper was in evidence the day of this visit.

The outside of the building needs
repainting badly. If it is let go much longer it will
be very costly when the job is undertaken. The fence
needs mending in several places. The water does not
appear or taste very good. Both wells should be tested
and the better one used. I note that the seats are not
fastened as a result of concerts in the school. It would
be well to fasten the seats on strips, about three seats
to a strip. They could then be moved wherever desired
and very easily.

Extract from Inspector F.L. Barrett's report
on the Walpole Island No. 2, School, dated
June 13th, 1947. Original on 40-2-6

1 " The school building and surroundings need attention badly. The outside of the building is bar of paint in spots and should be attended to this summer. The interior needs redecorating although it might be postponed another year. The boys' toilet should be repaired and toilet paper and lime placed in both toilet buildings. As well, the caretaker should be instructed to scrub the toilets regularly. This is not the teacher's job.

It is noted that there is no fire protection for the building. A good fire extinguisher should be provided as well as a ladder which would reach to the roof.

2 The blackboards are so shiny the chalk will scarcely make a mark. If they were given a coat of the proper preparation for hypoplate board this condition could be overcome. Sometime it would be wise to start and replace the present board with slate changing one or two panels a year.

3 The roof has still not been checked nor the drinking water tested.

Ottawa, August 5th, 1947.

Mr. R.J. Steelwood, Superintendent,
Indian Agency, Walpole Island, Ont.

With reference to the Walpole Island No.2
School, Inspector Barrett wrote as follows:

- "1. The caretaker should be instructed to scrub the
toilets regularly. This is not the teacher's job.
- "2. The blackboards are so shiny the chalk will hardly
make a mark. If they were given a coat of the
proper preparation for hypoplate board this con-
dition could be overcome. Sometime it would be
wise to start and replace the present board with
slate changing one or two panels a year.
- "3. The roof has still not been checked nor the
drinking water tested."

With reference to No. 1, necessary in-
structions should be given to the caretaker.

With regard to No. 2, the Department will
order blackboard paint and when received you should have
the blackboards repainted.

Please let me know what repairs you con-
sider are required to the roof. You can also arrange for
having the drinking water tested.

Re: No. 2 School

At the time of Col. Neary's visit to the above school last fall the question of a new stove (Quebec heater and range combined) for the teacher's residence was raised. It did not appear feasible for the Department to purchase this stove for this winter.

Mrs. George, the teacher, has approached me to enquire if it would be possible for her to buy the stove now with her money and submit the bill early in the next fiscal year to re-imburse her. She is quite anxious to avoid the hardship of another winter with the old stove (range) which is used to heat the whole residence.

Will you please advise what may be done in this matter.

Re: No. 2 School - Walpole Island, Ont.

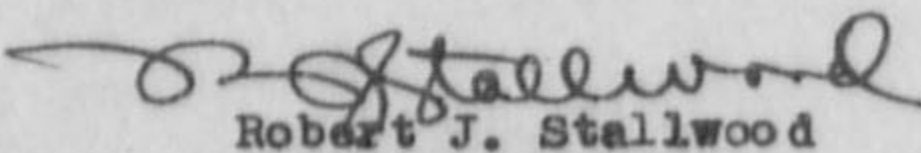

Reference your letter of April 22, 1948.

The following quotation for an ice box is
from Simpson's Summer Catalogue.

1-13AL409 E Small Refrigerator (25lb size)
(e) 103 white enamel - \$24.50.

It will be noted in an accompanying letter
that a request has been made for an ice box for No. 1
School also.

The girls and boys toilets at No. 2 School
are in need of repair. I shall forward an estimate
on this as soon as possible.

Re: Estimates 1949-50
Indian Education
Repairs, Building and Works,
Vote 516,
Schools.

If it is not too late, it is desired to
put in an estimate to cover the shingling of No. 2
School and Teacherage next year.

The approximate cost for materials and labour
will be Two Hundred Dollars.

If this estimate has been made too late, I
could suggest that the estimate given for wiring No. 2
School be transferred to this item. It is almost a
certainty that hydro will not be extended to this school
next year, even if it comes to the Island.

Indian Office, Saint John's,
May 9th 1895.

School 270

Sir: I have the honor
to state that Miss Sarah Bernard,
teacher at West Bay, Saint John's
Island, has applied for an
increase of salary. Miss
Bernard complains that the
\$200⁰⁰ per annum, the present
salary, is hardly sufficient to
maintain herself, as claims
for board &c. consume almost
the entire allowance.
She further complains that the
sum of \$200.00 is very insufficient
compensation for the trouble
which the teaching of such a
large school demands.

With reference to the teacher's
~~application~~ I could respectfully
recommend that an increase
of \$50⁰⁰ be made to the present
salary, as the West Bay
Indian School is the largest,
next to Kikewinikong, in
this Superintendency.

I have the honor to be,

Sir,

I have to acknowledge the receipt of your letter of the 9th instant in which you state that Miss Sarah Bernard, teacher of the West Bay School has applied for an increase of \$50 per annum in her salary. Sir:- I have the honor to acknowledge receipt of Official Letter under date 20th ult. relative to the application of Miss Sarah Bernard, teacher at West Bay, for an increase of salary, and in reply to state that Miss Bernard was duly advised as to purport of Departmental letter.

Miss Bernard states in reply that her present salary is too inadequate and that if she cannot obtain an increase that she will have to leave the Reserve.

I am also in receipt of a letter from the Chief of the West Bay Indians making representations on the teacher's behalf.

The Chief asks that an increase of \$100⁰⁰ be made to present salary; that the teacher is doing well for the pupils

Dear Sir,

I have serious complaints to lay a-
gainst Miss Sarah Bernard, the school
teacher at West Bay. She has repeatedly given
bad example to the people; and I may say
her life is a contradiction to the teachings
of the missionary there. Her influence is for
the worse and to the detriment of the peo-
ple. I beg therefore to have her dismis-
sed. I recommend to be appointed in
her place, Mrs Sophie Shigwadya of Wiku-

I have to acknowledge the receipt of your letter of the 21st enclosing a communication from the Rev: Father Pacquin asking that Miss Sarah Bernard, teacher of the West Bay Indian school, be discharged, and Miss Sophie Shigwadja may be appointed in her stead and in reply I beg to say that in view of the very favorable reports which have been received from Mr White, Separate School Inspector and yourself, regarding the manner in which Miss Bernard has conducted this school, the Department does not consider that it would be justified in summarily discharging her. Dear Sir -

In reply to yours of the 12th inst concerning Miss Sarah Bernard, I will say: I recommended her discharge on the complaint of Father Richard and the Indians. I quote from a letter of Father Richard dated Negeawong March 24, 1896 "The teacher of West Bay (Miss Sarah Bernard) has much misadvised the village and gives no hope of amendment. The Indians are unanimous in saying that she has spent a considerable part of almost every night for many months, alone in the school house with George McManis. She has often shortened her school hours to converse with him." Other charges are made which concern her religious behaviour, into which, I suppose you have not investigated. Miss Sarah Bernard has been several times testified by myself, by Father Baudin and Father Drolot to lead a more exemplary life, otherwise she would have to be discharged. We consider as a first requisite of an Indian teacher, a good moral reputation. The fact alone mentioned may not appear of sufficient importance to warrant her discharge, but to us it means that we cannot trust her, and that she is a hindrance to the work of civilizing the Indians, hence the step I have

me now I had more trouble with the Indians
of West Bay the 1st year I was there because
I boarded at Louis Corbett's and most of
the people told me I was in a bad place
and if I remained there I would be in
trouble all the time and that was the
truth. This was the only family that equires
trouble around there. I was talking
to Father Richard about that family
and that I would and if they did not
stop their talking I would resign but he told
me not to be broken to their words and to
keep on and he said also to be in good
friend with them so as to have peace
but as you could not be in good terms
with them by any way they keep on
telling false stories. I can say more
about the Indians than they can say
about me. however. I can not help it
I did my best for the school and for

To Mr. B. W. Ross
Sir:

This is to inform you about being discharged from the West Bay school on no account that I know of but merely for jealousy. This report was made up by Mr. Louis Corbier he was mad because I did not board with him the 2nd year I went to back and that is the reason I had to go and tell Father Richard some lies about me. I was very sorry to be discharged by Father Paquin. These fathers believe all they hear and take it to be the truth. I was surprised to have my character put down so low. I'm always kept my self decent and always will. I do not care what the Indians say. For every person knows they are talkative and credulous. No other people in West Bay has any thing against me but Corbier & they have all to say to the people in the place but it was no use. I was requested by Father Oudet on Xmas to make a Xmas tree for the pupils I did so and it cost me \$1.00 for it. Besides my word in aiding them all I could in several other things and that is the way they are using me. over

I do not know the reason
I am discharged from my office as teacher of
the West Bay school. I do not know
anything that I did against the
contractors or the priests & also
the people. I always did my best for them
and also for the scholars. I was doing
well when I was told not to go back
by Father Paquin. These reports were
made by Louis Corbier and they are
jealous of me because I had that sit-
uation and another reason. I did not
board with them this year, and they
did not make quite so much money
on me, but the first year they
got my rent & I made and this
was said by Louis Corbier after I
left his place to board my self.
And moreover Louis Corbier advised
me not to talk to the chief name

Sir
 I have the honor to acknowledge receipt of yours of 4th ult. No 151715 with reference to Miss Sarah Bernard the late teacher of the West Bay School. I enclose you Rev. Father Pagnier's letter on the subject also an explanation from Mr. Bernard and would respectfully state that when at West Bay on 27th ult. I talked the matter over with the Chief and other Indians - all of them gave me to understand that Miss Corbin (when Miss Bernard boarded the 1st year of her teaching school) circulated reports detrimental to her character as she went to Board in a small room at the end of the School House. As the Chief says there was no room for such reports.

or atleast that is his opinion, he
 further says that the children all
 progressed well under his care.
 and also attended school regularly
 with the exception of Corbin and
 a few of his friends children - and
 that he would like to see Mr. O'Brien

 Father Richards this morning he
 said Miss Bernard might return
 to the school again if the Dept.
 wished it so but that she should
 never enter the walls of the Church

Rev and Dear Sir:-

If any of the Indian schools in your mission are vacant I beg leave to recommend Miss Alice Barker, 5 Fifth St, Ottawa, for the position of teacher. She is a bright and very deserving person. She taught about a year ago at Pamp Plat and was offered the school at Shesheganung a year ago but her mother would not let her take it.

Sir:-

Referring to two letters
 from the Department dated 21st

 and A. R. Southw. Esq., respectively,
 I have the honor to quote herewith a
 letter from this office to Miss Barker
 dated 30th ult.

" I am just in receipt of yours of 27th.
 " Inq. asking if it will be all right for
 " you to proceed to West Bay, conformably
 " to the instructions of Rev. J. Requin,
 " to take charge of the Indian School at
 " that place; and in reply to say
 " that you will be quite justified in so
 " doing as Miss Egan had advised
 " this office some time ago of her purpose
 " to leave West Bay to-day, and her
 " resignation is now looked upon

" as consummated.
 " The Department is not aware of
 " Miss Ogden's resignation hence the
 " purport of its reply to your letter to them.
 " Full representations shall be made to
 " Headquarters after you shall have been
 " installed in the position, and it is
 " in view of the lateness of the season
 " and the undesirability of delay that
 " so much despatch is necessary.
 " It would be well for you to come up with
 " the least possible delay and you will
 " go by boat to Kaganong, unless Rev.
 " J. Pagnier has otherwise advised you."

The above communication was
 written Miss Barker in consequence
 of a letter received from Rev. J. Pagnier
 under date 14th Mch. in which the
 Reverend gentleman says:—

" In addition to the information given
 " you by Miss Frances Ogden, teacher at
 " West Bay, she informs me that she
 " cannot stay there, and requests me to
 " send there another teacher as soon as
 " possible. On the basis of your previous
 " correspondence, meaning that you

In view of a further communication
 just to hand from Father Paquin,
 in which he adverts to Miss Barker's
 evident disinclination to comply with
 his request until she receives instructions
 from the Department, and asking that
 the appointment be approved as soon
 as possible and the young lady informed
 directly from Ottawa, I have deemed
 it advisable to represent the matter to
 the Department without awaiting Miss
 Barker's arrival we doing so, as at first
 intended, and to respectfully ask that
 she be notified from Headquarters to
 at once leave for the Island, if she has
 not already done so on the strength of my

Sir,

I have to acknowledge the receipt of your letter of the 6th instant informing the Department that Miss Egan, the recently appointed teacher of the West Bay school, had resigned. In reply I beg to say that Miss Alice Barker, who is recommended by Rev. Father Paquin and Mr Inspector Prendergast for this position, has been asked to take charge of this school as soon as possible.

It would be well for you to inform the Department without delay when a vacancy occurs, as in this case much time might have been saved had it been aware of Miss Egan's resignation.

Miss Bogan who had been appoint-
ed to teach at South Bay wrote
to me when I thought that
she was already in the
place, that she had accepted
another school and could
not come, so the school at
South Bay was vacant again
and to satisfy the people
I appointed Madeline Atchitawens

of Uikwemikonging. Since Mr. White passed and he saw Mrs. Sarah Bernard at Killarney and told her in my name to go again to South Bay. Consequently Mrs. Chas King, alias Madeline Alshitamens (a former teacher of South Bay, has the "interim" and she will give up as soon as Miss Sarah Bernard will come. She may have come already.

For the West Bay school I appointed Miss Philomene de Lamorandiere whom I consider to be fit both intellectually and morally to fill the position in a satisfactory manner. It is, however, also a trial.

Please dear sir, inform the Department in order that there may be no difficulty for the salaries when the time will come.

Dear Sir

Last week the teacher for West. bay mission left here and she must have the school opened. She can give satisfaction, and I have all reasons to believe that she will. Her name is, as you may remember, Mrs. Frank ~~Robert~~ Salomon.

For Pishigwaning I saw the chief and obtained that he would accept again J. Louis Wilson to teach as for a trial under the new circumstances made by the enforcement of the compulsory law for regular attendance.

Rev. Sir,

I have to acknowledge the receipt of your letter of the 6th instant in reference to increases to the salaries of the teachers at Wikwemikong, Wikwemikongasing, South Bay, West Bay, and Sheshigwaning schools.

In reply I beg to say that the salary of Miss Frawley was increased to \$350.00 from April 1st, 1910, and that of Miss Duhamel at Sheshigwaning to \$400.00 from that the same date. Evidently you were not aware of these increases had been made.

Miss Frances Solomon is only temporarily engaged as a successor to the late Miss Peacock at West Bay, but if a competent teacher with proper qualifications is secured the Department will pay a salary of \$400.00.

In view of the satisfactory record of Miss St. James, teacher of the South Bay school, her salary will be increased to \$400.00 to take effect from the 1st instant.

A special report on the work of the teachers at the Wikwemikong day schools is being called for and when this is received the question of increase will be given due consideration.

Sir

I have the honor to enclose accounts for West Bay school supplies and caretaker also school report of teacher.

In regard to the remuneration of the teacher of West Bay school the salary is not sufficient to secure permanently proper qualified teachers. Schools such as this one pay their teachers from \$400 to \$500 per annum in the Rural school sections in fact the provincial school regulates according to the assessment, and in any event the salary should not be less than \$400.

In looking over the amount paid to the present teacher, the September term was not taught in full and it appears that the rate paid for that term was at the full average of the year per day. the rate of salary was to be \$300 per annum. the amount the teacher will get \$251.39 that is the teacher is paid \$48.61 less than the full amount. simply because she did not teach some 20 odd days in September. I would suggest that the no of days in which no teacher was employed be deducted from the total and the balance be remitted to the teacher. This teacher came to the assistance of the Department at a less rate of pay than is given to any school by at least \$50 per year in the District, and to charge back at the rate of 2 per day for the term not taught seems unreasonable.

Mr. Scott,-

Mr. Agent Thorburn has written recommending an increase in salary from \$300.00 to \$400.00 for Miss Cushing, teacher of the West Bay Indian School.

Miss Cushing took charge after the holidays last year and has no professional qualifications. The separate school inspector visited her school during the fall term shortly after she commenced her duties and his report is favourable.

I think that Miss Cushing might be allowed a present increase of \$50.00 with a promise of a further increase to \$400.00 provided the next report received from the Inspector is entirely satisfactory.

Ottawa, July 29, 1911.

Sir,

Replying to your letter of the 16th instant I beg to say that the Department is prepared to grant Miss Cushing, teacher of the West Bay School, an increase in salary from \$300.00 to \$350.00 from the first of the current quarter and you will be good enough to advise her accordingly.

It must be remembered that Miss Cushing has no professional training whatever, but should she prove to be an apt and successful teacher the Department would be prepared another year to consider a further increase.

A cheque for \$48.61, being the amount withheld from the September quarter, has been sent you.

Sir,

The Department is in receipt of a return from the West Bay School signed by Clotilda Laferriere. There does not appear to be any record of Miss Laferriere's appointment nor any information as to her qualifications, experience, etc. Presuming that Miss Laferriere is a regularly certified teacher the Department will make payment of the salary due her for the time she taught during the September quarter at the rate of \$400.00 per annum, but the Department cannot decide finally as to the salary to be paid until aware of her qualifications.

Sir,-

Miss Laferriere, teacher of the Indian School at West Bay, states that she asked you sometime ago to have fifty loads of black earth and some fertilizer provided for the school garden and you stated that you had written to the Department about it. Miss Laferriere further states that on Saturday, May 10th, you were on the reserve, but you did not go to the school nor make any inquiries in reference to the garden work to be done.

The Department did not receive any communication from you respecting this work and the fact that you did not visit the school at all, although you knew that some action was necessary, shows that you were not much interested in it. The teacher has had to go to the expense of having the work done herself and you must see that vouchers for the expenditure incurred are forwarded without any delay.

There have been no vouchers forwarded for the caretaking of this school since the June quarter, last. This also should be immediately forwarded for payment.

The Department must insist on more attention being given to matters pertaining to the schools in your agency.

I beg to refer to official letter of April 4th, last, in regard to the furnishing of a pipe for the chimney of the kitchen of the West Bay School and to ask you to let the Department know by return mail what action you have taken in this matter.

As you are aware the teacher of this school is taking the second year's course at the Ontario Agricultural College and the Department wishes to provide every facility for experimental work at this school upon the completion of this course.

The soil is not very suitable for gardening here and it will be necessary to provide a few loads of black mud to mix with it. The teacher states that this was promised her last spring, but nothing was done. The Department must insist on its being done without any further delay. She also states that she purchased some fertilizers and that she has not yet been paid for them. The account for these should be forwarded.

I have to ask you to be good enough to obtain an estimate of the cost of a suitable woodshed and let the Department have a description of the shed. This must be erected within the next couple of months.

The teacher also asked for shutters to protect the

the windows when the school is not in operation and you should at the same time submit an estimate of the cost of these.

The grounds in front of the building require to be levelled and you should engage an Indian to do this during the holidays.

I have also to ask you to obtain at once an estimate of the cost of sinking a well, obtaining a price per foot for the digging and cribbing.

These matters in connection with this and the other schools in your agency are considered of supreme importance by the Department and in future more consideration of the interests of the schools and those connected with them will be looked for. In this connection I beg to refer you to official letter of May 20th, last, in which you were asked to forward vouchers for the fertilizers. It is understood that these accounts were given to you by the teacher and it would appear that they have lacked attention on your part. If all these matters are not promptly attended to serious notice will have to be taken of your neglect.

Referring to your letter 404 814, Feb. 20, 1913 in which you offer an increase of salary to teachers having completed the course in Agriculture, I beg to say that I have successfully completed the course, but I did not get the certificate for my District certificate as Public School teacher is expired and my Quebec Model does not meet the requirements, though I believe that certificates are given according to the success of examination and not to previous qualifications. I enclose the correspondence I had with the Department of Education at Toronto and leave the matter in your hands as it was to comply with your desire that I took the course.

In reply to your letter of the 3rd instant I beg to say that your returns have not yet been received for the June and September quarters. The Department would like you to forward them direct.

The Department will allow you the increase of \$50.00 which was promised you as you have completed the course in Horticulture and Agriculture at the Ontario Agricultural College. This will make your salary \$450.00 from the first of April, last, less \$25.00 which was advanced you; re-payment of this amount will be made by deducting \$6.25 from the quarterly payments. The fact of your having passed the examination being certified by the Acting Deputy Minister of the Education for the Province of Ontario is sufficient for the needs of this Department.

Rev. Sir,-

I have to acknowledge the receipt of your letters of the 8th and 13th instant in further reference to the change of teachers in the Indian schools conducted under the auspices of your church.

The Department has noted that it has been decided to continue Miss Moffitt at Cape Croker.

With regard to the other changes recommended by you I beg to say that the Misses Burke, whose engagement you recommend for the West Bay and Wicwasikang schools, were both previously in the service of the Department and should have known that it was necessary for them to make their applications to the Department. It is a question, had they done so, whether they would have been employed, as the Department is in receipt of a number of applications from experienced Roman Catholic teachers who are possessed of higher qualifications. As you are practically committed to their employment, Miss Mary Burke may be placed in charge of the West Bay school at a salary of \$500.00 per annum and Miss Sadie Burke may act as assistant teacher at Wicwasikang at a salary of \$450.00 per annum.

With regard to the employment of Miss Hickey I may say that the Department does not approve of the employment of aliens, but, as you are again committed in her case, she

I beg to acknowledge the receipt of your letter of the 3rd inst advising the death of Miss Burke and I was thinking about her today and wondering why I had not received her quarterly report and the news of her death was somewhat of a shock, while only meeting her a few times I was struck by her apparent interest in her work in the school room and also in the home life of the children and in losing her I feel that they have made a distinct loss, she was very anxious for me to attend an entertainment she was giving on Christmas night, but I could not go and don't know if she was there for it or not, I called up Miss Miller today but she could not give me an answer about keeping the school open and said she was waiting for a letter from Spanish, and as soon as she knew would let me know, I suppose that this arrangement would be only temporary,

You have recently approved of Miss
Sadie Burke going to teach at West-Bay
Indian Reserve, Manitoulin Island, Ontario.

Miss Burke just writes to us that on account
of her mother's and sister's deaths, she ~~xx~~ has
been unexpectedly detained near her father, and
cannot teach for the next few months, until
April at least. Would you kindly allow
Miss Zoe St James, one of our best teachers,
to take charge of the West-Bay School, until
July?

Miss Suzanne Fess, will begin to teach at

Dear Kind Mr Benson,

With reference to the enclosed letter I beg to ask you a favor. — as you will notice by a letter written to you yesterday, we had hopes of sending Miss Zoe St James, one of the Sisters, to replace Sister Mary Burke. — The West-Bay school has been directed by the Sisters for a long time (since 1901) and we would be very sorry to see them lose that West-Bay school they have in there all the provisions for a year ciders, preserves, meats etc. — The Indians would also be disappointed to lose the Sisters — Miss Zoe St James could leave as soon as you give us authorisation. — May I propose to you, to have Miss Annie Grimes teach at Wikwe-mikong, where everything will be so much more comfortable for her, and send Miss Zoe St James

Rev. Sir,-

I have to acknowledge the receipt of your letter of the 24th instant addressed to Mr. Benson of this Department, in which you request that Miss Zoe St. James replace Miss Burke as teacher of the West Bay School and that Miss Grimes, who was recently appointed teacher at West Bay, be transferred as assistant teacher at the Wikwemikong Day School.

In reply I beg to say that the Department will have no objection to this change being made, provided Miss Grimes is willing to go to Wikwemikong. You should consult her in this matter and, if she consents, she may take charge as assistant teacher at Wikwemikong and you can appoint Miss St. James as teacher of the West Bay School.

The salary of Miss Grimes, if she consents to take charge as assistant at Wikwemikong, will be \$450.00 a year and you may appoint Miss St. James at this same amount. Kindly inform the Department of the arrangements you have been able to make regarding these teachers.

Gentlemen:-

I beg to submit an application as teacher of the West Bay School, a position left vacant, I understand, by the resignation of Miss St. James. I am not unknown to you, having taught from 1903 to 1916 in the schools of Wikwemikonsing, Sagamok and South Bay. The work of the Indian Missions is very dear to me, and I shall appreciate the privilege of taking it up again.

With many sincere thanks for all past kindnesses,

J. D. McLean Secretary,

Dear Sir,

As I have never, during the past thirteen years, in which I have been employed in teaching in the Indian Schools, had any cause for complaint, as I have always been fairly treated, I feel that it is only necessary, to call your attention to the fact, that \$450.00 is too small an amount for a teacher's salary.

As every thing now is so expensive \$600. is little enough for a teacher to live on, and meet her expenses. Trusting that you will give this a fair consideration.

Miss Fagan, teacher of the West Bay Indian School, has applied for an increase. She is at present paid at the rate of \$450.00 per annum and has been in the Department's service since September, 1903. She has a good school. Last quarter there were 35 on the roll at this school, with an average attendance of 25.

I think she is entitled to an increase and would suggest that her salary be raised to \$500.00.

Rev. Sir,--

The Indians at West Bay have asked for a change of teacher. They claim that under Miss Fagn, who is at present in charge, their children are not making the same progress as they did under former teachers and they would like a younger and more up-to-date teacher.

The West Bay School has a large attendance and it is considered that a change should be made there. The Department would be pleased if you could arrange to have Miss Fagan transferred to a smaller school.

The school at Goulais Bay is now in charge of Miss Agnes Kelly and it is thought that, if she were sent to West Bay, Miss Fagan could be placed in charge of the school at Goulais Bay, which would be a more satisfactory arrangement than the present one.

I should be glad if you would give this letter your early attention and advise the Department of the action you take.

Dear Sir;

~~Appl~~ I must beg your pardon for my delay in giving you information concerning the transfer of Miss Fagan, as teacher, on the West-Bay Indian Reserve; I was visiting my Missions of Lake Nipissing and Whitefish Lake. I am sorry to say that after long varied correspondence, Miss R. Kintz, the Superior of these teachers, has not succeeded in making arrangements for a change — moreover, after investigation, I find that most of the criticisms against Miss Fagan are malignantly inspired by Mrs Henry Corbiere, who does not happen to be on good terms with Miss Fagan. I spoke to Chief, Michel Roy; he has no complaint against the present Teacher, and he declares that the majority of the Indians are well satisfied with her work — Fr. Dugas the missionary, at West Bay, says that Miss Fagan's pupils are progressing very well.

Notwithstanding all this, Miss Kintz would
 have been glad to fulfil your desire, merely
 because you wished so, if it had not been
 so late. The Teachers had already all gone
 to their distant schools, when that comp-
 laint was sent to the Department.

I earnestly beg you to ~~deign~~ wait until next
 year, to make a change. It would help
 up immensely. — you are so kind in letting
 us suggest the teachers for your approval, that
 we would not want even to appear resisting
 you. Your wishes are orders for us, but at
 present we are greatly embarrassed, and would ask
 you not to insist. — I may add that I
 expect to have charge of the West-Boy Reserve
 and I feel confident that I will be able to
 pacify the minds — Respectfully Yours

Gentlemen:

May I ask you to consider me as an applicant for the West Bay school, from which Miss Mac Donald has resigned.

I was educated in the elementary schools of Ontario and had a year's training in the Model School at Sturgeon Falls. For two years I followed courses in pedagogy and have had two other years of experience in teaching in addition to two terms taught in Cockburn Island in 1915 and 1916.

Very respectfully yours,

Sir, -

I have to acknowledge receipt of your letter of the 28th ultimo, enclosing letters which you received from two of the Indians residing at West Bay regarding the work being carried on by the teacher in the West Bay Indian Day School.

In connection with the work being done by the teacher, I have to request that you will inform her that it is expected that she will carry out the programme of studies laid down for Indian Schools as set forth on the back cover of the Daily Register of Attendance. The text books and studies should conform as closely as possible to those of the separate schools in the neighborhood.

Please note the following. West Bay attendance is the
worst I have met with anywhere. As a result no teacher can
accomplish much. An enrolled attendance of 31 where 60
should be enrolled is a terrible situation. Of these 31 the
average attendance is only around 17. If our reports could
be made in triplicate and a copy sent the local Indian Council
would it help? Is there any way of getting the Indians them-
selves to interest themselves in the attendance at school.

x x x x x x

P. S.- There seems to be some trouble at West Bay. Please
note my report. There seems to be a peculiar local element
here. They show very little respect for authority. My
rule I follow with our own schools when such trouble comes
is this, uphold the authority of the teacher. Someone
seems to have caused trouble with the last three teachers
here.

I am enclosing a letter re complaints.

I intended to enclose a letter but will write a statement here. Miss Fex received a letter from Mr. McGregor, Agent, telling her to carry out the course of study as outlined on back of register. He must have done this as a result of complaints. Naturally it has disheartened the teacher. I, as inspector, can certify that as far as the course of study is concerned she is conscientious and earnest. From my experience at West Bay I judge it to be a place peculiarly disposed to criticise every teacher they have had. This situation is not true of other places. Criticism here, if given encouragement, will lead to more trouble. What is wanted in this reservation is to uphold the authority of the teachers. Unless this is done the Department may always expect to hear of trouble here. My experience tells me that if all, including inspector, Indian agent and others in authority, will uphold the teacher in all matters and let the Indians here know of it in no uncertain terms, then trouble will subside. Teachers have changed here very frequently just because of this. If the authority of the teacher is not upheld, no matter where, then all authority is gone and respect for authority and obedience with it.

June 1, 1921.

Dear Sir,-

My attention has been drawn to the very poor attendance at the West Bay school, and to a lack of harmony between the Teacher and the Indians.

Mr. Bennett, the Separate School Inspector, speaks very highly of the work which Miss Fex is endeavouring to perform amongst these Indians, but it would appear that some of them are opposed to her, and are not sending their children to school.

The Indians cannot hope for any progress in their children if they do not send them regularly to school, and it might be well to consider the appointment of a truant officer.

I am writing this letter to ask you to take a personal interest in the matter, and, on the next occasion on which you visit West Bay, to discuss the question of education with the Council, and at the same time you may inform them that, if the children are not sent regularly to school, the Department will have to consider enforcing the amendment to the Indian Act, passed at the last Session, whereby we are empowered to place children who are not being sent to a day school in the residential schools, without the consent of their parents.

I shall be glad to hear from you, after you have had an opportunity of interviewing the Indians.

Replying to your letter of 1st instant, I beg to say that owing to the absence of the half of the members of Council of the West Bay band I was unable to get them together for consultation re the school matter, and on 29th instant at a meeting of the whole band I took up the matter and found a very small percentage of them that were opposed to the present teacher, and for reasons that had nothing to do with school matters.

They are universally opposed to so much time being spent in teaching catechism and religion in the school, but I told them that it was a church school and it would be the same if they were sent to Spanish Industrial school and they finally all agreed to send their children to the day school there.

I would suggest that the question of a Truant Officer be left in obedience until the end of a full quarter, say at Xmas, and if the attendance is not what it should be action could be taken, in that way they would be left to themselves to make good.

I am directed to acknowledge the receipt of your letter of the 30th ultimo with reference to the attitude of the Indians of the West Bay Band to the present teacher, and informing the Department as to the results of the meeting which you held with the Indians to discuss this matter.

It is hoped that, as a result, when the school reopens after the holidays there will be a good and regular attendance, and that it will not be necessary to enforce the Compulsory Regulations and have the children of those parents who refuse to send them to school placed in an Industrial School.

Your suggestion as to the appointment of a truant officer is approved, and this matter may remain in abeyance until the end of the December quarter, when it will then be ascertained whether such an appointment is necessary or not.

Sir, -

I have to acknowledge the receipt of your letter of the 3rd instant, regarding the attendance of Indian children at the West Bay Indian Day School.

In reply I beg to say that it might be advisable to carry out the suggestion contained in official letter of June 1st, last, and consider the appointment of a truant officer. If the services of a suitable man were obtained it would, no doubt, greatly assist in the enforcement of a more regular attendance of the children of school age.

I will, therefore, be pleased if you will recommend the name of an Indian whom you consider would be competent to perform the duties of a truant officer, and whether you would advise that such an appointment be made, and if so, the salary to be paid.

In the case of the worst offenders, arrangements could be made to have the children sent to the Spanish Industrial School, but it is thought that if the services of the right man could be obtained for truant officer it would overcome the difficulty now experienced in obtaining a regular attendance.

As there has been a change in the teacher at this school, it is hoped that Miss Leusch will be more successful in obtaining the confidence of the Indians and in encouraging them to send their children to school.

You should take this matter up with the constable, and if he will undertake the duties of truant officer, and it will not interfere with his duties as constable, you may engage his services. Sir,—

Referring to your letter of 17th instant, I beg to advise that I went to see Louis Pheasant yesterday and he is willing to act as truant officer at West Bay, and if there are any instructions for him you can send direct to him or to Miss Leusch, who I asked him to consult from time to time.

OTTAWA, October 25th, 1921.

Madam, -

Mr. Agent McGregor informs the Department that he has arranged with Louis Pheasant, the constable on the West Bay Reserve, to act as truant officer in connection with his duties as constable. The Department is allowing him an extra salary for this work at the rate of \$25.00 per annum. The agent suggests that we notify you of his appointment.

I will be pleased if you will inform Louis Pheasant of his appointment and that it is expected that he will carry out his duties as truant officer faithfully. He is to see that all children of school age and in good health attend school regularly each day it is open unless a good and sufficient reason is provided. He should consult you frequently as to the absentees and enquire in each case for the reason for such absence.

It is hoped that as a result of his appointment that there will be a good and regular attendance of all the Indian children of school age.

Your obedient servant,

Sir, -

I have to acknowledge the receipt of your letter of the 22nd instant, advising that Louis Pheasant is willing to act as truant officer on the West Bay Reserve.

In reply I beg to say that Miss Leusch, the teacher, is being informed accordingly and requested to inform Louis Pheasant of his appointment and the duties it is expected he will perform. He is to consult her at frequent intervals and see that all children of school age, who are in good health, attend regularly unless a satisfactory reason is given.

Dear Sir,-

I have received yours of the
25th instant No 12-4-1 regarding the
truant officer for West Bay school.

Mr. Pleasant came to me to get
the names of those absent from school
on the 21st. and returned on the
22nd to tell me that he had seen
parents of all and that he expected
all to be in school the following
Monday. Only 2 of 14 names given him
came. Mr. Pleasant called again on
Tuesday but none have come.

As I do not know what instructions he
has received from Mr. Mc Gue I could
not insist on him doing more than
he is. As he supposed to follow the
Indian Act - Section 10 sub-sec. 3?

If so he would likely have to give them
a written notice before going further.

I pity the children, for in one case - that of George Cortina's - they are anxious to come to school but the father is just stubborn. It seems for the past few years, priest, teachers and Indian Agent have been trying to get him send his children but he will not, just to show that he can do as he likes and that no one can make him do otherwise.

I have not spoken to him at all, as I heard so much of others that I would not give him the satisfaction of refusing. I would very much like to see him compelled to send his children to school here or have them sent to the Spanish Industrial school. The children are growing up like animals. He does not live farther than some of the other families sending their children.

One father said he had no shoes for his two girls. This is only an excuse but I thought that perhaps arrangements could be made to get shoes for those claiming to have none and

the price taken out of their interest money. I do not believe in giving them the shoes free as there would then be a number looking for shoes & clothing. But if they can be made to understand that the excuse of - no shoes - is worthless, which they soon will if they have to pay for them from their interest money, they will soon give it up.

The attendance now is 42 - most of them very regular, but I would like to see all that should be here, come.

Respectfully yours,
Elizabeth Leusch

Madam:

I have to acknowledge yours of the 31st ultimo, referring to the activities of the truant officer on the West Bay reserve. I have noted that as an excuse for the non-attendance of their children some parents have given the reason that the children have no shoes. This, of course, cannot be taken as a valid cause for being absent.

The other matter of George Corbiere demands rather drastic action. A form to be handed to this man by the truant officer is being forwarded, with instructions to Mr. J. R. McGregor, the Indian agent at Gore Bay, and he will give orders to Mr. Pheasant, the truant officer.

I trust, if we make an example of this man, that the attendance at the school will materially increase.

Sir,

The Department is in receipt of a communication from Miss Elizabeth Leusch, Teacher at the West Bay School, informing us of the continued refusal on the part of George Corbiere to send his children to school. Enclosed you will find a formal notice which you will be good enough to have signed by the Truant Officer and served by him on George Corbiere. After a lapse of three days from the date of the service of this notice the Truant Officer should ascertain whether Mr. Corbiere has complied with said notice, and if he has not the Truant Officer should lay an information before you against Mr. Corbiere charging him with failure to send his child to school after being notified. You should then issue a summons to Mr. Corbiere to appear before you to answer the charge. If on the hearing of the case it is established that the children in question are not being sent to school and do not come within the exceptions set forth in A, B and C of Sub-section 3 of Section 10 of the Indian Act, the penalties set forth in the section should be imposed.

This might have a salutary effect upon the other Indians of the West Bay reserve, who are careless about the attendance of their children at the Bay School. After this action has been taken, would you be good enough to write the Department informing us of the success that has met with your efforts in this connection.

Dear Sir, -

I regret to say that on account of ill health I am obliged, for a time, to give up my position as teacher of the West Bay Indian School.

I have felt my health failing for some time but hoped to be able to keep my position until the end of the June Quarter.

Last week I suffered such a severe attack of extreme weakness that I was obliged to give up and dismissed school for two days.

Mr. Mc Gregor was out of town and was not expected to return for some days. As the attendance has been good I wished to avoid closing school so communicated with the President of our Association so as to get a substitute to replace me before I would leave.

She arranged to send Miss Fagan
who arrived Friday evening.

I left Saturday morning and met
Mr. Mc Gue at Gore Bay. He had just
arrived that evening so I explained
matters to him. He, no doubt, has
notified you by this time.

Two years ago, when I was teaching
at Sleslegwaning R.C. School I was obliged
to ask for a leave of absence to receive
treatment for my throat. The Department
was kind enough to allow me to
continue to draw my salary and bonus
and I arranged to pay my substitute.

Will it be satisfactory to the Department
to allow me to follow the same arrange-
ment now?

When my health is sufficiently improved
I hope to resume my position.

Sir,—

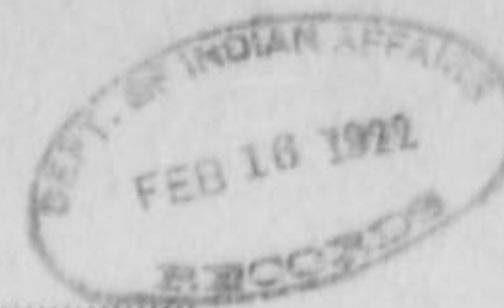

After my personal interview with Mr. Ferrier re illness of Miss E. Leusch, teacher of West Bay School, you will not be surprised ~~that~~ to learn that she has had to give up and has furnished a substitute in Miss Rose Fagen, who taught in the same school a couple of years ago.

Miss Leusch would like to still retain the school, through her substitute, if it is favorable to the Department, and would send in the reports &c., and possibly she may be able to resume her duties after the summer holidays.

Sir, -

I have to acknowledge the receipt of your letter of the 14th instant, informing the Department that Miss E. Leusch, teacher of the West Bay Indian Day School, has, on account of illness, given up duties and that Miss Rose Fagan has taken charge as substitute teacher.

In reply I beg to say that a communication has also been received from Miss Leusch informing the Department to the above effect. The Department will approve of the arrangements made with Miss Fagan to carry on the work until the end of the present school year, at least. It may be that Miss Leusch will be able to resume duties after the summer holidays. Salary and bonus will be paid to Miss Leusch, who will arrange to pay Miss Fagan for her services.

The quarterly returns should be prepared by Miss Fagan, and forwarded to Miss Leusch for signature, in order that we can pay the salary and bonus as above mentioned.

Madam, -

I have to acknowledge the receipt of your letter of the 15th instant, informing the Department that on account of ill health you were obliged to give up your duties, for a time, as teacher of the West Bay Indian day school, and that you have obtained the services of Miss Rose Fagan to act as substitute during your absence.

In reply I beg to say it is regretted that your condition of health has necessitated your relinquishing your duties. It is hoped that the rest from work will be of benefit, and that your health will recover and you will be able to resume duties as teacher in our school service.

The Department will approve of Miss Fagan carrying on the work. She should prepare the returns and forward them to you for signature, and cheques for salary and bonus will be sent you, and you can then arrange for the payment of Miss Fagan. This arrangement is the same as was made with you under similar circumstances when you were teaching the Sheshegwaning (R.C.) Indian Day School.

Mr. Agent McGregor will be informed that leave of absence has been granted you, that the services of Miss Fagan, to act as substitute, are approved, and that the salary and bonus are to be sent to you and you will arrange for the payment of Miss Fagan.

We hope that you will be able to resume duties, if not before the end of the present school year, at least, after the summer holidays.

Sir,-

I am very sorry that I am obliged again to give up my work, for a time. My health has been failing for some months but I thought it would gradually improve again. But lately I saw that it was useless to try to keep up even till the holidays. The doctor tells me that I need a complete rest.

Last week I had a very severe spell and was obliged to close school for two days. Mr. Mc Gregor was away so I could not notify him.

As I could not go on I sent word to Miss Hickey at Spanish. She sent Miss Fagan to take my class.

I met Mr. Mc Gregor on my way to Spanish. He had just returned. He promised to arrange all with the Department.

Dear Miss Leusch, -

I have your letter of the 31st ultimo, and am pleased to learn that you are improving in health and that you hope to be able to resume work again in September, next. We will be very pleased to have you back at West Bay, and hope that by September, if not earlier, you will be restored to good health.

Regarding the cement tank for water storage purposes, in which to collect the water coming from the eaves-troughs, I beg to say that I find your communication of the 23rd ultimo reached the Department and this matter was taken up with Mr. Agent McGregor. He was requested to furnish a report as to the best means of having this tank installed, in order to prevent freezing, and also, if made of cement, whether labour could be obtained locally to do the work. We have had no reply from the Agent as yet. It may be difficult to install this tank in order to prevent freezing, but, however, when the Agent's report is received, our Schools Branch will deal with this matter. I hope it will be possible to make arrangements to overcome the necessity of carrying the water required for school, laundry and household purposes from the spring, up the steep hill.

Regarding the library books, I would suggest that you forward a list of the books that you consider should be supplied for this purpose. The titles, name of publisher and the name of the firm from whom they can be obtained should be stated, and we will then place the order through the Government Stationery Office here. This is the usual procedure in cases of this kind, and would, I think, save you considerable trouble.

Assuring you of my best wishes for your speedy restoration to health, and with kind regards, I am,

Yours sincerely,

Sgt. A. F. MacKenzie

Referring to conversation held with you while at the Department on the 10th instant, I beg to say that the Department will grant you leave of absence from your duties, as Teacher of the West Bay Indian Day School, until the end of the present year, on account of your ill health.

We regret that your health has not sufficiently improved to enable you to again take up duties as teacher of this school after the present summer holidays. We hope that you will be able to obtain the services of a competent teacher, to act as substitute during your absence. You should make all arrangements with her regarding payment of salary. The same amount will be allowed as you received, but we prefer that you will still be nominally the teacher and that all cheques be drawn in your favour and sent you. You can then settle with the substitute teacher for her services.

It is hoped that after the new year you will be able to resume duties, and, if not, the above arrangement could be continued. I have to acknowledge the receipt of your letters of the 5th and 8th instant, also your telegram of the 7th instant, regarding the engaging of a substitute teacher for the West Bay Indian Day School.

In reply I beg to say it is noted that you have been unable to obtain the services of a teacher who will carry on the work until such time as your health has sufficiently recovered to allow you to resume duties. Dear Sir,

Miss Lensech wrote a few days ago to the Secretary of the Dept. of Indian Affairs asking him to kindly engage a teacher for West Bay School.

We had counted on a Mrs. Barnes and later a Miss Mc Namara both disappointed us. To avoid further delay in opening school Miss Lensech left here yesterday so as to open school at West Bay today.

This morning a telegram was received here stating that Miss Vincer, of Mindemoya, will accept the position of substitute at West Bay.

Miss Vincer has three years high school course and one year summer school courses. She will ask the agent of her district to grant her a permit to teach.

As Miss Lensech cannot communicate with the Dept. before ^{or Thursday} Wednesday, I am writing to ask you if you will kindly inform the Secretary of the Dept. about Miss Vincer so that if she is accepted as substitute he will not engage another.

I will write Miss Lensech the information

about Miss Vincer to day she will receive my

In reply I beg to say it is noted that a Miss Vincer will accept the position. It is considered from the qualifications which she possesses that her services would be satisfactory until such time as Miss Leusch is able to resume duties.

Dear Sir -

In reply to yours of the 12th instant
No 12-4-1 I wish to say that I have
secured a substitute for West Bay
School.

Miss Jennie Vinser has three
years of high school and is qualified
to teach Public School under the
Inspector, Mr. Hagan's permit.

She has had no experience
but from what I have seen during
the two days that I remained with
her, I feel confident that she
will succeed.

Hoping that you will find
Miss Vinser satisfactory. I remain,
Most respectfully yours,
E. Levesch,

Sir: -

I beg to inform you that Miss Jennie Vincer has been appointed substitute teacher at the West Bay Indian Day School, to take charge until such time as Miss Elizabeth Leusch has sufficiently recovered her health to resume duties. It is considered that Miss Vincer has the necessary qualifications, and her temporary appointment is approved.

This school will be carried on nominally under the charge of Miss Leusch. Cheques for salary and bonus will be sent to Miss Leusch, and she will arrange for the payment of Miss Vincer's salary.

I would be pleased if you would give Miss Vincer any assistance you can in her work at this school.

Madam: -

I have to acknowledge the receipt of your letter of the 15th instant, informing the Department that you have obtained the services of Miss Jennie Vincer as substitute teacher for the West Bay Indian Day School, and stating the qualifications which she possesses.

In reply I beg to say that the Department will approve of the temporary appointment of Miss Vincer. It is understood that the arrangements as outlined in letter to you of August 12th, last, will be carried out, viz: that you will make all arrangements with Miss Vincer regarding payment of salary, but that you will be nominally the teacher, and that all cheques will be drawn in your favour and sent you, and you will settle with the substitute teacher for her services. The same salary will be allowed Miss Vincer as you receive.

The quarterly returns should be prepared by Miss Vincer and forwarded to you, and you should sign the same and send them through the office of the local Indian Agent.

We are informing Mr. Agent McGregor, Gore Bay, of approval being granted for the temporary appointment of Miss Vincer.

Madam:

Under the arrangement which the Department had with you last September, you nominated Miss Jennie Vincer as substitute teacher for the West Bay Indian Day School. We have received an application for the transfer of Miss Priscilla Lavallie from the Kaboni School to take charge at West Bay after the summer holidays. This transfer is approved by the Separate School Inspector and by Rev. Father Papineau. As you have been nominally in charge at West Bay - all cheques for salary and bonus being sent you - I should be pleased if you would state whether you will be able to resume duties at this school on or about the first of September, next. If not, we will approve of the transfer of Miss Lavallie. An early reply will be appreciated.

Dear Sir,

I regret to announce to the Department that I have not recovered my health and will not be able to resume my position as teacher of West Bay School next September.

I deeply appreciate the kindness of the Department in granting me leave of absence with the permission to allow a substitute to replace me during the past year so that I might not lose the possibility of sharing in the superannuation benefit, should it be granted.

I do not wish to forfeit this privilege of sharing in the superannuation benefit, but as I am anxious to recover my health in order to resume my work, I intend to leave Canada for a change of climate and will be away for some months.

I would like to ask the Department if they could arrange with the local clergyman, Rev. E. Papineau, of West Bay, to secure a teacher and relieve me of the responsibility of securing a substitute and ask the Department to arrange about paying salary to the teacher.

I will be most grateful if the Department will grant me a leave of absence until I return to Canada. If my health is sufficiently restored I may apply for a position in some other Indian School.

If such arrangement cannot be granted I will ask the Department to please accept my resignation as teacher of West Bay School.

In reference to my letter of 1st instant re teacher for West Bay School I herewith enclose resignation of Miss Leusch.

Miss Vincer, being a substitute teacher will not think it necessary to resign, and while I think she would like to stay on there is evidently not being asked to do so.

Miss Leusch is not getting along as well as her friends would like and they do not consider that she will be able to resume her duties as teacher.

Sir:

I have to acknowledge receipt of your letter of the 7th instant, enclosing the resignation of Miss Leusch as teacher of the West Bay Indian Day School. We are informing Miss Leusch that her resignation is accepted, on account of her ill health.

The Department will approve of the transfer of Miss Priscilla Lavallie, who is at present teaching at the Kaboni Indian Day School, to take charge of the West Bay School when it re-opens after the coming summer holidays. The salary allowed will be the same as she now receives, viz.: \$700.00 per annum, which will be supplemented by any bonus provided by law. I shall be pleased if you will inform Miss Lavallie of her appointment at West Bay, ascertain definitely from her whether she will be prepared to accept or not, and inform the Department accordingly.

The services of Miss Vincer, who is acting as substitute teacher during the absence of Miss Leusch, will not be required after the end of the current quarter. You will be good enough to see that she prepares and hands to you her return showing attendance and days taught during the quarter.

Sir,—

Referring to your letter of 7th instant re re-appointment of Miss Priscilla Lavallie to the West Bay School I beg to advise that Fred Corbiere, a bachelor who has a small store on the reserve spoke to me advising that she be not kept on but could not give any reason.

For some years he has annoyed the teachers there, if they were young women, by his attentions and in only one case did he make any impression, and she was a substitute for Miss Leuseh, when she was ill. He claims that he had Miss Susie Fox, who is now at Wikwemikong, dismissed by writing to the Department and claims that he can have the same treatment meted out to Miss Lavallie because she will not answer his attentions. I am sure that all the influence comes from him. He advised me some time ago to close the school, as Father Papineau did not want the children to have an education.

To me, it seems, as if Miss Lavallie has done good work the best since Miss Jean McDonald was teacher there, she has good discipline, has large school and the pupils seem to like her, and would recommend that Miss Lavallie be retained, if it is her desire to continue.

Sir:

In checking up the monthly reports on the schools in your Agency, it is noted that no report has been received from you on your inspection of the West Bay Indian Day School since September, 1926. We understand that the attendance at this school has fallen off to a large extent, and that, with an enrolment of 48 pupils, the average attendance during the past three months has been about 13.

It is the duty of the Agent to see that all Indian children of school age and in good health attend regularly, and he should assist the truant officer and the teacher to that end. You will be good enough to inform the Indian parents that it is expected their children will attend regularly. If they do not do so, you should take the necessary action under Sub Sections 2 and 3 of Section 10 of the Indian Act to enforce the attendance. It may be that if an example were made in the case of one or two of the parents, it would have a good effect.

We understand that the children of George Corbiere have never attended school. If they are in good health, and of school age, you should see that the father sends them to school, or take steps as mentioned above to compel him to do so.

The Department will expect to hear at a later date that, as a result of your efforts, the attendance at this school has appreciably increased.

Madam:

I have your letter of the 4th instant, requesting permission to teach the West Bay Indian Day School during the coming Easter holidays and close earlier in June.

In this connection I have to say that the Department prefers that the usual holiday period be taken at Easter and that the school be continued in operation until the end of June. As there is but a week's holiday at Easter, it would only permit the school being closed one week earlier in June, and it is not thought that at that period of the year the children would be required to assist with the seeding.

Sir:

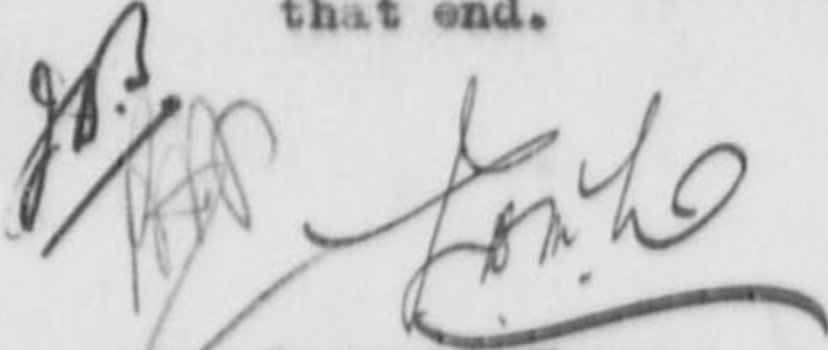

The Department in March, last, drew the attention of the late Agent to the attendance at the West Bay Indian Day School. We understand that the attendance during the present quarter has fallen off to a large extent, and that, with an enrolment of 48 pupils, the average attendance was only about 13. I have to request that you will assist the truant officer and teacher to the fullest possible extent in seeing that all Indian children of school age, and in good health, attend school regularly each day it is open. You should take the earliest opportunity of informing the Indian parents that it is expected their children of school age will attend regularly.

We understand that the children of George Corbiere have never attended school. If they are in good health, and of school age, you should see that the father sends them to school, and if he refuses to carry out your instructions, you should consider taking the necessary action to compel him to do so under Sub Sections 2 and 3 of Section 10 of the Indian Act.

It is hoped that now the spring weather is approaching there will be a more regular attendance during the balance of the present school year. I shall be pleased to hear later regarding the attendance at this school and what steps, if any, were taken by the truant officer and yourself towards that end.

Dear Sir - In reply to yours of Apr 12th
No. 12-4-1 I might say I have in-
vestigated the matter of school attend-
ance getting a list from the teacher
I took the truant officer with me
and made a careful canvass of
those who were staying away, and
I have got promises from most
of them that they will send the child-
ren more regularly. In some cases
I can readily understand why the
children did not attend during the
winter months as they live five
or six miles from the school but
now that the weather is warming
up they will be able to go.

George Corbier has promised me that
he will send his children / Mrs Corbier
makes the excuse that she has not the
money to buy them clothes fit to go to
school in. She says they have not had
any annuity money for past six years
and asked me to write you to
see if she could not get \$10.00 off
the loan to buy clothing
Yours Obediently

Sir:

I have your letter of the 8th instant, reporting the action taken by yourself and the truant officer regarding the attendance of the Indian children at the West Bay Indian Day School. It is noted that the parents have promised that they will send their children more regularly, and it is, therefore, expected that there will be a better attendance during the balance of the school year.

Relative to the request of Mrs. George Corbiere that \$10 of the loan to her husband be retained in order that clothing to that amount can be bought for her children so that they can attend school, I beg to say that you may incur an expenditure not exceeding this amount. You should arrange to make the purchase of the necessary clothing, forwarding accounts, in duplicate, properly certified, covering the expense. This amount will be paid from this Spring's interest money. Please make the purchase of the clothing as soon as possible in order that this family will have no further excuse for keeping their children at home from school.

Since we have a new school class room here at West Bay and our earnest desire is that, we want a good qualified teacher to attend from now on.

This school teacher we had, has no papers or writings to prove her as a good teacher.

And we decided not to have her teach here any more, we want a teacher that will teach our children's education.

Another reason why we don't want Miss P. La-Velle is that, she is too extravagant on our interest money, and I demand a good qualified teacher.

I wish to refer to that portion of your letter of the 18th instant which has reference to the resolution of the West Bay Indian Band concerning the present teacher, Miss P. Lavallee. I should be grateful if you would inform the members of the Band that it is too late to make a change for the beginning of the academic year and that Miss Lavallee will open school on or about the 1st of September. You should enquire carefully into the reasons for the Indians' dissatisfaction with this worker, and make a full report to the Department, with a recommendation as to what action should be taken. You may tell the members of the Band that you have had these instructions, and inform them that the Department expects a good average attendance as long as Miss Lavallee is in charge of the school.

Dear Sir:-

I have your letter of the 17th instant acknowledging my reappointment as teacher of West Bay School with salary at the same rate as was paid last year.

In reply let me say that I had already arranged with the department for an increase of salary from \$90 to \$95 per month. I have a letter to this effect.

Please address any future correspondence to me to Box 605-Argyprior.

Yours sincerely

Dear Mr. Chelan,-

I hereby tender my
resignation as teacher of
West Bay School to take effect
immediately.

I have accepted another
position which is an advance
for me I think, and is
also much more convenient.

I wish to thank you
for your past considerations
and to say that I enjoyed
my two years in your
employment.

If you obtain a teacher,
new to the work I would be
glad to give him, or her, a
line on the work if so desired.

Thanking you again I am
yours very sincerely

Madam:

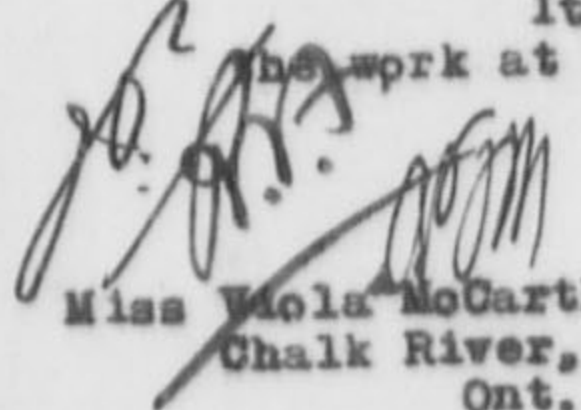

I have your telegram of today's date, accepting the position as teacher of the West Bay Indian Day School, Manitoulin Island. The Department will approve of your appointment, with salary at the rate of \$90 per teaching month.

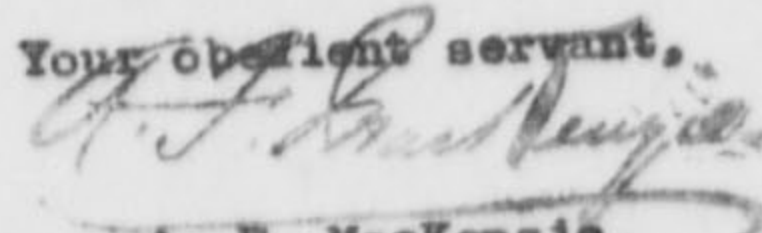

The nearest railway station to the school is Little Current, and it is a distance of about twenty miles by mail stage from the station to the school. There is a furnished teacher's residence in connection with the school. You would be required to do your own housekeeping. It might be advisable for you to take your own towelling and bed linen. There should be an adequate supply of all other furnishings in the residence.

The number of children enrolled was approximately 40 during the past year.

You should be at West Bay and ready to begin duties on September 3rd, next, the date on which the school reopens after the present summer holidays. The local Indian Agent, Mr. R. J. Lewis, Manitowaning, Ont., is being informed of your appointment, the salary allowed, and is being requested to give you every assistance he can in your work at this school. After you arrive, should you require any classroom supplies or supplies for the teacher's residence, you should prepare a requisition and forward same through the office of Mr. Lewis.

It is hoped that you will meet with every success in the work at this school.

Miss Viola McCarthy,
Chalk River,
Ont.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy and Secretary.

Sir:

Replying to your letter of the 7th instant, enclosing applications for the position as teacher of an Indian school in your Agency, I have to inform you that the Department is appointing Miss Viola McCarthy, Chalk River, Ont., to the position as teacher of the West Bay Indian Day School for the next school year. The salary allowed her will be at the rate of \$90 per teaching month. She has been requested to be at West Bay to begin duties on September 3rd, next. I shall be pleased if you will give her every assistance you can in her work at this school, and encourage the Indians to see that their children attend regularly.

The Department understands that the residence is reasonably well furnished. Should Miss McCarthy require any classroom supplies or supplies for the residence, she has been informed that she should prepare a requisition and forward same to the Department through your office.

I may add that Miss Gletus McCool, whose application you also forwarded, has also been engaged as teacher in an Indian school in the Parry Sound Agency.

I herewith enclose a letter received from Abel Beboning constable of West Bay in which he complains of the teachers conduct.

I may say that I have had several complaints of this nature about the teacher and I never regarded them very seriously as I did not think there was any foundation for them but as there have been so many there must be some truth in the charges.

In my opinion a man teacher would be much better for West Bay or failing that a more elderly lady teacher than the one now engaged.

I have your letter of the 20th instant, with enclosure, concerning Miss Viola McCarthy, teacher of the West Bay Indian Day School. I may say that Miss McCarthy complained about the services of Abel Beboning when Mr. Inspector McGookin visited the reserve, a few weeks ago. It is possible that an injustice would be done this teacher if she were dismissed on this information.

The Department wishes you to go to West Bay immediately and ascertain, first, if Miss McCarthy desires to return to the school in the fall. If she does, you should investigate the statements regarding her conduct and the hours she kept on school days. You will please report immediately to the Department, giving your recommendation.

With reference to official letter No 12-4-1 June 24th 1930 I beg to advise that I visited West Bay yesterday and may say that Miss McCarthy could not say if she would be coming back or not but will advise in about two weeks time.

I had a interview with Abel Beboning and he stated that what he had written was correct as also does Fred Corbiere and some others who seem to side with Beboning but upon talking to some of the others among them the Chief they stated that they had no complaint other than the teacher not having the doors open at the school early enough in the winter to admit the children.

Miss McCarthy states that the doors were quite often unlocked and the children would knock at the door without trying to open same and if she did not go the door to open it for them they would go away, she also stated that she never let school out before 4 o'clock. I understand that the dislike of the teacher by Beboning and also Fred Corbiere who is a brother-in-law of Beboning arose when the Provincial Constable questioned a small brother of Bebonings about breaking into the school and stealing a flashlight belonging to Miss McCarthy.

I believe Miss McCarthy is a good teacher and has performed her work faithfully and if she wants to return would recommend that she be reengaged as I cannot see it would make any difference who was engaged there would be one faction side against the teacher and the other for her, but still think that there would be more satisfaction with a man teacher or a lady teacher with a companion as (at Sheshegwaning R.C. school) who would reside in the school residence.

Dear Sir:-

I wish to enquire if a vacancy will occur in West Bay School for the coming term 1930-31.

My qualifications are: English-French teacher's certificate for Ontario, Normal School training, English, and Physical Drill Instruction; other certificates are School Cookery and First Aid St. John's Ambulance Association, for Home Nursing. Also knowledge of music "Ontario Educational Music Reader".

I have had several years experience teaching in the Public, Separate and an Indian School of Ontario. Am confident of giving satisfaction to all concerned.

I beg to refer you to your letter of June 26th, last, in which you stated that Miss McCarthy expected to advise you whether or not she wishes to again take charge of the West Bay Indian Day School.

It has been suggested to the Department that, in view of what has happened during the past year, it would be advisable to transfer Miss McCarthy to the Birch Island Indian Day School. As you are aware, this school is situated on the Algoma Eastern Railway, near Little Current, and a teacher's residence is provided in connection with the school. Please communicate with Miss McCarthy and advise the Department as soon as possible if she is prepared to transfer to Birch Island. I may add that the teacher of the Birch Island School is willing to transfer to West Bay.

My dear good Mr. Ferner,

Miss Viola Mc Carthy

tells me that she has accepted a school,
near Shalk River. — It is a blessing, because
was rather too giddy for Indian Reserve Teaching.

That leaves a deadlock on our negotiations to
interchange the West Bay and Birch Island Teachers.

Miss Wynn was all set on taking
West Bay and had already made local
arrangements. — Miss Wynn is very set and
an excellent disciplinarian: In fact she is one
of the best disciplinarians we ever had in our
Indian schools. As the former difficulties in West
Bay require a very diplomatic teacher to reestablish
peace in there; may I supplicate you, as a particular
favor, to let Miss Wynn take charge of the
more important West Bay school. The new
teacher you will engage will be indifferent to
either school and could therefore take the Birch

Island School as well as the West Bay School.
 The two missions schools are in my territory:

 I am thoroughly convinced that Miss Wynn
 will do more good in West Bay than in

 you will deign grant my request and

 for you —

WEST BAY DAY SCHOOL

GENERAL

Chalk River, Ont.,
Aug. 1 1900.

Mr. E. F. Liddle,
Gore Bay,
Ont.

Dear Sir: -

I received your letter this week regarding Birch Island School.

In speaking to you shortly before I left West Bay, I said I would apply for a school near here, and let you know the result as soon as possible.

Yesterday I received an acceptance of my application. This school is just four miles from home and very convenient for me in every respect.

Therefore I am submitting my resignation from West Bay School and Birch Island also, of course. I know you will have no difficulty in having these positions filled for next term.

With much appreciation for every consideration shown me while at West Bay.

I remain, sincerely,
Viola Mc Carthy

E X T R A C T from Inspector Greening's Report regarding
his visit to the WEST BAY INDIAN DAY SCHOOL on May 31, 1932.

Original on File 12-4-6.

Mary C. Wrinn. - Salary \$900 per annum.

Interim Second Class (Ontario) Professional Certificate.
Three years experience in Indian School work.

I must confess myself a little puzzled in regard to this school. It is very distinctly the poorest visited by me in the whole Manitoulin district, but whether the fault is on the part of the teacher or to be laid to the irregularity of attendance, is what I cannot determine.

It is only fair to say that the late Father Papineau told me that the home conditions among the Indians at West Bay gave him very great concern. If something could be done to improve the attendance, the standard of the work might go up. On the other hand, conditions in regard to attendance are, I understand, very similar to those at Buzwah and Kaboni, where distinctly better work is being done by less highly paid teachers.

Sir:

The Separate School Inspector, in a report on his inspection of the West Bay Indian Day School at the end of May, last, states as follows:

"I must confess myself a little puzzled in regard to this school. It is very distinctly the poorest visited by me in the whole Manitoulin district, but whether the fault is on the part of the teacher or to be laid to the irregularity of attendance, is what I cannot determine.

It is only fair to say that the late Father Papineau told me that the home conditions among the Indians at West Bay gave him very great concern. If something could be done to improve the attendance, the standard of the work might go up."

I shall be pleased to have a report from you at an early date stating what you would recommend be done towards improving the attendance for the next school year; also your opinion regarding the services of Miss Wrinn, and whether you would advise that her services be retained for the next school year.

Your obedient servant,

A. F. MacKenzie,
Secretary.

OFFICE OF
INDIAN AGENT
Gore Bay Ontario
June 22nd 1932

Sir:-

With reference to official letter 12-4-1 June 15th last with extracts from Separate School inspectors report.

In my opinion the attendance at this school has been very good during the last school year when you take into consideration the poor times among the Indians at West Bay where no timber was taken out last winter at all and jobs were very scarce, making it very hard indeed for the Indians to feed and cloth their children, also taking into consideration that some of the children attending this school have nearly three miles to go which is a long distance at any time and more especially in the winter months.

The present constable and truant officer attends his duties very well and unless children have been sick or really in need of clothing they have been attending quite regularly.

To help the attendance I do not know of anything unless it would be to give three very good prizes for first, second and third in regular attendance for the school year.

In regard to the teacher Miss Wrinn, I may say that I have had no complaints from the Indians and I think that she is quite capable and doing her work well, and would recommend that she be reengaged.

I may say that the scholars at West Bay do not have the same opportunity of mixing with white people and talking English as children on some of the other reserves and for this reason make shy when any stranger comes among them. With the late father Papineau who they knew quite well they were altogether different than with Father Porcheron who they have not yet really got acquainted with.

your obedient servant

Dear Sir,
I am sorry to come ~~to~~ to have Miss
Winn replaced at West Bay. For a big school as West
Bay, it would need some good teacher. If you look at
the report of the inspector M. Greening, 454 St Patrick's
Square, Port Arthur, Ont, you will see that his report
for last year, and for the year before, is less than satisfactory.
I found myself the pupils very dumb — If Mr. Fer-
rier had been living, that change would have been made.
I don't think that the aim of the Department is to hire
teachers, good or not —

Miss Murray, a good teacher, was appointed by Mr. Ferrier
under the H.M. Geo. Nicholson's patronage, as the teacher
for the Shegungwah R.C. school for next year. I hope that
you know this nomination already.
Thanking you for your kindness,

Madam:

I have your letter of the 22nd instant, applying for the position of teacher at either the West Bay or Birch Island Indian Day Schools for the coming school year, and stating the qualifications and experience which you possess.

In reply I have to say that the present teacher at the West Bay School has been re-engaged for the academic year 1933-34, and there will, therefore, be no vacancy at this school. We have received no intimation from the teacher of the Birch Island School of her intention to give up duties, and we are, therefore, not aware that there will be a vacancy. I may say that we have received a number of applications for the positions at both these schools, but it is doubtful, in the event of a vacancy at Birch Island, if we would be able to give your application favourable consideration. However, should the present teacher at the Birch Island School resign, your application will be considered along with the other applications for this school.

coming school year, preferably a man teacher.

Carried.

Regarding resolution No. 5 re teacher, I
advised the meeting that the hiring and dismissal of teachers
was altogether in the hands of the Department but there
seems to be more or less a lot of dissatisfaction with the
present teacher which I think is usually the case when a
teacher stays in one place too long. If a change is made
I would recommend a man teacher be engaged if possible.

Dear Mr. Johnson;

I understand that a teacher is wanted for West Bay school. Both Fr. Moylan and Fr. Flaherty have asked me to submit to you my application for the position.

I hold an Interim Second Class Certificate and have seven years teaching experience, six being spent in the above school. I am enclosing a letter of reference from my present Principal Fr. Hewitt. I have had considerable success with Indians both in teaching and athletics. I can also teach Manual Training.

At present I am a single man but if successful in securing this position I intend to marry a lady who is at present teaching in an Indian school. She can also teach Sewing and Cooking.

Trusting to hear favourably from you in the near future,

I am,

DEPUTY MINISTER

Re: West Bay Indian Day School,
Manitoulin Island Indian Agency,
Electoral District of Algoma East.

I desire to refer you to my memorandum of May 24 with reference to the appointment of a teacher for the above-mentioned school.

An application has been received from Mr. Bernard Joyce. He holds an Ontario second-class certificate and has had seven years' teaching experience, of which time he taught six years in the Spanish Indian Residential School. He is stated to have had considerable success with Indians, both in teaching and athletics. He can also teach manual training. The Indian Agent, Mr. C.R. Dear Mr, Phelan;

Acting on the advice of the Missionary for Manitoulin Island I have applied for the position as teacher at West Bay which I understand is now vacant.

No doubt the matter will come to your attention and I would appreciate it very much if you would give me first consideration. I feel sure that I am quite capable of fulfilling the duties required due to my six years of experience with Indian children.

If I am successful in securing this position I intend to get married during the holidays. My prospective wife being a teacher will assist greatly in teaching cooking, sewing, etc.

Awaiting a favourable reply which will enable me to govern myself accordingly and thanking you in anticipation, I am,

Very sincerely yours,

Dear Sir:

With reference to your letter of the 5th ultimo, applying for appointment as teacher of the West Bay Indian Day School, I desire to inform you that your appointment is approved. Salary will be allowed you at the same rate as paid the preceding teacher, namely, \$90.00 a teaching month. Provision has been made in our appropriation for nine months' salary for each Indian day school teacher during the academic year 1940-41. Many Indian day schools will not open until October first, but it is possible that this school will be open for September and closed for some other month between September 1, 1940 and March 31, 1941. I am communicating with the Indian agent in this regard and upon receipt of his recommendation you will be further advised.

O. C. No. 1/1569, dated April 19, 1940, provides that 5% of the salary of employees in the Public Service, appointed to temporary positions since September 1, 1939, is required to be withheld from May 1, 1940. This amount is deposited and interest is allowed at 4% per annum. Principal and interest will be paid to you when you give up duties as teacher of an Indian school.

Please let me know at once if you will accept this appointment.

Yours truly,

Please let me know at once whether you recommend this school remaining closed during the month of September or if you consider it preferable you might suggest what other month the school should be closed. It is understood, of course, that this school, as in the case of other Indian day schools, must be closed for one month between September 1, 1940, and March 31, 1941.

It was proposed by Dominic Migwans
seconded by Ivan Paul.

That we request The Indian Affairs

day school. It is desired to have a
qualified male teacher, preferably one who
can speak the Indian language for
translation purposes as it is considered it
would result in better progress from the
pupils in learning English.

I enclose herewith a resolution passed in council by West Bay Band requesting a change of teacher.

As Miss Whelan had informed me there was a possibility she might be going to Spanish School, I have held the resolution awaiting her decision. I have now received her resignation which is enclosed herewith.

Miss Whelan had been in poor health for three or four years previous to her taking the position at West Bay School, and the attendance has increased to such an extent during the three years she has been here that I think she felt the work was too heavy for her, and this is the reason she is going to Spanish School.

In my opinion, Miss Whelan is a very good teacher, she is a diligent worker, an exceptional personality, and cheerful disposition, and I would have been pleased to have her transfer to one of the other schools.

W Mrs. Paul Petahtegoose who is teaching a school in Sturgeon Falls Agency has written me that she would like a change if there are any vacancies in this Agency. Considering she has a family of small children, I hesitate to recommend her for West Bay School unless it is possible to arrange for two teachers. She is however well qualified, and also speaks the Indian language.

Welfare and Training

Some difficulty is being experienced at West Bay Reserve with regard to school accommodation which will become more acute I presume with payment of Family Allowance. There are now 66 pupils on the register with a few also in Spanish Residential School, and there are a number of children ~~situated~~ situated from three to five miles from the present school, which is not a first class building, having been previously enlarged by an addition resulting in a leaking roof that is difficult to prevent.

Ottawa, July 24th, 1945.

Mr. C.E. Johnston, Indian Agent, Manitowaning, Ont.,

In your report for the month ended June 30th, you stated that there are sixty-six pupils on the register at the West Bay Day School.

I discussed this situation with Inspector Arneil recently and he recommended that we endeavour to secure another building situated some distance from the present school. Will it be possible to rent a house or other building for the purpose for the academic year 1945-46. We have no funds in the present appropriation for the erection of a new building this year.

Please give this matter your early consideration and let me know if anything can be done along the lines suggested above. If so, the Department would be prepared to make an endeavour to secure a second teacher for the academic year 1945-46. I also understand from Mr. Arneil that he has discussed this matter with you.

I acknowledge receipt of Department letter No.12-4-1 dated July 24th 1945 in regard to securing a temporary building for school purposes on West Bay Reserve.

The only thing I can find that might serve the purpose, is a large two storey log house situated on Village Lot No. 49, and covered by Location Ticket Number 7242 quite close to the present school.

The building is in poor repair however, and in its present location would not serve the outlying parts of the reserve for which it is actually required.

There is a small house on Lot 8 Concession 3, covered by Location Ticket No. 7096, which could possibly be secured for a teacher's residence. This is about the proper location to best serve the community, if it is considered worth while to move the big house from the village along side, to serve as a class room.

The flooring and roofing would have to be renewed anyway, and the moving would not involve a great deal of extra expense, as the Indians are very handy at moving log buildings. It should also be sealed up inside, and should have some alterations in the doors and windows to make it suitable for a class room.

I would judge the expense altogether might run to four or five hundred dollars.

If the building were being moved, I expect we would have to purchase it outright, otherwise we could no doubt rent it. As yet I have not approached the owner, Mrs. Florence Bebamash.

I have your letter of the 30th ultimo, with reference to securing a temporary building to be used as a school on the West Bay Reserve.

It is noted that you consider that you can secure a large two storey log house and move it from its present location to Lot 8 Concession 3. I understand from your letter that the cost of moving and placing this building in suitable condition would involve an expenditure of \$400-\$500. Please let me know what it would cost to either purchase this building or rent it.

You might also let me know what it would cost to rent a house on Lot 8 Concession 3 as a teacher's residence.

I discussed the contents of your letter with the Director, but we would like to have more information before making a final decision.

I wish to refer to Departmental Letter No. 12-4-1 dated August 3, 1945 relative to securing a temporary building to be used as a school on West Bay Reserve.

The people who own the large house in West Bay Village, asked \$350.00 for the building, which is altogether too high.

Joe P. Debassige has agreed to rent the house he is living in at the present time for \$20.00 per month. It is not as large as the other house, but is newly built and has sleeping quarters overhead. Joe has also agreed to build an addition to the house this fall to serve as living quarters. This house is situated on Lot 9, Concession 4, held under Location Ticket No. 7827. It is quite suitably located to accommodate the locality. The only objection being that there is no well on the lot.

OK This seems to be the best arrangements I can make for a temporary school, and would accommodate from fifteen to twenty pupils if a teacher can be arranged for. It has occurred to me that Mrs. Isobel Gingras might fit in at this place, if it is decided to accept it.

It might be possible to secure a separate house on a rental basis for a residence and not have Joe make the addition to his house. In this event the rental would be about \$15.00 per month for Joe's house, and possibly ten or twelve dollars per month for the residence.

If Mrs. Gingras were to get the position, she would want to have her parents with her. A younger single person would be preferable if it is decided to use the combined school and residence.

Mr. C.R. Johnston, Indian Agent, Manitowaning, Ontario.

I have your letter of the 24th instant with reference to securing a temporary building to be used as a second classroom for the West Bay Reserve.

The Department is prepared to accept the offer of Joe P. Debassige to rent his house for \$20.00 per month for the period September 1st, 1945 to June 30th, 1946.

We are also prepared to accept the services of Mrs. Isobel Gingras but we are not very happy at the suggestion that both her father and mother reside with her. It is our experience at other places that when there is an unemployed man around the teacher's residence trouble usually arises with some Indians. I realize, of course, that Mrs. Gingras' father is an Indian but that does not, as a rule, improve matters.

Please discuss the matter with Mrs. Gingras and point out the Department's feelings in the matter.

We are prepared to pay Mrs. Gingras \$80.00 per month plus bonus of 17%. As she is an Indian she will not be subject to Income Tax and consequently the amount mentioned will be her net salary with the exception of \$4.00 per month which is deducted for superannuation. However, this amount will be repaid to her with interest when she gives up teaching.

As I have no information regarding a teacher for the present school at West Bay, I am at a loss to know what to do about the proposed school in Joe P. Debassige's residence.

Mrs. Isobel Gingras is prepared to take this school, and Debassige has the addition to the house well on the way, but is held up for lack of material. He has the frame up, boarded in, rough floors laid and roof shingled, and has requested an advance of \$100.00 on the rental, to secure doors, windows, and other finishing material.

I would hesitate to have Mrs. Gingras open up the other school, as I am doubtful if she could manage the number of pupils and grades if only one school is available.

I would prefer to have a competent teacher established in the present school first, as we will have to draw on this for supplies to get the second school into operation.

Please advise at your earliest convenience.

I wish to refer to departmental letters No. 12-4-1 dated September 18th and 22nd relative to securing a teacher for West Bay school.

We have exhausted every effort locally and Rev. J. Howitt wrote to three school inspectors of his acquaintance with the same result; They claim to be all short of teachers in their own Inspectorate.

In your letter of Sept 22nd, I note you were communicating with a teacher and immediately after I received this letter, Mrs Rita Corbiere of Wikwemikong, whom I had previously approached about West Bay school has informed me she will go if no other teacher can be procured; Mrs Corbiere had previously declined to take West Bay school, but expressed her willingness to take a school on her home reserve.

Mrs Corbiere was formerly Rita Trudeau and taught the junior room at Wikwemikong with very good success; She also taught Buzwah school for a short time since her marriage.

The only objection, Mrs Corbiere has three small children of her own born in June 1942, January 1944 and January 1945, so that it would be preferable to get an outside teacher if possible, however as a last resort, I would recommend that Mrs Corbiere be given the appointment.

Please advise at your earliest convenience, so that we can prepare to open both schools about November 1st.

Mrs Gingras is prepared to accept the other school to be opened at Joe Debasas's residence at any time.

with reference to securing a teacher for the West

When Mrs. Corbiere taught there previously
her services were satisfactory, but I do not consider
it would be fair, either to Mrs. Corbiere or to our
work, to re-engage her at the present time, in view
of the fact that she has three young children, one of
whom is only a baby.

We have secured the services of Mr. J. U.
Byrne as teacher of this school and he will arrive in
Little Current in time to re-open the West Bay School
on November 6, 1945. I have given him your name and
he will telephone you when he reaches Little Current.
I hope you will find it possible to accompany him to
the West Bay School.

There may be a few articles of furniture
that he will require and, if so, you may purchase same
locally. You should arrange, of course, to have both
the school and the teacher's residence cleaned before
Mr. Byrne arrives. He will be accompanied by his mother,
who is an elderly lady; she will keep house for him.

You should also engage the services of Mrs.
Gingras and have her open the school at Joe. Debassige's
residence on the same date as Mr. Byrne re-opens the main
school, namely, November 6. Owing to present regulations,

I think the complaint of the Indians is
sufficiently serious to justify your speaking to the teacher.

The necessity and demand for more schools is steadily growing. A new school should be erected at West Bay during the summer. The junior room in Wikwemikong School is very overcrowded, and new day schools are being requested in two other sections of Manitoulin Island Unceded Reserve.

A change of teachers at West Bay Village School is urgently requested. Mr. Byrne is evidently not in good health, and is certainly not adapted to the Indian Schools and children.

With this one exception, I believe, the present teachers are satisfactory and will return for next term.

Dear Mr. Byrne:

Reports have reached me that you do not enjoy good health, and, as a consequence, it has been suggested that we make an immediate change in the teaching services at the West Bay School for the academic year 1946-47. Before making a final decision, I would like to hear your side of the case.

In my quarterly report for the period ending June 30th, I recommended a change of teacher for the Village School at West Bay.

As Mr. Byrne appears to be of rather excitable, or hysterical temperament, I hesitated to approach him on the matter of resignation. In fact, I rather expected him to resign anyway, since he appeared to be rather dissatisfied with the salary etc. however, he has not given any resignation to this office, and I wish to emphasize the desirability and necessity for a change of teacher at this school.

I understand Mrs. Jean Lowe, a young widow woman of Killarney is available if she has not already secured a school elsewhere. This young woman is highly recommended by Inspector Greening, and unless the Department have some one else in view for West Bay, I would recommend an effort be made to engage her immediately.

Since the close of school, Chief Wm. McGregor, has requested a change of teacher at Birch Island School on the grounds, the children are not making satisfactory progress.

I am under the impression Inspector Greening is well satisfied with Mrs. Fox, and her only eighth grade pupil passed her entrance this year.

Mrs. Fox of course is not a qualified teacher, and has two children of school age, which in addition to the four Polish children attending, makes the class room rather overcrowded, however, unless a qualified teacher is available, I would recommend Mrs. Fox be retained another year.

Please advise at your earliest convenience regarding a teacher for West Bay Village School.

I acknowledge receipt of departmental letters
No. 12-4-1 (W.T.) dated July 27th and August 1st, relative to
the matter of securing a teacher for West Bay Village school.

I have just been informed by Mrs Jean Lowe, that
her Doctor has advised her not to take on the responsibility
of teaching school this year, but that she would be pleased to
have the opportunity next year of teaching in this agency;
I know of no other qualified teacher available in this district.

With regard to Mr Byrne, I had thought perhaps he
might improve after he had gained some experience, but the parents
are all against him and I feel it is positively no use of his
returning to West Bay Reserve; His home address is given by
Father Dwyer as Carp, Ontario and I trust the department can
get in touch with him there.

I would be pleased to know what Inspector Greenings
report was on this school.

MEMORANDUM FOR FILE

Mr. J. U. Byrne, who taught the West Bay School during the past academic year, was in the office this morning. I told him that in view of reports received we were not prepared to send him back to West Bay.

It was agreed that if we have another school which we care to offer him he will be prepared to consider it. However, if we do not wish to offer him a school I promised that we would allow him salary for the month of September, in view of the fact that we have not given him a full month's notice.

Dear Madam:

With reference to your application for appointment as teacher at an Indian Day School, we are prepared to accept your services at the West Bay School. This school is approximately 18 miles from Little Current, Ontario, on Manitoulin Island. There is living accommodation for the teacher, attached to the school.

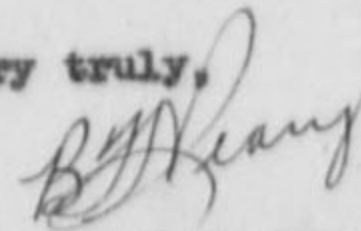

EX'D.

Salary will be allowed at the rate of \$100.00 a teaching month, plus bonus.

I would appreciate your advising me, by return mail, if you are prepared to accept this school. It should re-open on September 3. If you accept, we will notify the Indian Agent and can arrange to have him meet you at Little Current, Ontario, on September 2, and drive you to the school.

I am enclosing your certificates, etc., by registered mail.

Yours very truly,

Dear Madam:

I have received your letter of acceptance of August 22nd. The Department has approved your appointment as teacher of the West Bay Indian Day School effective September 1, 1946 at a salary of \$100.00 a teaching month, plus bonus.

There are approximately sixty-four pupils at this school in grades, one, two, five and six. This number is divided into two classrooms.

I am unable to supply you with the other information which you requested. Would you please write directly to Mr. C.R. Johnston, Indian Agent, Manitowaning, Ontario informing him of the time of your arrival at Little Current so that he can arrange to have you driven to the school. I enclose Income Tax and Staff Questionnaire forms for completion. Please return to this office as soon as possible.

With reference to departmental letter No. 12-4-1
(W.T.1) dated October 11, 1946 regarding the dependent uncle of
Miss J DeCoteaux, teacher of West Bay School, I enclose herewith
"Declaration of Head of Household for purpose of Cost of Living
Bonus" which was previously overlooked.

This shows the uncle to be living at Papineauville,
which, I believe to be in Quebec Province; In any event the uncle
is not residing with Miss DeCoteaux at West Bay.

Dear Miss DesCoteaux-

EBD.

With reference to your letter of the 25th instant, you were promised salary at the rate of \$100.00 a month plus bonus. On Sept. 1, 1946, the bonus was consolidated with the salary and consequently the amount payable to you is \$125.00 a month.

The cheque that you received covered the months of September and October which equals \$250.00 less deductions as follows:-

Income Tax \$ 2.70
Retirement Fund - 5% of \$250.00 .. 12.50
Total Deductions \$15.20

Therefore the amount due is \$234.80.
Our records show that a cheque for the amount just stated was sent to you.

Yours truly,

Bernard F. Neary,
Supt. of Welfare & Training.

Mr. B. Deary, Superintendent:

Ottawa.

Sir,
Last August I accepted to take charge of
West Bay Village School with pleasure.
I have 47 pupils, grades I, II, III, IV, V, VI.
None of the pupils understand English and few can
speak English. It will take about three years
to bring this school to normal standard, and
it will be very arduous a task.

The classroom is over crowded and the
equipment is far from modern.

The pupils are rather good children,
but they are not interested in English; it seems
to be of a bad habit. One agent Johnston told
me they have been like this for quite a long time.

When I took charge of the school I
understood that the number of pupils was
about 30 to 34, and grades I, II, III, IV, and, the
salary \$110. per month plus bonus.

Could I ask you if you would kindly
increase my salary as much as possible
you would do me great a favor and
You would oblige.

Yours truly,
J. Des. Coleman.

(use other side for more detail)
My total teaching experience is 4 years in Indian Schools
and 36 years in Provincial Schools.

Summer Schools - In order to qualify for salary increments as shown in the
schedule, I certify that I have attended the following professional summer
schools conducted by Provincial Departments of Education or Canadian Univer-
sities for a duration of four weeks or more in length:

Year	Course taken	By whom course was conducted	Length of Course in weeks
1. <u>1915-1921</u>	<u>3rd class + 2nd class</u>	<u>Provincial Sch. Bd.</u>	<u>6 weeks - 6 weeks</u>

I therefore request, in view of my qualifications and experience as
detailed above, that I be classified as a Grade 2 teacher and that my
salary as a teacher in the Indian Day School for
the 1947-48 academic year be set at \$ 2220 according to the salary schedule.
I understand (i) that all salary increases are clearly described in the
schedule regulations as for "satisfactory service", (ii) that therefore it will be
necessary for the Indian Affairs Branch to carefully consider School Inspectors'
and other reports submitted upon my teaching service, and (iii) that these
reports must be decided as being "satisfactory" in order that such a raise be
granted.

Manitowaning, Ontario,
June 20, 1947.

Indian Affairs Branch,
Ottawa, Ontario.

I wish to refer to previous
correspondence regarding the school situation at
West Bay Reserve.

An official of the Department was
to have come the latter part of March to investigate
but has never arrived.

As previously stated, the farm house
being rented from Joe P. Debassige is altogether in-
adequate for that section of the reserve, there being
thirty-seven pupils enrolled with about fifty at the
Village School and prospects for an increased atten-
dance next term.

Mrs. Isobel Gingras, teacher at No.
2 School is desirous of teaching here another term
and it would appear a new school will not be avail-
able by September 1st. Mr. Debassige would like to
have his house next winter but if we must open school
in the house again in September, I would suggest we
continue the rental throughout July and August to
avoid moving or storing the school supplies.

Mrs. Gingras has had great difficulty
in keeping down vermin in the house and if we have
to begin another term in this building, we do not
wish it to be occupied by anyone else during vacation.
I will therefore continue to submit the usual vouchers
for rental during July and August.

At the Village School, Miss DesCoteaux has suggested that part of the living quarters should be converted into a classroom and engage two teachers.

This would necessitate considerable alterations and although it might serve as an emergency, would not be very satisfactory.

It would appear that accommodation should be provided at West Bay Reserve for a maximum of one hundred pupils and one graded school may be the solution, however, something should be done immediately to relieve the situation.

Indian Agent.

I acknowledge receipt of departmental letter No. 12-4-1 (WT 1) dated July 9, 1947 with reference to the resignation from Miss J. DesCoteaux, Teacher at West Bay Village School.

Although I requested Miss DesCoteaux to file a formal resignation, up to the present time, it has not been received at this office.

In as much as Miss DesCoteaux requested to be given a position as teacher in Quebec province, she probably considered this would serve as her resignation.

Under date of July 24th, Mrs. Rose E. Fox, former teacher at Birch Island School has tendered her resignation and is enclosed herewith.

I have received an application for
the position of teacher at West Bay School from
Mrs. John A. Wilson of Killarney, Ontario.

I know nothing about Mrs. Wilson
except the information given in her letter. She
is 28 years of age, has two children and does not
mention having had any teaching experience.

She has no certificate but states
she had three years High School training and would
take a great interest in the pupils.

Since it is proposed to have two
classrooms in West Bay Village School next term
and the living quarters will be rather small, I
would not recommend engaging one teacher with two
children, however, I am forwarding the information

VII. I therefore request, in view of my qualifications and experience as detailed
 above, that I be classified as a Grade 1, 2, 3 teacher and that my salary as a
 teacher in the Blind River, Ont. Indian Day School for the 1947-48
 academic year be set at \$160.00 according to the salary schedule.

I understand (i) that all salary increases are clearly described in the
 schedule regulations as for "satisfactory service", (ii) that therefore it
 will be necessary for the Indian Affairs Branch to carefully consider School
 Inspectors' and other reports submitted upon my teaching service.
 (Note: Details of our salary schedule are available in all Indian Agency
 offices. If the application is sent in with part of Section VII left blank,
 we will inform you of the salary you would receive in our service).

Dear Sir,

In regards to a certificate in order to teach I did not finish normal school on account of marriage. Mrs Isabel Pettit told me it would be a good change to continue and get a certificate. I was in a convent at North Bay for a number of years attending school and always wished to teach but financial difficulties held me back.

I feel as tho' I could undertake a term and take great interest in the pupils. Trusting to meet with

your approval. Thanking you
My maiden name ~~was~~ before marriage was
"Elle Lamondiere."

Yours Truly

Zella M. Wilcox

P.S. If there are more than 3 grades I am willing to teach as I feel very capable of doing so. Also wish to state that I'd willingly teach for whatever salary you desire.

Hope to get an immediate reply as I would like a few days to get organized etc.
Thanking you again.

With reference to departmental letter No. 12-4-1 (47-1) dated August 14, 1947, I now enclose a regulation application form completed by Mrs. John A. Wilson, for a position as teacher at West Bay Village School.

As previously stated Mrs. Wilson has two children, and as it appears difficult to obtain single teachers, it would appear one of the teachers may have to live out.

At pre sent I do not know of any available living quarters outside the school, but will investigate this angle while in West Bay to-day.

In my opinion the new set up is not at all satisfactory for teachers with children. The living quarters are all on the second floor with the exception of the kitchen.

I enclose herewith an application for position as teacher at (Kaboni) School, from Mrs. Rita Corbiere, former teacher in intermediate classroom, Wikwemikong School.

Mrs. Corbiere, I believe is a very successful teacher, and I would recommend her employment for Kaboni School.

I note that Mrs. Corbiere has her salary based at \$1,320.00, while Mrs. Peltier at Buzwah School, has been approved at \$1,560.00, which does not appear to be in accordance with the salary schedule.

I am under the impression that Mrs. Corbiere is the better teacher.

We have your letter of the 21st instant enclosing application of Mrs. Rita Corbiere for appointment as teacher of the Kaboni School. We have already appointed Miss LeBlanc, former teacher of the Wikwemikong School, as teacher at Kaboni.

We are prepared to accept Mrs. Corbiere as teacher of the West Bay School at a salary of \$1,560. a year, effective September 1st, 1947. It is hoped that she will accept this position.

We are in communication with another single teacher whose services we hope to secure as second teacher at West Bay. I understand that the living quarters will be suitable for two single teachers.

In view of the above, the Department is not prepared to consider Mrs. Wilson's application at the present time. If there is any change in our present plans we will keep her in mind.

I beg to report Mrs. Rita Corbiere has handed me her resignation as teacher at West Bay Village School to take effect at the end of December, which is enclosed herewith.

As explained in previous correspondence, Mrs. Corbiere's husband has taken over the general store business at Wikwemikong from the widow of Ernest Oshkabewisens and will require Mrs. Corbiere to assist in the store.

As there are now two teachers required at West Bay Village School and are obliged to use the same living quarters, I would suggest another single teacher be engaged to assist Miss Bruyere.

Mrs. Corbiere has the senior grades and it would be advisable to secure a qualified teacher to replace her as I understand Miss Bruyere has no certificate and prefers to teach the junior classes.

Mrs. Corbiere is a good teacher and I regret that circumstances make it necessary for her to tender her resignation.

I know of no suitable teacher available locally and would recommend a teacher from outside be engaged.

Dear Miss Searson:

While we are waiting for the building of the Chenail Indian Day School, it has occurred to the Department that you might be interested temporarily in a vacancy at the West Bay Indian Day School. There are two rooms at this school which is situated at Manitoulin Island. The other teacher is Miss Bruyere and you would share the living quarters with her. This school is two hundred yards from the post office at Excelsior, Ontario. The nearest railway station is Little Current, Ontario. This is a frame school and the classroom is heated with a stove. The teacher's living quarters are above the school. I understand that Miss Bruyere is handling the lower grades which would mean that you would have approximately twenty-five children to teach in the upper grades.

I would appreciate hearing from you in the near future if you are interested in this position.

Sincerely yours,

as follows:

THIS IS A TWO ROOM SCHOOL AND THE OTHER TEACHER WILL
BE MISS BRUYERE -stop- I CAN OFFER YOUR BROTHER SCHOOL

The school at West Bay which we are offering
you is a former one-room school, which was converted last
summer into a two-room school. One of the two teachers
resigned at Christmas. The teacherage is attached to the
school and is 200 yards from a post office and store. The
post office address is Excelsior, Ontario and the nearest
railway station is Little Current, Ontario, on the C. P. R.
We would, of course, notify our Indian Agent, Mr. C. R.
Johnston, and arrange for you to be met at the station.

The school which we are offering your brother
is 9 miles from the post office at Grilly, Ontario. It is
3 miles from the railway station at Glenora, Ont., and
50 miles from Fort Frances, Ontario. It is a frame, one-
room school, heated with a furnace and there is a teacher's
residence on the back and part of the building. There are
approximately 22 children in attendance, mostly in the lower
grades.

While these two schools are some distance
apart, I felt that we should make you a definite offer now,

EXD.

Dear Doctor Bennett:-

The teacher of the senior room at the West Bay Indian day school near Little Current, Manitoulin Island, gave up duties at the end of December and we have not yet been able to secure another teacher. During the past summer we remodelled this building in order to provide a second class room and living accommodation sufficient for two persons. We have a teacher for the junior room and she is still in our employ.

Is there any possible chance of securing a teacher that you think might give good service for the balance of the current academic year?

You are aware of our salary schedule which provides payment of salary according to qualifications of the teacher concerned.

We would appreciate very much any assistance that you could give us in the above regard.

Yours sincerely,

Bernard F. Neary
Superintendent of Education.

I acknowledge receipt of Departmental letter No. 19-13-1 (E.1) dated March 9, 1948 with reference to Birch Island and West Bay Day Schools. I have discussed with Miss Morris the matter of taking the senior room at West Bay Village School when she is able to resume work after her operation and although Miss Morris would not definitely commit herself, I can see that she would prefer not to go to West Bay.

Miss Morris informs me that she should have two operations and if her doctor considers she should not have both at once, she will probably have the second operation about six weeks later, so that it would appear there is a great possibility that she may be unable to teach for two or three months, probably the remainder of the term.

With regard to operating these schools on a summer time basis, I am sure it would not work out satisfactorily in this Agency.

I discussed the matter with Chief William McGregor at Birch Island and he was very much opposed to the idea. Practically all of these people are employed by tourist and berry picking during July and August and I am doubtful if we could get sufficient pupils to warrant keeping the schools open.

If it is possible to get teachers, I would suggest one be engaged for West Bay Senior Room as early as possible and that a new teacher be engaged for the remainder of the term at Birch Island school, unless we can have some assurance that Miss Morris would return on April 26th and complete the term, in which event, I would suggest she might be given one month's leave of absence.

I acknowledge receipt of Department Letter No. 19-13-1 (E.1) dated April 6, 1948 and note that the Department have been unsuccessful in securing teachers for Birch Island or West Bay Schools.

Miss Virginia Trudeau, daughter of Joseph Trudeau, no. 183 Manitoulin Island Unceded Band has intimated she would like to take the position at West Bay School for the remainder of this academic year at least.

Miss Trudeau is just eighteen years of age, has one year high school and one and one-half years commercial course at St. Joseph's College, North Bay.

There are only four grades, 2, 3, 4 and six in the senior classroom at West Bay and although Miss Trudeau is not fully qualified, with an experienced teacher in the junior room, I believe she might do very well until a qualified teacher becomes available.

This classroom has been closed since ^{DECEMBER} ~~September~~ and if Miss Trudeau is acceptable to the Department, I would suggest a reply by wire so she can begin duties immediately.

Dear Miss Comeau:

I have for answer your letter of April 17th with attached application form and references. Our Department is quite willing to accept your services in view of your qualifications and recommendations. At the present time we could offer you a beginning salary of \$150.00 a teaching month plus free house, fuel and light.

At the present time indications are that there will be several vacancies in our Ontario schools. There are only two, however, of which we are certain at this time:

- (1) West Bay Indian Day School: This is a two room school situated one half mile from Excelsior Post Office on Manitoulin Island. This is a two room school and you would have charge of the Senior Room. Plumbing fixtures were installed last Fall and the school is connected with a power line. The teacherage is a part of the school and you would share it with Miss Bruyere, the Junior teacher.
- (2) Birch Island Indian Day School: This is a one room school situated seven miles from Whitefish Falls, Ontario. This school has some forty children in attendance. The teacherage is a part of the school and is of frame construction. There is no running water nor hydro.

Re: West Bay Village School

I acknowledge receipt of Department letter
No. 19-22-1 (E.) dated April 15, 1948 with reference
to employment of Miss Virginia M. Trudeau.

As Miss Trudeau is unmarried and has no
dependents, it is not considered necessary to complete
the T.D. 1 forms. Miss Trudeau's application form is
returned herewith and she has commenced duties April
19th, 1948.

Regarding Birch Island School, if Miss
Morris is unable to return to duty very soon as I doubt
she will, I would suggest one of Chief Wm. McGregor's
daughters Florence or Genevieve might be engaged to
complete this academic year. These girls, I believe,
had two years High School and have been going to night
school in Hamilton where they are employed at present.

Mr. McGregor informs me he is quite certain
one of them would undertake to complete this term
rather than have the school closed and intimated he
would phone or wire for one of them if so desired.

I have not heard from Miss Morris since
she left the school before Easter so have no knowledge
of progress being made.

Miss Mary B. Daley,

Dear Miss Daley:

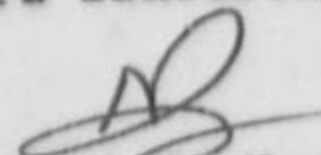

You will recall that I wrote you before concerning employment at one of our Port Arthur schools and advised you that it was unlikely that we would have a school on Manitoulin Island.

However, we have today transferred one of our teachers from the West Bay Indian Day School on Manitoulin Island to a school near Cornwall. This leaves a vacancy in the senior room at the West Bay Indian Day School. This is a two room school and the junior teacher is a Miss Bertha Bruyere who lives in Maniwaki, P.Q.

In view of the fact that she lives near you, I would suggest that you phone her at Maniwaki 93 - Ring 6, as soon as possible and arrange to see her and get all the details available concerning the West Bay School.

I have also offered this school to another teacher but as I have not heard from her I am presuming that she is occupied elsewhere. I would, therefore, ask that you see Miss Bruyere as soon as possible and advise me as to whether you are willing to go to West Bay. Your salary will be at the rate of \$114.00 a teaching month.

Yours sincerely,

Re: West Bay Indian School

I acknowledge receipt of copy of
Department Letter No. 19-22-1 (E) addressed to
Miss Agnes Ritchie of Montreal who was recommended
by Miss Edith Leblanc to take the senior classroom
in the above school along with Miss Bruyere.

A Mr. Cameron from Montreal has
called by telephone advising that Miss Ritchie
has been employed by him as maid for three years,
that she has only attained Grade nine and has
not attended school since she was fifteen years
of age.

Under these circumstances, I
consider it would not be advisable to engage
Miss Ritchie as teacher for this school, par-
ticularly for the senior room.

Dear Mr. Meary,

A few days ago, I wrote to Mr. Johnston to inform him that Agnes Ritchie would be willing to teach in West Bay school if you grant her the position.

Mr. Johnston wrote to me that he was sending her application to you. She still expects a letter from you, to know if she is going to be engaged for that school.

Miss Ritchie has her entrance certificate. She studied English for a year when she was in Ontario. She is an honest girl and a good worker. She tells me that if she is granted the position this year, she will go to Toronto during the summer to continue her studies. If you wish to write to her, her address is now 6906 Boyer St. Montreal.

That will suit me very well.

that done.

Dear Miss Power:

I have delayed answering your letter until I was certain of a definite vacancy which we could offer you. Unfortunately, I have not a two-room school to which Miss Quigley and yourself could be appointed. However, I have just been notified that one of my teachers is unable to report for duty at the West Bay Indian Day School, on Manitoulin Island. This is a two-room school and the junior teacher is Miss Bruyere. This school is situated on the highway about 18 miles from Little Current, Ont. You would share the teacherage with Miss Bruyere and the Department would not make any charge for this accommodation. The teacherage is furnished but we do not provide blankets, sheets, pillow slips or towels. In view of the fact that you do not have a teaching certificate, your beginning salary would only be at the rate of \$1,080.00 an academic year. In addition to this, of course, as stated above, we offer free house, fuel and light. If you have not already accepted a position, I would appreciate hearing from you as to whether you are interested in further details of this school. Please find attached one of our application forms which you can submit.

I am sending an identical letter to Miss Quigley in the event that she has not yet accepted a position and might be interested in this school.

ON REVISED SALARY SCHEDULE.

Our files here indicate that we have not as yet received from you a copy of the form attached to the June 1948, issue of the Bulletin, and entitled, - "APPLICATION FOR CLASSIFICATION ON 1948 REVISED INDIAN SCHOOL TEACHER'S SALARY SCHEDULE".

It is essential that we have complete and up to date information on every teacher's qualifications and experience before setting their salary for the 1948-49 academic year. If you have not already completed this form, I would ask that you do so immediately and forward it to the office of your Indian Superintendent. Unless this is done, your salary for September, 1948, will be the same as that salary you received for June, 1948.

If you have already sent this form in to your Indian Superintendent, check with him to ensure that it has not been mislaid. If necessary, you can complete the attached forms, (duplicates of those sent you in June) and return them at once through the office of your Indian Superintendent.

for the position of teacher at West Bay Village
School but we have received no further word.

Miss McGregor taught for a couple
of months, May and June 1948, at Birch Island
Indian Day School. From Departmental letter No.
103-19 (E) dated June 30, 1948, we gather that
the Inspector was quite pleased with her work
at this school.

As Miss McGregor has had some
experience in Indian schools, where Miss Roque
has had no experience, I would recommend that
Miss McGregor be accepted to teach the Senior
Room at West Bay Village School, where there has
been no teacher since the opening of school.

Dear Sir

I am writing you in regards
to Condition existing here at West Bay.
I have 2 daughters one age 12 and age 9
I am trying my best to keep them in
school to get Educated but they have
to walk 5 miles to school & 5 miles back
that means a walk of 10 miles every day
winter & summer.

I wrote to the Indian Agent about
this but I don't seem to get no answer
from him. There is over thirty Pupils
going to this school. And I can't see
why there is not Buses or transportation
of some kind for the Children there

is every place else. And I for one will not send my children to school. If there is not a change made. And I think it is up to the Board of Education to see that we get transportation of some kind for our children. If we are forced to keep our children home on account of storms. The Government is on one neck. but they don't seem to realize that we are human beings. And don't want to see our children's health bad on account of forcing them to walk to far.

So kindly see that the Indian Agent of West Bay Out Manitoulin Isld. looks after this

Yours truly

I acknowledge receipt of Department Letter No. 444-1 (E.1) dated October 21, 1948 enclosing a letter received at Ottawa from Mrs. Ambrose Pheasant of West Bay.

Mrs. Pheasant has greatly exaggerated the distance from the school. They are less than three miles from the site of the new school which is on the same Lot as the farmhouse where her children are now attending.

They had somewhat farther to go to the Village School before this school was opened and the new school is as centrally located as possible.

I had discussed with a great many of the settlers the matter of having one larger school in the Village and practically all appeared to be greatly in favour of having a second school built in the vicinity where the new school is located.

There are several other families that are about the same distance from the school and from whom I have heard no complaints.

Mrs. Pheasant's letter is returned herewith as requested.

THIS LETTER HAS BEEN SENT

Sir,

ocd

I have to inform you that Mr Separate School Inspector White in his report on the West Bay Indian School states that a new stove and pipes and a locked cupboard for books are required as well as a pail for water and that the building is cold in winter. The Department would like to know what it would cost to make the building comfortable. The stove, pipes, cupboard, &c. may be purchased.

And another thing what I was in
 hurry about was ~~that~~ it was
 that ~~mostly~~ every time I saw the
 Teacher, she would always tell
 me to repair the school house
 at once, for she would not stay
 if I would not do it soon -
 I have never done it as soon as
 I could but before I got through
 she went away - This all the
 information I can give concerning
 this matter & hope that it shall
 be satisfactory this time. I am
 also sending along with her
 a copy of the Bill which she
 delivers to you - which you will
 find each man has signed his
 name to his own Bill & oblige

Yours truly

Montreal
Dear Sir

In reply to Yours of
1st inst. stating that I should
not have allowed the repairs
to the school house without
having first obtained the necessary
authority from the Department.

And in reply I beg to say
that when the school house got
struck on August the 9th about
8 p.m. in the morning the gable
end at the front part was all split
up with holes also. The breast
beam which was ash was badly
wre up. In fact you could
find the pieces of wood away from
the building. And the next council
meeting we had we gave notice to
every party that belongs to come
& give us a day to repair the school
house of Chapel. Of course the day
came for to repair it & there was
only 5 or 6 fire or six men came out
of about sixty men. I being as
we had no By Law formed before
to this. Then to this the councilors
said for to go ahead ahead & repair
& finish the school in good order
& to charge it to the Department
& for the rest of the Band to
all pay for it alike.

had been submitted to me,
nothing would be done until I
had represented the matter and
received instructions from the
Department.

It appears, though, that the Indians
were engaged on the work at the
same time as they were applying
for the authority of the Department
to proceed. Subsequently learning of
this, I wrote them a letter of
remonstrance for their insubordination
and herewith respectfully submit
the Chief's reply explanatory of the
matter.

As it was a case of exigency,
and, as explained by the Chief,
their action having been prompted
by the teacher, I would respectfully
recommend that the amounts be
paid.

I have the honor to be,
Sir,

Your obedient servant,

Sir:-

With reference to your letter of the 30th. October last and the account therewith enclosed in favour of Mr. Jesse Lehman which amounted to \$5.35 for tar-paper, shingle nails etc., supplied for use at your Agency, I beg to say that through a ~~misapprehension~~ the cheque (No. 1398) which was sent in payment of the same was drawn for \$5.85 instead of \$5.35. Kindly call upon Mr. Lehman to refund the difference, viz:- 50 cents, and forward it to the Department.

shed would, we think, be no hurry, especially in winter time; we would say the same of a little cellar under the house.

The children's closets are in a very poor condition while there is no place at all for the teacher.

Such are the principle repairs needed at our school house in order that the work may be surely done.

The men that will do it ought to be paid.

We estimate that it will take at least \$100.00 to cover expenses, i.e. material and labour.

Yours truly

Dept of Indian Affairs
Dear Sir.

In reference to the repairs desired and needed on the school-house, the following are the more urgent: The foundations of the building need to be renewed, the old ones being rotten, thus leaving the house, at the bottom open to all weathers.

Downstairs there is need of a second floor in the two rooms back of the class-room. The wall of the same ought to be sheeted, as also those of the class-room itself.

In the latter place, two of the windows are rotten; and a new lock is needed on the door leading to the back room, as the old one is broken. A door is needed between the two back rooms.

The stair-case leading to the 2nd floor, or garret, is really not safe, as its steps are too far apart. If it were made more slanting, and the space below it covered in, the teacher could have there a little pantry, thus saving valuable space. There ought to be a small door at the entrance of said stair-case. - Upstairs, as Indian Agent Thorburn may be aware there is nothing but a rough garret, entirely uninhabitable in winter. We would suggest the making of two rooms in it, mostly for sleeping purposes, putting first thick paper on one side, and covering the same with sheeting. The ceiling of those two rooms be a protection against cold from over-head. This height should be some 8 feet and 4. One half of the garret, rather a little ^{over} more, would give sufficient room. The remainder might be utilized for storing up different things.

Two of the windows upstairs are also very bad. The garret floor is burnt in a couple of place. When walking on it, the dust falls on the heads of the persons below. A wood

The Secretary:-

Mr Agent Thorburn forwards under date 17th instant a resolution from the Chief and Councillors of the West Bay Band for permission to build a frame schoolhouse the cost of which is to borne by the capital funds of the Band. This Band has \$77,849.22 to its credit and can well afford to put up a suitable schoolhouse and teacher's residence combined. Accommodation for teachers is absolutely necessary at all these outlying reserves and this is one of the localities referred to specially in this respect by both Inspector and missionaries.

The school has an enrollment of 29 with an average attendance of about 30 and I should say that at least \$1200 .00 would be required for the purpose.

His Excellency

The Governor General in Council.

The undersigned has the honour to report that a resolution has been passed by the council of the West Bay Band of Indians in favour of the expenditure of a sufficient amount, estimated at \$1200.00, from their capital to erect a new school-house to replace the old one on their reserve, in the township of Billings, on Manitoulin Island.

The Indian Agent reports that the old school-house is a very poor building, and that the expenditure of a considerable sum of money would be necessary in order to put it into proper condition, and urges that the expenditure for the erection of a new building be authorized.

As the new school-house when completed would be in the nature of a permanent improvement and would properly represent capital, the undersigned begs to recommend that authority be given, under the 139th Section of the Indian Act as added by Sec.11 of Chap.32, Vic.57-58, for the expenditure thereon of the sum above mentioned from the capital at the credit of the West Bay Band, which amounts to \$77,849.22.

Extract from a Report of the Committee of the
Honourable the Privy Council, approved by
His Excellency on the 28th JUNE, 1902.

On a Report dated 25th June, 1902, from
the Superintendent General of Indian Affairs stating
that a resolution has been passed by the Council of
the West Bay Band of Indians in favour of the expend-
iture of a sufficient amount, estimated at \$1200.,
from their capital, to erect a new school house to
replace the old one on their reserve, in the Township
of Billings, on Manitoulin Island.

The Minister observes that the Indian Agent
reports that the old school house is a very poor
building, and that the expenditure of a considerable
sum of money would be necessary in order to put it
in proper condition, and urges that the expenditure
for the erection of a new building be authorized.

The Minister recommends, as the new school
house when completed would be in the nature of a
permanent improvement and would properly represent
capital, that authority be given, under the 139th
section of the Indian Act, as added by Sec. 11 of

Canada, acting for the Department of Indian Affairs, of the one part, and
Oliver Berry manufacture and contractor of the
village of Agawaing Township of Billings in the
district of Algoma Province of Ontario of the other
part, in form and manner following, viz.:—

The said Oliver Berry
for the consideration hereinafter mentioned, for himself, his Executors
and Administrators, agrees to and with the said Superintendent General
of Indian Affairs of the Dominion of Canada, acting for the Department
of Indian Affairs, his Executors, Administrators and Assigns, that the
said Oliver Berry
shall or will, on or before the first day of
November 1902, in good and workmanlike manner,
in accordance with a plan and specification thereof lying at the Indian
Office at Gore Bay in the
County of said district of Algoma
and according to the best of his art and skill, well and substantially erect,
build, set up and finish the combined school-house and residence
on the West Bay Indian Reserve
in the County of district of Algoma aforesaid
alorsaid, and to compose the same of such stone, brick, timber and other
materials as shall be approved of by
James Henry Thorburn — Indian Agent at
Gore Bay aforesaid —
In consideration whereof
the said Superintendent General of Indian Affairs, acting for the Depart-
ment of Indian Affairs, for himself, his Executors and Administrators,
promises and agrees to and with the said
Oliver Berry — his Executors, Administrators
and Assigns, well and truly to pay or cause to be paid unto the said
Oliver Berry or his Assigns
the sum of nine hundred and ninety-nine
dollars.

IN WITNESS WHEREOF the said Superintendent General of Indian
Affairs acting as aforesaid, and the said
Oliver Berry — have hereunto set their
hands and seals the day and year first above mentioned.

Signed, Sealed and Delivered

All Messages taken by this Company are subject to the following terms:

It is agreed between the sender of the following message and this Company that the said Company shall not be liable for damages arising from failure to transmit or deliver, or from any error in the transmission or delivery of an unrepeatable telegram, whether happening from negligence of its servants or otherwise, or for delays from interruption in the working of its lines, for errors in cypher or obscure messages, or for errors from illegible writing, beyond the amount received for sending the same. To guard against error, the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case it shall not be liable for damages beyond fifty times the amount received for sending and repeating.

Correctness in the transmission of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon, at the following rates, in addition to the usual charge for repeating messages, viz.:—One per cent. for any distance not exceeding 1,000 miles, and two per cent. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination, but only as the agent of the sender, and without liability therefor. This Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the sender's agent; if by telephone, the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender.

This Company shall not be liable in any case for damages unless the same be claimed in writing, within sixty days after receipt of the telegram for transmission. No employee of the Company shall vary the foregoing.

I have the honor to report ^{informing you that} my visit
 to the Good Bay reserve and the school
 house and teachers residence is being
 pushed rapidly on. It is sided up and
 shingled, partly latched, and about half
 of upper floor lathed and the rough
 under floor. The contractor says it will be
 all ample in two weeks or at latest work
 not. He is making a good job. The Chief
 and Councillors sanctioned an addition
 to the rear and stairs going up there inst-
 -ead of in the main building the addition
 cost will be about \$600 and the work is
 in such a shape that unless there alt-
 -erations were done immediately they would
 cost a great deal more extra work. And I
 told them to make the necessary alterations
 and under the circumstances I trust my
 action in this regard will meet your app-

Sir,-

I am in receipt of your letter of the 19th instant, and the accounts therewith forwarded for work performed on the West Bay Indian school house; and in reply I return the accounts herewith. The question of payment cannot be taken up until a report has been received from you in regard to the value of the work done, ~~and~~ on account of which the Department has already advanced \$280.00, ~~and, moreover,~~ ^{The} letter which you forwarded from Mr. Berry is not sufficient authority for the payment of \$96.00 to the workmen. If you consider that Mr. Oliver Berry is entitled to a further advance you should forward a voucher in his favor showing the value of the work done, the amount already paid, and the balance which might be paid. Upon receipt of such a voucher the question of the issue of a cheque in his favor will be dealt with. When a cheque has been issued to him he can then pay his workmen himself. I may add that the Department will not advance more than 75% of the value of the work done.

I have the honor to reply to your letter of 6th inst No 151727-5 and would inform you that having received a letter from the Contractor of the West Bay Indian school that the painting of the outside would have to be left over until spring in order that a good job might be made and informing me that the inside would be completed on Saturday the 13th inst and asking that the work be inspected and under the circumstances I thought it best to inspect the work and report to the Dept. on the 15th inst. I visited West Bay Reserve and inspected the Building of combined school and teachers residence, and I found the work and material has all been well done and according to contract except the plastering. The cold weather has interfered in making a good job of that and part of the finishing coat is now peeling off and the iron ventilators has not been put in the outer walls, was forgotten and overlooked. The cupboard in chimney is not finished the book boxes are not in. in school room. One large light of glass broken, not been

Sir

I have the honor to enclose you a letter from Oliver Berry (of 20th inst) the Contractor of the work at Indian school asking an advance on the work performed and stating that the job cannot be finished on account of the frost at night would spoil the finishing coat of paint.

The whole of the work when completed would amount to \$1110.00 as follows -

By the Contract price of school	\$995.00
The Cost of addition to base	65.00
The water closets	25.00
The Belfry	25.00
	1110.00

And I consider that \$125.00 one hundred and twenty-five dollars would complete the whole work.

Mr. Berry has been paid the sum of \$380.00 on the whole job as follows viz
 The sum of \$100.00 for foundation
 The sum of \$180.00 being amount of draft
 The sum of \$100.00 for plastering &c
 \$380.00

And I would recommend that an additional sum of \$547.00 be advanced to Mr. Berry being 75% of the work performed by him.

Sir,-

I beg to inform you that Mr. Oliver Berry is the Contractor for a school building in course of erection on the West Bay Indian Reserve.

The original contract was - - - - - \$995.00
 but certain additions were subsequently authorized, viz:- Addition to back..... 65.00
 Closets..... 25.00
 Belfrey..... 25.00
 \$ 1100.00

There has been paid the Contractor on account the sum of \$733.75 and when the Department received the last report from the late Agent Thorburn, there was work to the value of about \$125.00 still to be done.

It is desired that you will at as early a date as possible visit the Reserve and examine the building and report as to what further advance, if any, the Department would be justified in making the Contractor before the full completion of the building.

Sir,-

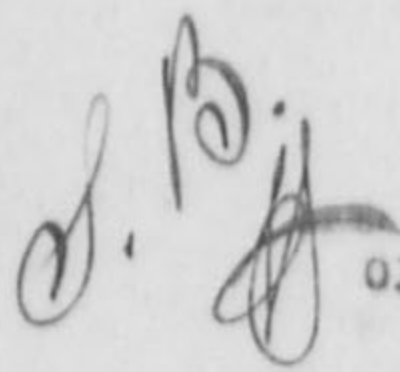

Referring again to your letter to the Department of the 5th inst. relating to your contract to build the West Bay School-house, I beg to inform you that a letter has been received from Mr. Robert Thorburn, Indian Agent at Gore Bay, in which he states that while your work has been well executed generally there are several minor points that still require attention.

You will remember that according to your contract the work requires to be inspected and approved by the Indian Agent, or some other officer appointed by the Department for the purpose. There does not appear to be sufficient ground to warrant the Department ordering a special inspection of the work. On the contrary it is thought that you will find Mr. Thorburn to ^{be} very reasonable and fair in his judgment as to the merits and completion of your work. I have, therefore, ^{to} request you to again communicate with him, and endeavour to comply with his reasonable requirements for the completion of the job.

In further reference to your letter of the 19th ult., in which you recommend the purchase of four additional No. 3 school desks for the West Bay Indian School, I beg to say that a similar requisition was received from you on the 13th of September last, when you were informed by letter of the 22nd of that month that the Office Specialty Manufacturing Co., Ltd., of Ottawa, would be requested to forward four No. 3 double desks as made by the Globe Furniture Co. of Walkerville, to Miss A. R. Peacock addressed to you.

The Department would like to know whether you ever received these four desks or not and whether the requisition of the 19th is a duplicate of the one you forwarded last September.

Sir :-

In reference to official letter of the 31st ult. I beg to say that upon referring to previous correspondence regarding the supply of desks for the West Bay School it is found that on 22nd September last four No. 3 double desks were ordered from the Office Specialty Manufacturing Co., Ltd., for this School. No notice has been received of their having reached their destination, and, pending inquiry through our Agent as to whether this previous order has been filled or not, I would be glad if you would hold the order of the 31st ult. until further advised.

Sir,-

Referring to your letter of 29 May 1909
No. 151757/5th

I have the honor to inform you
that the enclosed tender of A. Thorburn for
100⁰⁰ for painting the West Bay school house
is the only one received as yet. The building
is 30 feet by 22, with a porch 5 feet by 10
and a lean to 12 by 22 in rear. The main
structure is 2 story.

It is proposed to put 2 coats of paint
outside on walls & roofs. Paint the inside
coating in school room and Kalsamine the
plastered wall & ceiling.

The repairs should not cost much
2 panes of glass and some filling in
round the foundation.

Gentlemen,

In the fall of the year 1905 the Department ordered from your local agent some school desks for the West Bay Indian School, Manitoulin Island. Additional seating accommodation is now required and I have to ask you to be good enough to ship Mr. R. Thorburn, Indian Agent, Kagawong, Ont., four No. 3 double entire desks. Mr. Thorburn's post office address is Gore Bay, Ont., and you should advise him when the desks are forwarded and also send your account to him for transmission to the Department. It is presumed that the price will be ^{the} same as previously paid for these desks, viz.- \$3.10 each.

Dear Sir:-

We have your esteemed favour of June 5th., and have looked carefully through our records, but do not find any memo of the order you speak of as having been forwarded on Dec., 23rd., last.

We rather fear we will be unable to secure an exact duplicate duplicate of the style of desk now used by Mr. Thorburn, Indian Agent at Kagawong.

We have discontinued the manufacture of school desks, and we believe the Globe Furniture Co., who probably manufactured this desk in the first place, have also discontinued it.

If any other style of desk will answer well, we will be glad to hear from you when we will send illustrations of what we can get.

Awaiting your reply, we remain,

Yours very truly,

Ottawa, September 28, 1911.

Sir,

Mr. Separate School Inspector O'Brien in his report on the West Bay School speaks in very commendatory terms of the condition of the building and grounds and it is very pleasing to the Department to have him remark that this school building is superior to a large proportion of the schools that are provided throughout the rural districts for white children.

He suggests that the boys' and girls' playgrounds be separated by a fence ~~in front of the building~~, as this will secure among other things more privacy in the closet accommodation. If you consider it advisable you may have the Inspector's suggestion carried out.

He also advises that a strip should be taken from the eastern end of the play ground for gardening purposes, as this ground can be easily spared. No doubt you will see that this suggestion is carried out.

Your obedient servant,

Asst. Deputy and Secretary.

Wikwemikong to Gore Bay for the West Bay school.

I have the honor to report that I have to-day
requested the principal of the Wikwemikong Industrial
school to forward the desks by the next trip of the
steamer. In reply to that portion of your letter
in which you state that on June 14th last I was asked
to send four of these desks to Mr Agent Thorburn but
that the records of the Department do not show
whether these desks were sent or not. I beg leave

Sir,

I have the honor to enclose a vote and resolution of the West Bay band apply for sufficient funds to be set aside for the erection of an addition to the West Bay school building.

It is proposed extending the present structure to the south a sufficient distance to give room for a kitchen & oratory on the ground floor, and a wood shed.

If you will refer to plan of West Bay school dated 30 September 1902, Dept of Indian Affairs Survey No 151-727-5, the side elevation will show that it would not interfere materially in the architectural appearance.

The Indians could take out a sufficient quantity of timber of the proper dimension and have it manufactured at the mill and have the structure completed during the holidays.

In the present structure very little provision was made for black board space. The inside measurement is slightly over 20 feet. Directly in the centre of the black board space is a brick chimney. Nearly 5 feet in width and a door in the left rear corner. Any plans that may be submitted should make provision for black board space.

Sir,

I have to acknowledge the receipt of your letter of the 13th instant enclosing a resolution from the West Bay Council authorizing an expenditure from their funds of a sufficient amount to erect an addition to their school building.

In reply I have to ask you to be good enough to consult with the teacher and submit a sketch of the addition which they wish put up, showing the disposition of the space. It is presumed that no extra space is required upstairs as such is not mentioned. You should also state how this work is going to be done, as it will only be a small job probably it can be done satisfactorily by day labour, if there are any mechanics available.

Copy for No. 5 West Bay

Ottawa, February 27, 1912.

Sir,

Referring to official letter of April 21st, last, in which an expenditure of \$12.50 per annum for prizes for the West Bay and Sheshegwaning School was authorized, purchases to be made quarterly, I beg to say that the intention was that \$6.25 should be spent on each school during the year. The records show that accounts have been received from the Sheshegwaning School quarterly since that date for amounts approximating \$6.25.

As the allowance of \$6.25 per annum for each of these schools may be a little small the Department has decided to increase it to \$10.00 and the teachers may, therefore, expend \$2.50 at the end of each quarter for these prizes for distribution. You will be good enough to advise them accordingly and see that the accounts do not exceed this amount.

Your obedient servant,

Assistant Deputy and Secretary.

Yon Bay Out

Dear Sir. Herewith Enclosed find statement of expenses Re sawing school lumber: also bill from Angus McLaughall foreman.

Noah Abnauige had two nice birch logs and he said he had no use for them as he says he fell the tree because a tree got lodged on it while he was taking out saw logs. as I told him to put them with the school logs and that would make it right with him. and also people who want to get their lumber sawed here have to draw logs to mill dump and pile the lumber.

So you see the reason I put the additional expenses on the lumber.

I remain

Your obedient servant

Peter A. Chief

MEMORANDUM:-

On Saturday the first of June I drove with Mr. Agent Baxter from Gore Bay to West Bay and visited the school in charge of Miss Laferrier, a lay sister who has had ten years experience in teaching. She had an enrolment of 44, 20 boys and 24 girls. The register is well kept and shows that the pupils are well advanced. The children that I met all understood English and answered questions well.

You will see from the accompanying snapshot that they have a comfortable school building with teachers' quarters, but a few repairs are needed. The foundation wants pointing; the roof should be attended to as it leaks in one or two places near the chimney; the grounds should be graded up a little higher around the building and drains should be dug to the gully in the rear, which would carry off the water which lies around the building after a heavy

The distance from the school to the gully is 94 feet with plenty of fall. Wire windows should be furnished as

the mosquitoes and black flies are troublesome. There is no artificial ventilation in the school-room, but a ventilator could be put into the chimney.

Miss Laferriere asked for a flag and I think one should be furnished her.

The teacher gives instruction in sewing and cooking and she should have some assistance in providing a light mid-day meal for the pupils as it would insure more regular attendance and afford an opportunity of giving practical lessons in cooking.

There is no caretaker and I would recommend that one be appointed.

The quarters over the school building proper are in good shape, but the kitchen in the rear might be improved and the pantry adjoining should be sheeted, ~~and~~ as it is only clapboarded on the outside and is very cold in the winter.

Miss Laferriere is teaching gardening and has a very nice garden plot well fenced and well kept. It is 215 feet long by 20 broad, divided into 26 separate beds, well stocked with flowers and vegetables, all of which were well up and gave promise of a good yield. Miss Laferriere should be supplied with a watering pail.

There is space between the side windows in the school-room for blackboards and I would recommend that two hyloplate

hyloplate boards 9' 9" by 3' be furnished as the two in use are small and well worn.

The school grounds are well fenced and neat in appearance.

A truant officer should be appointed.

Chief Peter Ace brought out a quantity of hardwood which was sawn at the mill for the purpose of flooring the school-room. I think it would be well to use this lumber for the purpose for which it was intended and they should be allowed to put up an implement shed at the back as they have a very good stock of garden tools which will only be destroyed if proper provision is not made for their care.

I was very much pleased with my visit to this reserve and I think that Miss Laferriere is deserving of all encouragement that the Department can give her. She has an assistant who helps her in the care of the household arrangements.

I would suggest that Mr. Baxter be asked to send in a detailed report as to what is absolutely necessary to be done to the school at once so that the work might be undertaken during the holidays.

Sir,-

Mr. Benson of this Department, who visited the West Bay School in company with you on the 1st ultimo, reports that certain repairs are necessary to make the building thoroughly comfortable for the winter and I would like you to furnish the Department with a detailed report as to what you consider absolutely necessary to be done to this school, with an estimate of the cost. I would call your attention to the suggested improvements outlined by Mr. Benson in his report, which are the pointing of the foundation, repairs to the roof near the chimney, grading of the grounds around the building and drainage to the rear, wire windows, a ventilator in the chimney and a foul air pipe attached to the stove pipe and placed on a tripod, which would come down to about six inches above the floor near the stove.

You should make inquiries as to whether the services of a reliable Indian could be secured to act as caretaker and truant officer. Kindly state what you consider would be a fair remuneration for both services.

Mr. Benson is of opinion that the kitchen should be improved and the pantry adjoining should be sheeted, so that it will be more comfortable for the winter.

Hyloplate blackboards will be ordered for this school.

The Department is pleased with the manner in which Miss Laferriere is conducting her school and is inclined to make her comfortable. Be good enough to attend to these matters as soon as possible so that the work can be done during the holidays.

As to the re-flooring of the school-room be good enough to state whether the hardwood flooring which was got out by the Indians is available and, if so, what it would cost to lay it, and whether there are sufficient boards to make a small implement shed.

I have the honor to reply to Department Letter number 151727/5 under date of July 8th 1912 and would say that I have visited West Bay school in company with the Chief and Councillors and thereby make the following suggestions. First that the present kitchen and pantry which is 12 feet x 22 feet in size be torn down and a new kitchen & pantry 15 feet x 26 feet be built onto the school. The present kitchen is in my estimation too small for the work that Miss Laferriere is trying to do in regards to the cooking class that she has. The cost of material and labour would be about two hundred and fifty dollars as near as we could estimate it.

As for the grading of the school grounds close to the school I would not recommend that but would recommend filling in around the school with gravel which would take about fifty loads at thirty five cents a load. The water from the roof of the school on account of no eave trough has washed the sand away from the building and I think it would only be lost time and money grading up more sand to the building.

As to pointing the wall and repairing around the chimney I think it would

Take about four bags cement at sixty cents a bag and about two days labour at a dollar and fifty cents a day.

I would recommend a tile drain from the cellar out to a creek a distance of one hundred feet the cost of which would be about fifteen dollars and fifty cents.

I would also recommend ten window screens at a cost of three dollars and eighty cents also twenty five feet of foul air pipe and tripod at a cost of five dollars.

As to the hard wood flooring gotten out by the Indians there is not enough to do the school room and the present floor is not in very bad condition yet.

I would recommend leaving the school floor as it is at present and use the lumber gotten out by the Indians for the new kitchen.

I would also recommend that the fence posts and outside closets be painted which would require about three gallons of paint.

As to the appointing of a caretaker and small office the Chief has promised to let me know in a few days who would be a good man for the position and what salary he would expect.

I have to acknowledge the receipt of your letter of the 19th instant submitting an estimate of the cost of certain needed repairs, etc., at the West Bay School in your agency.

In reply I beg to say that you are hereby authorized to have the work as outlined done by the Indians under the direction of the Chief. It will be necessary, however, for you to visit the school once or twice during the time that the work is going on in order to see that it is being properly performed. The vouchers should show in detail the materials purchased with prices; the number of days of labour with rates of wages paid, which should be reasonable.

In this instance the Department would like to have a resolution of the Council authorizing the necessary expenditure. This resolution may be obtained after the work is completed and the exact amount known. You should, therefore, present the account to them.

You should be guided by the patronage list in making the purchase of materials for this work.

Sir. Some two months ago I told Mr Baxter the Indian Agent at Gore Bay to get a pipe made to go over the chimney for the kitchen at the school, it was blown down then. But it seems he never got an answer.

Now there is a cap on the west side of the kitchen and the roof of the school building itself is ten or twelve higher than the roof of the kitchen so when the wind blows from east or south the ^{wind} strikes against the cap or school building roof and the stove smokes so bad that the rooms are smelling of smoke now. Kindly inform the Agent to get one made or I could get one made as we have a *hissuta* in this Band

Sir,-

I beg to refer to official letter of April 4th, last, in regard to the furnishing of a pipe for the chimney of the kitchen of the West Bay School and to ask you to let the Department know by return mail what action you have taken in this matter.

As you are aware the teacher of this school is taking the second year's course at the Ontario Agricultural College and the Department wishes to provide every facility for experimental work at this school upon the completion of this course.

The soil is not very suitable for gardening here and it will be necessary to provide a few loads of black mud to mix with it. The teacher states that this was promised her last spring, but nothing was done. The Department must insist on its being done without any further delay. She also states that she purchased some fertilizers and that she has not yet been paid for them. The account for these should be forwarded.

I have to ask you to be good enough to obtain an estimate of the cost of a suitable woodshed and let the Department have a description of the shed. This must be erected within the next couple of months.

The teacher also asked for shutters to protect the

the windows when the school is not in operation and you should at the same time submit an estimate of the cost of these.

The grounds in front of the building require to be levelled and you should engage an Indian to do this during the holidays.

I have also to ask you to obtain at once an estimate of the cost of sinking a well, obtaining a price per foot for the digging and cribbing.

These matters in connection with this and the other schools in your agency are considered of supreme importance by the Department and in future more consideration of the interests of the schools and those connected with them will be looked for. In this connection I beg to refer you to official letter of May 20th, last, in which you were asked to forward vouchers for the fertilizers. It is understood that these accounts were given to you by the teacher and it would appear that they have lacked attention on your part. If all these matters are not promptly attended to serious notice will have to be taken of your neglect.

Gentlemen,

Acc

I wish to remind you that the cheque in payment of the term ended June 30th has not yet come, nor the cheques for the items already sent you through the agent. Mr. Baster.

During vacation the West Bay school house was visited by thieves as it happened last year; I do not know the extent of the loss: this news was given me by the West Bay chief.

I am going back to West Bay at the end of this week. I would be very grateful to you if you would send the cheques at the earliest date.

Two weeks ago the agent was notified of the delay of the cheques.

Madam,-

I have to acknowledge the receipt of your letter of the 26th ultimo, and in reply I beg to say that the Department has not received from the Agent the returns of your school for the June quarter. A cheque, however, is being sent you by today's mail.

With regard to the accounts for which you have not been paid, I would ask you to submit these direct to the Department. If you have paid the accounts send the receipts, when you will be reimbursed. The Department regrets the delay in your having these matters attended to.

On July 23rd the Department wrote the Agent with regard to a pipe for the chimney, providing black earth for the garden, estimate of the cost of a woodshed, shutters for your windows, levelling of the grounds and the cost of sinking a well, but up to the present time has not heard from him. As you are now at West Bay kindly let the Department know by return mail if you are aware whether any action has been taken by Mr. Baxter in these matters.

Extract from report of J. P. Finn, Inspector
of Separate Schools, on the West Bay School, dated
October 8, 1913. Original on 151727/6.

This school is very well kept and the teacher
deserves every encouragement. But, I believe, someone
is neglectful, for the teacher has not received anything
since March for money laid out in gardening, prizes and
care of school, etc. There is certainly little use in
preparing teachers for gardening and agriculture unless
they are assisted in preparing the grounds.

MEMORANDUM.

Mr. Pedley,-

Sometime ago your attention was directed to Mr. Agent Baxter's (Gore Bay) inattention to his duties. The quarterly returns for the West Bay and Sheshegwaning Schools *for the June 28* have never been forwarded, although placed in his hands at the end of June by the respective teachers. We have had, therefore, to make payment of their salaries without the usual voucher.

At both these schools there are other urgent matters requiring attention and at both of them also there are outstanding accounts which have not been paid. The teachers of both of these schools out of their meagre salaries have made payments direct for certain supplies and services and have not been reimbursed because Mr. Baxter will not forward the necessary vouchers for the Department to make payment. In the meantime the teachers have been asked to obtain receipts for the payments they have made and forward them direct to the Department so that payment can be made to them.

At West Bay a woodshed is needed. They have no well

well. Shutters are required for the windows, as the school was broken into both last summer and this summer. The grounds have to be levelled and prepared for gardening operations, as the teacher has taken two courses at the Ontario Agricultural College and wishes to give particular attention to this.

At Sheshegwaning the teacher paid for wood in the latter part of the winter and has not been reimbursed. Also an Indian named Wilson Samson did small jobs around the school for the teacher, for which she paid and has not been reimbursed. A well is much needed at this school and the grounds have to be fenced and, although the Agent was written to on July 22, last, drawing his attention for the second time to these matters, there has been no reply. The roof of the ^{new} school building is leaking and the furnace is not work properly. These are matters that should be attended to before the wet and cold weather sets in. In the spring also the teacher of this school sent in a requisition for certain ~~supplies~~ articles of furniture which it is customary for the Department to supply, but this has never been forwarded to the Department.

It would hardly seem possible to allow matters to go along indefinitely in this way and if the Agent will not attend

Gentlemen,

In the second week of September I wrote you in answer to your letter 151727/5 of Sept. 3rd, and gave you the list of the bills due. I wrote I would send duplicates if possible unless the agent would send the receipts himself as all bills had been addressed to him.

I reminded the agent of these bills and begged of him to forward them without delay. On the 22nd October he told me that all my accounts were sent to the Department. I expected all these accounts to be settled with those of September quarter, but as nothing has come yet, I think it prudent to complain of it, for I know that you would not suffer any such delay were you aware of it.

The care of the school (\$5 a quarter) has not been paid for the last three quarters: March, June, Sept. during that time the sweeping and the scrubbing had to be paid, as also the brooms, laundry soap and toilet soap the children use.

Gentlemen,

The strong wind we had on the 9th instant drifted the snow in the house over the roof, and it has been leaking for two days through the plastered ceiling. As there is no opening to go to the attic, I fear other storms will have the same result without our being able to remove the snow. If you would permit the cutting of a trap door through the ceiling I would have it done - and the opening through which the snow came in repaired.

I send direct to the Department the copies of the school returns for the June and September quarters as requested in your letter of the 8th instant no 151727/1.

I also enclose the accounts for the school care and the prizes for September, June and March, these last two being only part of the amount spent. During the summer of 1912, I bought in Toronto many things useful and agreeable to children. These I divided in four parts, giving a part each quarter and I bought at the Reserve store other articles to make up the sum of \$2.50. I have no duplicate of the Toronto bills.

I also enclose a bill for slates which were bought in May when the attendance came up to 35.

The garden and gymnasium expenses will be submitted to you as soon as I see the men who were paid by me for the work.

I have the honor to inform you in reply to Dept letter number 151727/S under date of July 23 1913-1914 that I have ^{now} Mr. McConnell a well driller and he is now drilling near West Bay and he will drill a well at West Bay school for the following price

\$2.75 per foot for drilling and casing the well

35¢ a foot for galvanized pipe and sucker rod, and \$17.00 for pump complete with cylinder

and he pays his board and all other expenses and it is impossible to have a well dug by hand as it is all quick sand and the only way to get a well is to have it drilled and cased, and Mr. McConnell could go to West Bay in a few days if the Department wished

August 29 1914

Sir,—

I have the honor to inform you that Mr. Mr. Cammell has told me that he thinks the only way to get good water at the West Bay Indian school is to put a windmill at a spring that there is close to the school and pump the water up in to the school. This is good water as they have always used it in the school for drinking and cooking. I ask him the probable cost of putting in a windmill and piping and storage tank every thing complete and he told me he would install the whole system for about two hundred and twenty five dollars ^{225⁰⁰} and I think that it is the only way in which to get good water for the school as we cannot get good water drilling for it.

Dear Sir,

The West Bay school has reopened yesterday with eight pupils only, twenty-seven children having not come back yet from the mills where their parents work during the summer months.

I had expected a woodshed would be built during vacation, I was disappointed not to find any for I was sure you had granted one.

If I take the liberty to write about it, it is because I find it a necessity. Last winter we had a very hard time to have dry wood; from January to the middle of March we had to use the ax to remove the ice from the wood that we had to dry after under the school stove and in the kitchen oven. I told Mr. Baxter about it, but very probably he has never experienced these little miseries. Summer vacation has little trials of another nature as an instance of these, out of the two cords of kindling wood to be used next winter only one cord remains now.
